

WILLIE'S MECHANICAL PIANO PLAYER WAS A WONDER

Dear Tommy—This is an automatic piano player I have just built.

I pumped up the air pump and put in a Nocturne by Chopin.

It played beautifully, and Papa was delighted.

Then he wanted some Wagner music, and I turned on Tannhauser.

But Papa got too much pressure on. Say, Tommy, you should have seen those fingers chump the keys!

It just about wrecked the piano, and Papa gave me a scolding. Yours, Willie.
