Latest Picture of John D. Rockefeller.

(Journal Special Service.) Chicago, Jan. 8.—The trustees of the University of Chicago announce that John D. Rockefeller will endow the university with a large fund for pensioning superannuated professors. The endowment probably will amount to \$1,000,000. Acting President Harry Pratt Judson and Thomas W. Godspeed, registrar of the university and secretary of the board of trustees, made public the facts in regard to the proposed pension system. Dr. Godspeed declared the fund would "undoubtedly become a reality."

The Rockefeller pension system was announced immediately after the news that the university had been excluded from sharing in the benefits of the \$10,000,000 pension fund of the Carnegie Foundation for the Advancement of Teaching, on the ground that it was a denominational school.

# BAILEY PROBABLY VICTORIOUS

Texas Legislature Convenes to Elect Senator—Incumbent May Win.

(Journal Special Service.) Austin, Tex., Jan. 8.—The state legislature which is to name a successor to Joseph W. Bailey in the United States senate assembled today. The indica-

Senator J. W. Bailey.

tion is that Bailey will be re-elected, though, even in the opinion of his friends, he has most narrowly escaped political annihilation as a result of the exposure of his dealings with the Standard Oil interests. It is the consensus of opinion that if the exposure had come before the state primary was held it would have meant Bailey's defeat. But as it is there has been a noticeable weakening in the antagonism of many opponents who at first seemed dead set against him. This in no small way is due to the determination of party leaders to prevent a serious break in the rank and file. Moreover, the opposition has been unable to agree upon a possible successor to Mr. Bailey, in case of his defeat. All of these conditions have combined to favor Bailey's chances of re-election.

Aside from the choice of a senator the present session of the legislature will have enough business to keep its hands full until time for adjournment. Revenue and taxation are the two most important matters to come up for consideration. A readjustment in taxation

# Heart of the Tree Is Cut into Small Blocks

This is the method pursued by a prominent physician in his process of obtaining what is known to druggists and doctors as "Concentrated" oil of pine. After the heart of the tree has been sawed into small blocks, the vital juices are extracted by hydraulic pressure, and yield this wonderful curative oil of which a great deal has recently been written. It has proven a most certain remedy for lumbago and uric rheumatism. A splendid salve to be applied externally by mixing it with lard or vaseline. But for the quick cure of coughs and colds it has no equal.

For this purpose one half ounce of the Concentrated oil of pine is mixed with two ounces of glycerine and half pint of good whiskey. Must be well shaken and used in tablespoon doses every four hours.

It should be borne in mind that the real Concentrated oil of pine comes put up in small half-ounce bottles, each enclosed in a round screw-top case and sealed. This case is intended to protect the contents from the atmospheric changes. There are numerous imitations and "kiddie" products in wooden boxes also sold in bulk but owing to their impurities usual products vomiting and kidney disorders. The "Concentrated Oil of Pine" is found in the prescription department of every druggist.

# BORAH TO SUCCEED SENATOR DUBOIS

Republican Caucus of Members of Idaho Legislature Declares for Nominee.

(Journal Special Service.) Boise, Ida., Jan. 8.—W. E. Borah was made caucus nominee of the Republican members of the state legislature at a caucus held last night, at which the following resolution was adopted: "Resolved, That Hon. W. E. Borah be declared the nominee of this caucus for United States senator and that he

W. E. Borah.

be given the unanimous vote of the Republican members of the legislature for that office, at a time provided by law, for said vote to be taken."

There were no speeches. Mr. Borah was nominated by the Republican state convention for the position and this caucus formally ratifies that action.

In a statement Borah denies having agreed to work for J. H. Brady as successor to Senator Hayburn. He says: "The fact that Mr. Brady is here looking after my interests is not because of any understanding as to the senatorship two years hence. Such a thing would be ridiculous. Ever since the Pocatello convention Mr. Brady has shown entire loyalty to me as the candidate of the party for the senatorship, and he is here because he is generous enough to attend to the carrying out of the pledges of his party. There is nothing whatever in the rumor. As chairman of the state committee, Mr. Brady feels that his work is not finished until the senator chosen in the convention is elected."

# SIXTY THOUSAND PRICE OF COUNCILMAN'S VOTE

(Journal Special Service.) Pittsburgh, Jan. 8.—Councilman William A. Martin is on trial charged with bribery in the \$700,000 "graft" scandal in connection with the ordinance to give the Pittsburgh & Tube City Railway company an entrance into Pittsburgh. J. H. Mulholland, a civil engineer for the railway company, testified that he had placed a \$60,000 certified check in a safe-deposit box, which was to have been given to Martin, and was told by President C. S. Cameron of the Pittsburgh & Tube City railway, in Martin's presence, that the alleged bribe money was increased from \$60,000 to \$70,000 in order to get sufficient votes to pass the Tube City ordinance over the mayor's veto.

This \$70,000, according to Mulholland, was deposited in a safety-deposit box for Martin. Mulholland kept the key, which Martin later ordered him to return to Cameron, remarking that "the key had been trimmed again" and that the money was not there.

C. E. Richardson, a broker, testified that Martin had been bribed by means of the Tube City ordinance, which was turned over to Cameron, remarking that "the money was not there."

Gibson arrived here a month ago, represented himself as a United States detective who was investigating the affairs of Major Edwards of the Umatilla reservation, and charged Edwards with being made away with \$12,000.

# SUNDAY CLOSING BILL IS BEING PREPARED

## Ministers Will Ask Legislature to Put Stop to All Sabbath Amusements.

A Sunday closing bill is being prepared by a committee of the Northwest Sabbath association, working in cooperation with a committee of the Ministerial association of Portland. The proposed measure will provide for the closing of all saloons and places of amusement on Sunday and the partial closing of drug stores on the same day. The bill was first formulated by Rev. Joseph H. Leiper, field secretary of the

Northwest Sabbath association, and Rev. C. Nelson Allen of the Ministerial association. Rev. T. B. Ford was added to this committee at the request of the fathers of the measure, and the three have spent some little time in removing all possible defects from the construction and form of the bill. The measure will be introduced early in the session in the hope that it will pass quickly through the two houses before the crush of business catches it and perhaps smother it in some committee. A strong delegation of lobbyists will go to Salem to assist the bill in its passage past the signatures of the two presiding officers.
