

# STAR WOULD PARTICIPATE

## Olympic Club May Decide to Come into the Tri-Club Meet.

### BEST MEN IN WEST WOULD BE IN ACTION

#### Proposition Is Being Considered by the Olympic Directors and if Action is Favorable a Great Array of Athletes Will Visit Portland.

At a recent dinner of the Olympic club members of San Francisco, the question of holding a field and track meet with the Multnomah and Seattle Athletic clubs was favorably discussed.

George James, who has recently returned from Portland, appeared before the board and asked that the club arrange a track and field meet for the coast championships, in conjunction with the Multnomah Athletic club of Portland and the Seattle Athletic club.

The directors decided that at the present time when the club is devoting all its energies to getting its new building in readiness for the members, it would not be wise to spend much money in sending a team to Portland, and a committee consisting of John Elliott, T. Fitzpatrick and Max Rosenfeld, was appointed to communicate with the northern club and ascertain what the cost of sending a team from this state would amount to.

In case arrangements are completed the team will be representative of California, and will go north under the auspices of the Olympic club. The committee will report to the next meeting of the board.

In the event the negotiations which are pending between the Olympic club of Portland and the Multnomah Athletic club of Portland are completed and a coast championship track and field meet in the Oregon club grounds this summer, the championship of the coast will be decided for the first time.

Such an event would settle many questions of supremacy which have been discussed by the followers of the athletes for some time. The most interesting of the meetings would be the race in the sprints, in which it is probable that California would be represented by Snelberger of the University of California, and Oregon would have Dan Kelly, the holder of the world's amateur record of 9.5 seconds.

Parsons has been out of the game for a couple of seasons, but in the intercollegiate and showed speed in the intercollegiate of the college in the south which were held last month. At the 1905 American championships held in Portland on August 4 of that year, Parsons won the 100 yards dash in 14.5 seconds, beating Gerhard of the Olympic club, who ran 15.5 seconds.

# PRESS OPINIONS

## ON THE CURABILITY OF BRIGHT'S DISEASE AND DIABETES.

"From recent developments in San Francisco and from confirming facts in this city it is evident that not alone relief but a permanent cure of both these dreaded diseases can now be effected."—The Journal of the Pacific.

"A representative of the News has just returned from San Francisco. ... Concerning Bright's Disease has been found, he saw personally a number who had recovered and were back fully convinced."—The Astorian Daily News.

"Future history will record this decade as marking the first definite control of Bright's Disease and Diabetes. ... The obscure but lamented Ford will be indelibly connected with it."—Portland Monthly Magazine.

"That chronic Bright's Disease and Diabetes, deemed fatal the world over, are now cured by the compounds discovered in San Francisco by Patton is being established here as well as in California."—Buffalo Daily Times.

"Many broad physicians are using the new formula, but the fact that medical studies present them from proclaiming the discovery to the world because the formula is the personal property of individuals in this instance practically amounts to public charity."—Town and Country Magazine, San Jose.

"My own deliberate opinion is that a perfect cure for Bright's Disease and Diabetes has been at last discovered."—I believe it to be the duty of every lover of his kind to spread this good news and thus help save from death thousands of the agonizingly afflicted from these diseases."—Rev. W. S. Urmey in the California Christian Advocate. (The Rev. Urmey was named by the Christian Advocate to investigate these compounds. After a week of careful investigation he wrote the above to the Advocate.)

"There is in this city a remedy for Diabetes and Bright's Disease which has put several of our dying fellow citizens on their feet. Its name is not a secret, but it is a secret that will save many a fair-minded man."—Honolulu Daily Advertiser. (The above is from an editorial on medical legislation. A reader writes for the name; they replied: "Patton's Compound." He sent us the fact with a copy of the editorial.)

"The above brings to mind the case of J. H. Gyseler of this city and irrepressibly leads me to believe that the cure has been found. He was in the last stages and was told his days were numbered, but he is back as healthy as a horse."—Cal. Daily Times.

"It is amazing that in this intelligent age there should be so many who do not know of Bright's Disease and Diabetes and yet few know of it."—Let it be recorded that those diseases with cure and speedy treatment are not a certainty."—This item is not written by a subordinate but by the editor of this publication, and I speak by the word of the Pacific Monthly, Pacific Coast Monthly, Journal.

"If the question of the curability of chronic Bright's Disease was asked in the Supreme Court hundreds of citizens of this city, including capitalists, professional and business men could go into the witness box to swear to their recoveries and among them would be the editor of this publication."—San Francisco Wine and Spirit Review.

"The publisher knows of two cases in which permanent cures have been effected and of two others who had abandoned hope and are now regaining their health. This statement is made solely with a view to helping such people as may be afflicted with Bright's Disease and have despaired of recovery."—Lynn, Cal. Herald.

"I feel that I am in duty bound to let your readers know of this thing. ... If I have in my charge one who is afflicted with this thing, I do not know how to help my fellow man. I do not know the petty who puts up these compounds, neither do I know anybody connected with the institution. ... I do know, however, that they will help the human family."—Matt Hays, Vice-Presi. Fan Arakale Harris Lumber Co. of San Francisco, in American Landowner of Chicago.

"This is not too good to be true. The cure is here. We feel for the thousands who have them in stock. There are two distinct treatments, one for Bright's Disease and one for Diabetes. Full directions on application."—Get your drugist. Druggists supplied by C. W. Woodward Drug Co., wholesale druggists, Portland, Oregon.

# M'MILLAN HEADS MULTNOMAH

## Well-Known Football Player is Chosen President of the M. A. A. C.

### PREDICTS BIG YEAR FOR THE INSTITUTION

#### New Members Are Sworn In and H. C. Campbell is Elected Vice-President, Arthur O. Jones Treasurer and J. S. McCord Secretary.

George W. McMillan was chosen president of the Multnomah Amateur Athletic club last evening at the first meeting of the new board. H. C. Campbell was elected vice-president.

The original proposition was made by the Multnomah club of Portland. Committees are already negotiating for the carrying out of the scheme.

The original proposition was made by the Multnomah club of Portland. Committees are already negotiating for the carrying out of the scheme.

The spring tournament teams bowled on the Oregon alleys last night. The first appearance of the following four teams: Chinooks vs. Columbia and Parks vs. Nonpareils. The teams are so evenly matched the contest affords considerable interest among the spectators.

The high average of the evening was made by Ambs, 178. Swartz rolled the highest single game, 202. The Parks took three straight games from the Nonpareils, who were a man short; 100 pins a game was allowed them, according to the rules of the association. The Columbia took two games from the Chinooks by small margins. The scores:

COLUMBIAS.

# HANDICAP SINGLES IS NOW ON

## First Indoor Tennis Tournament in Portland to Be Played at Fair Grounds.

### ENTRY LIST INCLUDES TWENTY-ONE PLAYERS

#### Practically All the Foremost Racket Experts in City Will Compete—Handicapping is Well Done and Interesting Matches Should Result

Portland's first indoor tennis tournament will be participated in by 21 players, the list including practically all the best-known racket wielders in the city. The entries closed last night and the drawing made immediately.

The tournament, which is a handicap singles, will begin at once, and will be played at the courts in the Liberal Arts building at the fair grounds. Until the completion of the first round the players will be expected to arrange their own matches to suit their convenience. No defaults will be registered until one week from next Sunday, but the contestants will be expected to finish their preliminary round and first round matches before that time. This will leave but eight men in the tournament and all but the finals can be finished a week from Sunday.

The handicap committee seems to have done its work well and the tournament should be closely contested. Walter Goss, the state champion, will travel under the heaviest weight. He will owe 30. Isbrandt Wickersham will owe 15. Dan Bellinger will owe 15 and F. Andrews and J. K. Turner will owe 24. These are the only five men who will play below scratch. At scratch are three men—Rohr, Benham and Ewing. At receive 5-6 are three—Rosenfeld, Farrell and Gilbert. At receive 15 are 16—McMillan, Webb, Cole, Amos, Mackie, Katz, Berry, Kahn, Thorne and Nunn.

The drawings resulted as follows: Preliminary round—Bellinger vs. Rosenfeld, Ames vs. Mackie, Katz vs. Farrell, Berry vs. Gilbert, Kahn vs. Amos, Thorne vs. Nunn. First round, upper half—McMillan vs. Goss, Benham vs. Webb. Dole plays the winner of the Bellinger-Rosenfeld match. First round, lower half—Ewing vs. Turner, Thorne vs. Wickersham, Rohr vs. Nunn.

The first business of the board after the election of officers was to grant absence, while he and his bride are enjoying the sunny land of Cuba. The temporary committee, McMillan, Murphy and Dunne, made its final report on the preliminary arrangements of the society circus, and a permanent committee, composed of J. C. Muebe, chairman, Irving Rohr and C. N. McArthur, was named to work in conjunction with the representatives of the Third infantry, O. N. G.

Manager George Eastman of the Multnomah club's baseball team, went before the board and explained his connection with the so-called city league. It has been reported that Mr. Eastman was one of the organizers of the league but his name was mentioned without his consent. At his request the board decided that the club baseball team would meet only as a team for the season. Exhibition matches with professional teams will be allowed when no admission is charged to the contest. Matches will be arranged with Oregon, Williams, O. A. C. Columbia and such other clubs that are known as amateurs. This settles the considerably discussed proposition which was first mentioned in The Journal on Sunday last, when the only possible solution of the same was prominently explained.

Bright Future for Club. In speaking of the future policy of the club, President McMillan says: "I look for a most successful year for Multnomah. The policies of our predecessors which redounded to the glory and financial success of the club will be continued. All that I wish is for every member to put his shoulder to the wheel, and do his share and satisfactory results will be guaranteed in advance. The indebtedness of the club could be wiped out inside of two years if the club would issue bonds to be purchased by the members, and paying a fair rate of interest. In this way the debt could be easily wiped away and for performance the individual members would benefit accordingly."

Mr. McMillan is Multnomah's greatest football player, having coached, captained and managed the team during different seasons, and bringing success and glory to Multnomah's colors. He is a hard worker for the club and is one of the most versatile athletes ever turned out of the institution. The elections last evening were unanimous. The appointment of the committees, indoor, outdoor, house, billiard, bowling, social, handball, tennis and bath, will be made within a short time.

The Multnomah club's baseball league, containing such teams as the "Little Potatoes" and other kindred appellations, will soon be organized. Those recalling the interesting contests of last year are already preparing for the coming match. The club will present the winning team with a beautiful emblem.

At Los Angeles. Los Angeles, Feb. 15.—Results of races: Four furlongs—Creston won, Kismet Jr. second, Miss Ruth third; time, 0:49.

Six furlongs—Don Domo won, Gold Field second, Platoon third; time, 1:12 1/2.

Five furlongs—Elmdale won, Kamack second, Banlata third; time 1:02 1/2. Taos finished first, but was disqualified for fouling and placed last.

Five furlongs—Elmdale won, Kamack second, Banlata third; time 1:02 1/2. Taos finished first, but was disqualified for fouling and placed last.

At Hot Springs, Ark., Feb. 15.—Oaklawn race summary: Three and one half furlongs—Orphanus won, Bounding Elk second, C. R. Shilling third; time, 0:43.

Four furlongs—Colonel Bob won, Ida May second, Workday third; time, 0:48 2-5.

Five and one half furlongs—Reine Regente won, Lintile second, Dunker third; time, 1:39 2-5.

Six furlongs—Raubert won, Dr. Mark second, J. D. Dunn third; time, 1:15.

Five and one eighth—Belden won, High Bird second, Cursus third; time, 1:24 4-5.
