

FORCE FEWER IN UNDER THE ICE IN THIS FAMILY THE COLUMBIA

Princess Odesolchi Wants Separation and Large Sum From Her Aged Spouse.

COURT DENIES PRAYER OF FASCINATING ROYALTY

Her Father Has Been Wedded Thrice, Divorced Twice and by Marriage Is Related to Many of the Leading Houses of Hungary.

New York, Jan. 21.—(A cable to the World from Budapest, Hungary, says: "Four years ago Princess Aikha Odesolchi, who at 20 was bewitchingly lovely, married an exceedingly wealthy Hebrew named Kover, after exacting a promise to bestow upon her \$50,000 should he ever need a separation. After 18 months the princess, whose train of admirers increased daily, applied for a separation, alleging Kover was cruel and faithless and demanded the promised \$50,000. Kover was obliged to yield to her and the case was thrown out of court. The princess carried it to another court, charging her husband with living with another woman under a false name, she was obliged not only to abandon the suit but to admit herself a perjurer. She had not scrupled to ask a woman of the highest social prominence to write a letter to her husband in the name of an alleged witness to his improprieties. The princess in court swore she found the letter among Kover's papers. She is allied with all the Hungarian aristocracy. Her father, Prince Arthur Odesolchi, in 10 years managed to wed three times and divorce two wives. In every instance his wife was chosen from the highest nobility in the land.

Portland Lord Sholto Douglass I. Valuable Spaniel, Drowned at Arlington.

STEARNSHIP COLUMBIA SUCCEEDS IN BREAKING THROUGH BLOCKADE AT WARRIOR ROCK.

ARAGONIA AND ROANOKE MAY GET HERE TONIGHT Chinook Wind Makes Ice Porous and Big Steamers Manage to Grind Their Way Slowly—River Steamers Begin to Resume Operations.

The steamskip Columbia managed to free herself from the ice blockade early this morning and reached Astoria at 9 o'clock, bound for San Francisco. Having been imprisoned in the ice for three days with 90 passengers on board, new supplies will be furnished her before she starts for the coast. The release of the Columbia came somewhat as a surprise, because it was thought she would not be able to get out until late this afternoon. Captain Dunham of the steamer Roanoke is making an effort this afternoon to bring his steamer to Portland. She has been at anchor off St. Helens since the ice blockade began with several hundred tons of freight destined for that port. Her passengers were brought here on one of the river steamers, taking the slough route. Captain Dunham telephoned his intention of starting for the ice Jan. 21 at 11 o'clock with the hope of working through during the afternoon. The oriental liner Aragonia has managed to free herself from the ice, but is still held a prisoner below the lighthouse company with the steamer Roanoke. The fact that the Columbia worked through it is supposed that the oriental liner will be able to set here this evening, although she will have to break through the ice for a distance of about five miles. The British steamer Crusader did not leave down this morning, as was intended, although she finished loading yesterday. Captain Millburn is of the opinion that it will be better to remain in the harbor until the ice breaks of its own accord than to try to force its way through it, although his vessel is large and heavily laden. The Crusader is now scheduled to leave down Wednesday morning. Some of the river steamers tied up by the freeze-up are again in commission. The steamer Beaver left for Oak Point and Enola this morning for the first time in a week. She was scheduled to sail last night, but got away at 1 o'clock this morning from the foot of Davis street. Tomorrow morning the steamer Cochama of the O. R. & N. fleet will leave for Astoria, it having been decided to send her by way of the slough route. The steamer Diamond O left Couch street dock early this morning to take the preferable freight from the steamer Alliance, which reached St. Helens yesterday. The Alliance will likely sail for Coos bay from St. Helens without coming to Portland at all this trip. The Regulator line expects to have its fleet of steamers in regular commission on the upper Columbia route by Wednesday morning.

ESTABLISHES NEW LIGHTS

COLONEL ROESSLER REPORTS IMPROVEMENTS IN PUGET SOUND WATERS.

Colonel E. W. Roessler, United States engineer, returned last night from Puget sound, where he spent all of last week looking after the aids to navigation. He reports having accepted the new light station at New Dungeness, and having selected a location for a new light for a lighthouse to take the place of a buoy formerly maintained there. Edith Hook is on the strait of Juan de Fuca and the light will prove of great value to shipping. Colonel Roessler made the tour on the tender Columbia. The weather, while cold, was ideal for the trip, because it was clear and the sea smooth. After landing the colonel selected a location for the lighthouse in the vicinity of Willapa bay, after having searched for a gas buoy that drifted from the mouth of the Columbia the other day. The Heather has been exceptionally busy this winter looking after buoys, because a number of them were carried adrift during the severe storms of November and December, and now the ice is playing havoc not only with the beacon lights, but also the buoys. Nearly all the lights along the lower Columbia have been carried adrift and a number of them may never be recovered again. Captain Werlich, inspector of this district, will have his hands full getting the lighting system into shape again after the ice has drifted away and he will probably call for the use of the new tender Armeria which reached San Francisco a few days ago from New York.

ELLERS GREAT CLUB SALE OPENS—MOST IMPORTANT EVENT OF KIND EVER UNDERTAKEN BY ANY AMERICAN FIRM.

CLUB MEMBERS SECURE \$325 PIANO FOR \$137, AND \$550 PIANOS FOR \$368, WITH PROPORTIONATE SAVING ON ALL GRADES IN BETWEEN—CLUBS OPEN TO EVERY ONE, IN TOWN OR OUT OF CITY.

Eillers Piano House has established the reputation of doing big things, in a big way, but their latest venture, the inauguration of five cooperative piano-buying clubs, which were opened this morning, promises to eclipse all their previous efforts, and is undoubtedly one of the greatest piano-merchandising undertakings ever attempted by any piano firm in America. Full particulars of this great Cooperative Club sale were announced in Sunday's papers, and the immediate response, first-thing this morning, both in the number of interested piano-seekers who thronged the store and in the large mail from out-of-town parties, prove that the event has awakened widespread interest. Nearly 500 pianos offered. The immense number of four hundred and eighty-nine pianos, consisting of the surplus stock of Eillers Piano House, has been divided into five clubs, each club including a different grade of instruments, prices ranging from \$137 upward, and representing a saving of from nearly a hundred dollars on the lowest cost pianos to over a hundred dollars on the more expensive lines, from the prices usually charged by the average dealer through the country. The saving to club members represents 25 per cent of the usual profits, as well as many thousand dollars, which would otherwise be necessary under ordinary conditions. Pianos ordinarily listed at \$550 can be secured by club members for \$368; \$475 pianos for \$307; \$400 pianos for \$278; \$325 pianos for \$251; \$175 pianos for \$137, and \$25 pianos for \$19, and in addition to these there are other at in-between figures. Easy Terms for All. Terms range from \$7.50 down and \$12.25 a week to \$23.00 and \$3 a week, so that every one who longs for a piano can easily meet these liberal requirements. Eillers Piano House carries the largest and finest line of pianos represented by any dealer in the country, and the foremost makes in the world are to be found in this great club sale. The expression of delight which were heard from some of the early comers serve to indicate the degree of satisfaction with which the sale is being received by piano music lovers. Beautiful instruments in the handsomest art cases are offered now at a price that usually means a sacrifice of an equal grade piano, and a really good instrument is now offered for so little money that it is really cheaper to buy than to rent. Clubs Open to All. Each club member joins, selects his piano and arranges his payments entirely separate from any other member, and receives his piano at once, without any waiting. There is no real time, no delay, no initiation or admission fee. The number of pianos in each club is limited, and when all have been sold the sale closes. The sale is open to both in-town and out-of-town residents.

Most Sensational and Greatest Sale of AUCTION LACES

Ever Held in Portland. A Million-Yard Purchase, Bought at 20c on the Dollar, and on Sale Tomorrow at Prices that Give You Three, Four and Five Yards for the Price of One

Brown; No. 19, Lawson Beecher; No. 20, vacant; No. 21, L. D. Kelly; No. 22, Harvey Fisher; No. 23, Thomas Stump; No. 24, Frank Raymond. 25th supervisor gave a bond in the sum of \$400.

HAS MONEY, WANTS TO SPEND IT, BUT CAN'T Klamath Falls, Or., Jan. 21.—Sheriff Olinchinn has been elected by the city council to the vacancy in that body caused by the resignation of Frank Ward, who has gone to California for the winter. The council's levy of an 8-mill city tax has been rejected by the county court because it was not made before January 1, as required by law, and which provision the council was unable to fulfill because of the absence of three members, making a quorum impossible. This will work a hardship, as the limit of indebtedness has been about reached and improvements, including a sewerage system, were to be made the present year, all of which the increased valuation of taxable property from \$255,450 last year to \$198,342 this year made possible. The levy made this

Oaks Rink, Tonight Six Days Races First race of the big meet will start at 7:15 tonight with general skating before and after the races. Races run 30 minutes each night. Skate, race every afternoon. Don't miss a night. Pick your winners tonight. Admission 10c. Skating 5c.

WASHINGTON'S WHEAT MEN TELL WHAT THEY WANT

Ask Legislature to Aid Hybridization Efforts—Grain Bag Question.

Garfield, Wash., Jan. 21.—Senator R. C. McCroskey, the wheat king of the Palouse country and pioneer of hybridization, attended the grain convention at Pullman and was again elected president to succeed himself. The legislature was urged to enact a law for the destruction of "Jim Hill mustard," a highly toxic and noxious weed. A bill for this purpose was drawn and sent to one of the Whitman county representatives. Due attention was given the smut question, demonstrating the great loss from it and means of prevention. The grain bag question was duly ventilated, which resulted in the passage of resolutions recommending that the pentennial authorities sell bags to grain raisers of that county approximately in proportion to the grain raised in it, urging congress to abolish the duty on grain bags and urging farmers to handle their grain in bulk as soon as conditions permit. The legislature was memorialized to grant an appropriation to the state college for grain hybridization experiments. It is Senator McCroskey's opinion that by hybridization the yield of grain per acre can be increased in the next 10 or 15 years 25 to 30 per cent, adding this to the profit without an increase in expenses. A committee was appointed to report to the next convention a plan for improving various of grain, so that if the legislature fails to make an appropriation the Wheatgrowers' association may enter upon this work. The executive committee is formulating a plan whereby every wheat farmer of the state will be solicited to join the association.

Divorce Suits at La Grande. (Special Dispatch to The Journal.) La Grande, Or., Jan. 21.—Lottie B. Mangera has filed for a divorce from Leonard Mangera, alleging desertion. Rosa Dearlove wants a divorce from John Dearlove. She alleges that he has deserted her and that he is an habitual drunkard.

FRANK L. SMITH MEAT CO. 226-228 ALDER ST., BET. FIRST AND SECOND

Portland is the only city in the United States where you can buy, during the winter months, choice, fresh, healthy, delicious grain-fed meats as low as 5c per pound, and SMITH is the only butcher in Portland who is serving this choice, cheap meat. It is because SMITH is an independent wholesale butcher. He buys his livestock direct from the growers. He prepares them for market in his own city abattoir. He is

"FIGHTING THE BEEF TRUST"

Beware of those beef trust markets with their high prices, their false weights and their tricky deals. Continue trading with Smith, because he has stood by the people.

FIGURES SHOW INCREASE

Government Issues Report on Shipments of Breadstuffs for Year. According to the annual statement issued by the department of commerce and labor, the United States shipped a great deal more breadstuffs in the year 1906 than in 1905, the total value of the shipments last year being \$146,482,222, as compared with \$146,107,833 during 1905.

As a wheat shipping port Portland holds third place. New York and Galveston leading. New York shipped 18,913,496 bushels, Galveston 15,381,021 and Portland 8,478,807. The three Puget sound ports combined shipped 7,795,187 bushels. All told, the United States shipped \$2,948,424 bushels of wheat, the total value of which was \$49,134,716. The flour shipments were 14,261,115, the total value of which was \$55,128,498.

ALONG THE WATERFRONT

The British steamer Afric Monarch, which was chartered last week to load wheat, flour and general cargo on Puget sound for the orient, will probably be given part of her cargo here. The schooner Berwick shifted back to Couch street dock this morning, since it was learned that the Alliance would not be there this trip. The Berwick will probably leave for Coos bay and Rogue river in two weeks from today. Captain J. J. Reynolds of the Charles P. Beobe Shipping Supply company came

BEWARE OF "DIGESTIVES"

The Only Way to Cure Stomach Disorders is by Strengthening the Digestive Organs.

The ordinary pepsin tablet has ruined more stomachs than all other causes combined. While it gives temporary relief, it leaves the digestive system weaker than ever, and the tablets may be continued with increased frequency. The only way to permanently cure stomach troubles is by strengthening the digestive organs with a M-I-O-N-A stomach tablet taken before meals. In this way the remedy prepares the stomach for the food and excites the secretion of gastric juices, which in the food is eaten, the stomach is prepared to digest it. If M-I-O-N-A is a more digestive, it would be taken after eating, so as to mix with the food, but then permanent relief would not be gained. M-I-O-N-A stomach tablets are sold only in a neat metal box, convenient for the purse or vest pocket, and cost but 50c. We absolutely agree that your money will be refunded should you buy a 50c box of M-I-O-N-A stomach tablets and not be satisfied with the results. M-I-O-N-A is sold by druggists everywhere, or will be sent by mail on receipt of price, etc. Write today for a free sample package, and also give us your symptoms, and one of the best known stomach specialists will give you our case his careful and personal attention without charge. Booth's M-I-O-N-A Company, Buffalo, N. Y.
