## COFFEE ROASTED AT EARLY HOUR

Fire in Closset & Devers Green Milling Room Causes Thirty-Eight Thousand Damage.

## ELECTRIC WIRE IS BELIEVED THE CAUSE

Water in Hose Held by Firemen Freezes on the Fire Escapes—No Fire in Building Since Yesterday Afternoon.

Fire of unknown origin started on the third floor of the Closset & Devers coffee and spice establishment at Front and Ankeny streets this morning at 5:30 and burned for nearly two hours. The damage is estimated at \$38,000, fully covered by insurance.  
 The fire began in the green coffee milling room and was confined to the upper story and roof of the building. A. H. Devers, a member of the firm, said that there had been no fire of any kind near the room where the blaze started. The machinery in the milling room had been idle since 5 o'clock yesterday afternoon.  
 It is believed that the fire must have started from electric wires. In one corner of the room was found a place where a wire had burned out. Mr. Devers said that all the electric wires in their buildings were some over carefully and put in good order a few weeks ago, and approved by the insurance company.  
 The building in which the fire occurred is No. 7 North Front street. The entire building was soaked by water. The damage to the machinery is placed at \$8,000, damage to stock by fire \$15,000, and damage to stock by water \$15,000.  
 Members of the firm complimented the fire department for its prompt

work in extinguishing the blaze. "The firemen did splendid work," said Mr. Devers. "The fire was different from what we have had here before, and a cold wind was blowing that froze the water to ice on the fire escapes, making their work still more difficult."  
 Other dealers in spices on Front street offered the firm assistance until the damage to the roasting and milling departments can be repaired.  
 While fighting the fire on the third floor Lieutenant W. D. Heath stepped on a spike which was sticking in a board and sustained a painful injury. Heath was ordered home to have the wound dressed and was later seen around the engine house attending to his duties.

## NORTHERN PACIFIC MAY BORROW SIXTY MILLIONS

(Journal Special Service.)  
 St. Paul, Minn., Jan. 10.—The hearing on the temporary injunction sought by the state to prevent the Great Northern from issuing \$60,000,000 of additional stock has been concluded and Judge Hallam of the district court has taken the matter under advisement. The railroad claims the right to increase its stock at will under its original legislative charter, maintaining that the railroad and the warehouse commission has no jurisdiction.  
 The state argument is that the legislature can delegate the control of railroads to a commission and that this body is within its legal province in

seeking to stop a stock issue, unless an adequate reason for it is shown in a hearing before the commission.  
 If the issue is enjoined, Great Northern counsel say, the road will borrow \$60,000,000 in the open market and give negotiable paper, as it must have the money to carry on business and make improvements.

**Stabbs Sees Competition.**  
 (Journal Special Service.)  
 Chicago, Jan. 10.—In the Harriman investigation Traffic Manager Stabbs of the Southern Pacific testified that the stock of the Southern and Union Express companies. These companies have almost monopolized business in the southern states. He said all Harriman lines were keen competitors of each other.

## KELLY'S DECISION STIRS OREGON

Eugene Students Do Not Want Sprinter to Run Under Multnomah's Colors.

FRIENDS TRYING TO HAVE HIM CHANGE PLANS

There is Little Probability That Dan Will Refuse to Run for the Colors Under Which He Won the Championship, When the Time Comes.

(Special Dispatch to The Journal.)  
 University of Oregon, Eugene, Jan. 10.—While at Baker City, his home, Dan Kelly, who holds the world's amateur record for the 100-yard dash, stated that he would run under the colors of the Multnomah club of Portland on the Northwest team, which will go to the Jamestown exposition next summer. That statement has caused a great deal of talk here, for to some it looks like treachery to receive training under the "varity" banner, and then go to a club when the honors are to be won. On account of this everything is being done by Kelly's associates and Hayward, the "varity" trainer, to get the sprinter to reconsider his decision, and from the pressure which is being brought to bear upon the swift-footed youth, he will probably consent within the next few days to sign a statement as to what action he shall take next summer.  
 Kelly is well liked here, and if he promises to represent the university and go with the rest of the men who undoubtedly will make the team his popularity will be even more enhanced. For this reason and because it seems to be no more than right, little difficulty is expected in bringing the lightly-shod Baker lad around.  
 It can be stated upon competent au-

thority that Dan Kelly, if he competes at all at the Jamestown exposition, will compete under the colors of the Multnomah Amateur Athletic club of Portland, Oregon. Kelly made his great record while wearing the red and white of Multnomah at Spokane and it was Multnomah influence that assisted Kelly in getting the A. A. U. to accept his mark of 9 3/8 seconds for the 100-yard dash, so in the face of all those facts—and there are other reasons, too, it is quite reasonable to state that Kelly will remain loyal to Multnomah.

## WILLAMETTE STUDENTS CHOOSE NEW MANAGERS

(Special Dispatch to The Journal.)  
 Salem, Or., Jan. 10.—At one of the most important student body meetings of the year, held in the college chapel, the following managers were chosen: Football, Wallace G. Trill; girls' basketball team, Miss Theo Bennett; track team, Austin Price.  
 The most important measure passed was the recognition of baseball as one of the sports under the supervision of the student body. Baseball men in the past have been handicapped by the lack of financial means to carry on the sport, but under the new plan it will share part of the student body fund. Heretofore there has been much friction between the track and baseball teams, but with the new plan harmony will prevail.  
 A committee consisting of John Elliott, Vera Bartlett and A. G. Nace was selected to prepare amendments to the student body constitution.

## Basketball at Baker City.

(Special Dispatch to The Journal.)  
 Baker City, Or., Jan. 10.—Arrangements have been made by the Baker City High school basketball team for the opening game of the season, to be played in this city against the Weiser team Friday, January 11. Weiser is considered one of the strongest opponents of the Baker team. Three games have been played between the two schools, one in Baker and two at the Idaho town.  
**To Train With Giants.**  
 (Special Dispatch to The Journal.)  
 Pendleton, Or., Jan. 10.—Robert Kruger of Pendleton has signed with the Portland baseball team for practice. He was a member of the Pendleton team during the days of the Island Empire league and is one of the crack players of this section.

## UNION PACIFIC REPORT EVIDENTLY FALSIFIED

(Journal Special Service.)  
 New York, Jan. 10.—The Sun in its financial column says:  
 "Attention has been directed to the fact that the Union Pacific company's annual report for the fiscal year ending June 30, 1903, at which time 300,000 shares of Southern Pacific stock owned by the company had been sold on account of exigencies arising from the suit brought to test the company's right to own these shares, it is reported that the company is still in possession of the stock in question. As the matter stands, it is of course obvious that the annual report of the company was falsified, or that the sale of the stock was a fictitious transaction."

## JURY AWARDS DAMAGES FOR GIRL'S BETRAYAL

(Special Dispatch to The Journal.)  
 Salem, Jan. 10.—The jury in the case of Mrs. Luey Anderson against Earl Aupperle brought in a sealed verdict last evening which was opened by Judge Burnett this morning. The verdict granted the plaintiff \$1,000 damages. The plaintiff sued for \$10,000 damages for the alleged ruin of her granddaughter, Vietha Thurman, by the defendant. All the parties reside in Jefferson and the case dragged for several days.

## SEVEN MAY DIE FROM GAS SUFFOCATION

(Journal Special Service.)  
 Wheeling, Jan. 10.—Seven people who were overcome may die as a result of the sudden turning on of the natural gas supply in Martins Ferry, Bridgeport and Bellairs this morning after it had been partially turned off. The residents of these three towns had narrow escapes from suffocation and death through the fire, which broke out in several places throughout the town.

**To Investigate Bailey.**  
 (Journal Special Service.)  
 Astoria, Jan. 10.—A resolution signed by 35 members has been filed in the legislature calling for a searching investigation of Senator Bailey. This is regarded as the biggest political sensation Texas has had.
