

CHILD HEROES SAVE LIFE OF BABY GIRL

Chester and Victor Bump, Aged 6 and 4 Years, Rescue Marcelle Villiger, Aged 2, From Death by Drowning—Lads Are Now the Pride of Forest Grove.

VICTOR BUMP CHESTER BUMP MARCELLE VILLIGER, WHO WAS RESCUED.

MARCELLE VILLIGER, WHO WAS RESCUED.

(Special Dispatch to The Journal.)
Forest Grove, Or., Feb. 11.—Everyone is singing the praises of two boy heroes, Victor and Chester Bump, aged 4 and 4 years, respectively, who risked their lives that Marcelle Villiger, their infant playmate, might live.

The boy heroes are the sons of C. L. Bump of this place, and the little girl whose life they saved is the 2-year-old daughter of Henry Villiger, also of Forest Grove. The children are fast friends and were playing together Friday afternoon.

The little ones were playing beneath the Villiger house, where a five-foot excavation has been filled with water from the recent floods. The little girl accidentally fell into the water. She uttered a piercing scream as she fell, which, however, was not heard on the floor above and failed to alarm persons in the house.

But the lads, her playmates, rushed quickly to her rescue. With rare presence of mind, Chester, the elder boy, lay prone upon the bank and tried to reach the drowning girl. She sank beneath the water when she fell, but presently rose.

The boy seized her firmly as she rose and tried vainly to drag her from her perilous position. His childish strength failed, however, but he clung tenaciously, holding her above the water. Holding her there, he directed the younger brother to call for aid.

Rushing quickly into the house, the child found Mrs. Villiger and breathlessly tried to tell her of the danger. Barely able to speak intelligibly even in his calmest moments, and now frantic with excitement, the child was unable to make Mrs. Villiger understand. She proceeded with her duties and told the child to run along and play.

Realizing that he could not make her understand, and also realizing that his brother's strength must soon give way, he dashed out of the house in search of Charley Tennis, the hired man. Finding him, he made him understand, and the man hurried into the basement.

There he found the other little boy still holding the baby above the water, but his strength was almost gone. The child was lifted from the water and taken into the house, where her mother was almost overcome on learning the story.

The baby girl, after her heroic rescue, was purple with cold and almost drowned. However, she was revived and recovered, though she suffered intensely from the shock.

The little boy heroes thought nothing of their deed, merely telling how it was done and proffering any aid in their power to help the little girl.

Their bravery is without precedent, so far as is known, and they are receiving the congratulations of the entire community, and neighbors will take up the matter with the Carnegie hero-fund custodians with a view to the children receiving medals.

C. L. Bump, father of the boy heroes, conducts a store near the railway station here. Henry Villiger, father of the little girl, moved to this place from San Francisco several years ago and built the Colonial hotel, which is conducted by him.

TELEGRAPH TRUST FACES STRIKE

Operators in Chicago on Western Union Demand Reinstatement of Men.

MEMBERSHIP IN UNION IS PUBLICLY ANNOUNCED

Increase of Ten Per Cent in Pay Demanded of Company—Petition Signed by Seven Hundred Employees Ignored by the Officials.

(Journal Special Service.)
Chicago, Feb. 11.—Open defiance of the Western Union Telegraph company was voiced at a mass meeting of employees held in Musicians' hall, 151 Van Buren street, yesterday. More than 300 operators were packed in the hall and many of them favored calling an immediate strike unless men who have recently been discharged for joining the union are at once reinstated.

Resolutions publicly announcing membership in the Commercial Telegraphers' Union of America were adopted by the operators and the executive committee of the union was instructed to notify the company that continuation of its discriminating attitude would be resented.

President S. J. Small and Secretary Wesley Russell of the national organization attended the meeting and urged the men in the local office of the Western Union company not to take hasty action until the union was ready to act in all large cities. President Small said at the meeting that the operators in 12 cities had joined the movement and that if a strike were declared it would not be confined to Chicago.

The first demand to be made will be for the reinstatement of men discharged and in addition the operators will insist on having an answer to the request they made two months ago for an increase of 10 per cent in pay. This petition for an increase was signed by more than 700 employees in the Chicago office and forwarded to R. C. Clowry, president of the company, at New York.

The petition was ignored, according to the employees, and they declare that the time has arrived when they must assert themselves.

JOE NIPPER ARRESTED ON CHARGE OF MURDER

Found in Surveyor's Camp Near Chehalis Under Name of A. Meeds.

(Special Dispatch to The Journal.)

Chehalis, Wash., Feb. 11.—Sheriff Edward Deggeiler made an important capture Saturday night on Lincoln creek in the arrest of Joe Nipper, who is wanted on the charge of murdering Edward Bradley at Toledo, Ohio, September 19, 1905.

Nipper has for some time been working in the Union Pacific surveyor's camp up Lincoln creek, west of Centralia. He was engaged in a game of cards at the time of his arrest.

Nipper has been going under the name of A. Meeds since working on the survey, and when the sheriff inquired if Meeds was there he suggested that there were other men of the same name thereabouts.

He professes ignorance of the whole affair and says there must be some mistake about it.

Sheriff Deggeiler has a message stating that the sheriff of Lewis county, Ohio, S. B. Chambers of Columbus, is on his way here already after Nipper.

PLACE WHERE FROST LETS ORCHARDS ALONE

(Special Dispatch to The Journal.)

Klamath Falls, Or., Feb. 11.—E. W. Tower, near Peter's Landing, three years ago planted a few apple trees on his claim, which is remarkably free from frost, and the growth has been so favorable that he will plant 1,000 winter apple trees this spring. One tree planted three years ago is 12 feet high with a spread of six feet and the trunk is one and three quarter inches in diameter. He successfully grows cucumbers, sweet corn and other tender vegetables and has planted potatoes the middle of June which fully matured before frost, which comes there six weeks later than in some nearby sections.

This is one peculiarity of this country, that there are many sections throughout the county where fruit can be grown successfully and the marvel is that more trees have not been planted before.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 25th St., New York says in this letter:—Dear Mrs. Pinkham:—I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

NO DAMAGES FOR HER DISGRACE

Second Jury Disagrees as to Mrs. Katherine Huntsman and Broker Eckerson.

ANOTHER SUIT WILL BE BROUGHT, HOWEVER

Woman Who Borrowed Money Was Forced to Pay Forty Dollars for Negotiating Loan and 5 Per Cent Per Month in Addition.

For the second time a jury in the circuit court has disagreed on the question as to whether or not Katherine Huntsman is entitled to damages for false prosecution at the hands of R. I. Eckerson, a money broker. After being locked up for 24 hours jury number 2 was discharged yesterday morning. Nine of the 11 men voted in favor of damages; two stood stubbornly for a verdict for the defendant.

Had the nine prevailed over the two, however, the victory of Mrs. Huntsman would have been an empty one, for the jurymen themselves say that the nine were only in favor of awarding nominal damages, the sum agreed among them being \$50. This amount was paid because the law provides that when the damages are \$50 or more the defendant must pay the costs, and the nine jurors wished to compel Eckerson to pay the costs.

MONKS IN FIGHT

(Continued from Page One.)
The chief scapular of the Franciscans, a warlike old monk, whose face is scarred from previous encounters of a similar nature, fought valiantly, but finally sank down with his head covered with wounds. Another scapular had his skull smashed in with a heavy censer.

Finally the Franciscans expelled their rivals from the chapel. All the holy vessels and lamps were broken and the altar cloths were stained with blood. The Italian consul at Jerusalem has begun an inquiry.
