

McCREDIE VISITS MR. DUGDALE

Vice-President of Coast League Takes a Brief Trip to the Sound City.

PURELY BUSINESS TRIP, SAYS HIS HONOR

Northern Scribes and Fans See More in Conference Than Either Mag- nate Is Willing to Divulge—Play- ing Season Drawing Very Close.

The close approach of the baseball season, the firm stand taken by the league, the passiveness of the magnates of the Pacific Coast league in California and the present trip of Vice-President McCredie to Seattle, tend to add more than personal interest in Judge McCredie's conference with Dugdale in Seattle this week. The judge has been very reticent of late regarding the probable plans of the league and, consequently, everything done by him will be closely scrutinized. Here is what the Seattle Post-Intelligencer says:

"Personal business was what brought Judge McCredie of Portland to Seattle. At least that is how the judge explains his presence here. He has been down in Olympia trying to secure an assistant and his official duties in Clark county and dropped up to Seattle for a few hours.

"He just happened to run across some of the fans and naturally the judge is too good a sport to lose a chance to talk baseball.

"Dugdale was one of the local men whom the judge encountered and the two magnates had a heart-to-heart conference. While they talk loud and blareney to the press, the magnates of baseball are great personal friends, and neither of them is anxious for a war.

"McCredie says that Dug is the only logical manager for Seattle, and he started to agitate that among the Coast league directors over a year ago. He even came up to see Dug about it and when the fat fellow acknowledged that he was not going to get back into the game, the Portlander went back to the Coast directors very jubilant.

"When telling the story, McCredie smiles at this point and exclaims, 'and now the heartless beggar has come and declared war on us after I got him back into the game again. Oh, no, those California fellows don't forget the fact that I got Dug back into the game, and they won't forget that the Coast league will not have a regular Seattle team this year, although one or two games will be played here to retain the territory.

"The judge is full up with Coast league enthusiasm and naturally cannot see any other league, and he is rather anxious to have the people of Seattle, Vancouver and Spokane compare the class of ball played by the two leagues. He would like to reach an amicable arrangement with the Northwestern league over the Seattle territory and then arrange so that the two leagues could meet in a friendly way once in a while. That is, say that San Francisco was playing Portland in Portland, and Vancouver go on to Portland and play the Coast league while the Seals could come up to Seattle and play Dug's tribe.

"There are so many men signed up with the Portland team this year that if peace reigns between the two leagues the Portland man is not averse to letting his old friend Dug have a few of them. The judge seems to be worried that the Seattle man may not be able to get a team. But on one point the judge is not wrong. The judge has no fear of the Seattle manager paying high outlay salaries to get the star men of the competing league. McCredie says Dug is too good a manager to pay a player more than he is worth.

"Down in San Francisco things promise to boom this year. McCredie tells of \$40,000 which is to be expended for a ball park and mentions the enthusiasm in Los Angeles and Oakland. The probability is that Fresno will be dropped and the Coast league consist of Portland, Los Angeles, San Francisco and Oakland. Practically continuous ball could be given San Francisco and the prospects are that the teams will pull out \$1,200 to the good every week in the Golden Gate city this season. McCredie does not think that the loss of Bert will affect the league in any sense. Bert had not been altogether popular with a certain section of the fans in the south, and his loss will not be felt."

SPLENDID SCORES MADE ON OREGON ALLEYS

The Commercial Club teams practiced last night on the Oregon alleys. The No. 1 team winning with 152 pins to spare. Their total of 2,813 pins for the three games. If duplicated at Denver, should bring home the money. The captain of the team hit the best games, Harbour of No. 1 getting a 307 average, and highest individual game, 234. Hamilton of No. 3 rolled the most consistent game, averaging 137.

Tonight the spring tournament teams, Columbia vs. Parks and Monarch vs. Nonpareils, will play their scheduled games. Last night's scores are as follows:

A. A. U. WILL SUPERVISE THE ICE SKATERS

(Journal Special Service.) The Amateur Athletic union of the United States announces that it decided to control amateur skating. The Amateur Athletic union will hold its own skating championships and encourage skating among its registered athletes. Skating championships will be given wherever possible and national championships will be held annually.

Secretary John J. Dixon announced

that all the votes that had been cast were in favor of severing the alliance with the National Skating Association, and the president was instructed by this vote to cancel at once the alliance with the National Skating Association and to announce that not only has the Amateur Athletic union assumed jurisdiction over roller skating, but that it has taken over roller skating and all games that are played on roller skates as well.

In order to have quick action, President Sullivan appointed Barlow S. Weeks, who is chairman of the national championship committee, chairman of the skating championships committee. The following championships have been announced: One hundred yard, 200 yard, 500 yards, one mile and five miles. Figure-skating championships will also be held.

Two championships will be held for seniors and juniors. The junior championship will be open to all skaters who have not won skating championships in America or any foreign country. This is on the same plan as the track and field championships of the Amateur Athletic union. Where these championships will be held has not been decided, but the date for holding them has been set for tomorrow.

MULTNOMAH JUNIORS BEAT ENDEAVORITES

The Multnomah Day Juniors defeated the Jewish boys' Endeavor society team last night in a very fast game of basket ball. The Multnomah team did not pass the ball so well as the Jewish boys. A large crowd saw the match and many said that the Jewish boys had the Club team beaten all over the field in passing the ball. Robert Foster and Dan Foster were the stars for the Club team. Louis Goldstone was the star for the Jewish boys, making 8 of the scores for his team. The two teams will play next Tuesday at the Jewish boys' hall. The score at the close of the game was Multnomah 18, Jewish boys 7. The line up was:

Multnomah: R. Krohn, F. L. L. Colton, D. Foster, E. Blumenthal, G. H. Fisher, E. Blumenthal, G. H. Fisher, D. Lotoff, A. Ebschert, G. M. Rivinsky, E. Obersteiner, H. Gilbert, Umpire, Bert Gleason.

HOMING PIGEONS GO ON A QUIET LITTLE SPREE

(Journal Special Service.) Paris, Feb. 21.—A most remarkable case of bird inebriation occurred during the course of a homing pigeon contest. Four hundred and twenty-nine birds were taken from Tours to La Bohalle, and the toss took place at the latter town. Out of all this lot only forty birds found their way home. The others were too drunk.

At first the owners of the pigeons were mystified at the non-appearance of their little racers. Then the forty victoriously dribbled in home in a decidedly drunken condition. They were in a shocking state of inebriation, but they gave a clue to the absence of the others.

Investigation showed that a mass of black currants formed a part of the freight of the railway vans. The crates containing the pigeons had been placed in the same van as the black currants, and the pigeons had sipped the exquisite juice with the unhappy result related.

CHICAGO ATHLETES IN MEET THIS EVENING

(Journal Special Service.) Chicago, Illinois, Feb. 21.—The pick of the amateur athletes of the Chicago district are entered in the thirtieth annual open handicap meet to be given by the First Regiment Athletic association tonight. In addition to the handicaps, which are open to all registered athletes, there are three events for academics and preparatory schools and three events limited to high school athletes.

MOORE'S TEAM BEATS THE JAMES BOWLERS

The bowling men had a lively time last night at the Multnomah club. The introduction of the ten-pin game at the club has aroused the greatest amount of interest among the members, and as a result the rivalry among the teams is intense.

Last night James' team went up against Moore's team and suffered defeat. This was the second game of the tournament. The total scores were:

James' Team	Moore's Team
James.....	393
Dunne.....	424
Keller.....	345
McKee.....	294
Wright.....	219
Healey.....	378
Jones.....	278

CONVENTION OF PUBLIC SCHOOL MEN AT ALBANY

Albany, Or., Feb. 21.—Superintendent W. L. Jackson has issued his invitation to all those attending to the high school directors and clerks to be held at the court house here March 3 at 10 a. m. The object of the convention is stated to be "the advancement of all schools along all lines attendant to the highest interests of the work in their charge." An urgent invitation is extended to all directors and members of school boards to be present. The discussions will be led by the superintendent. An interesting session is expected. Many of the leading educators of the county will be in attendance and address the convention. All subjects that may come up and need disposition at the hands of a school board will be discussed.

JUDSON ELECTED AS HARPER'S SUCCESSOR

Chicago, Feb. 21.—Harry Pratt Judson, who has been acting president of the University of Chicago since the death of W. E. Harper, unanimously was elected president of the institution by the board of trustees. John D. Rockefeller Jr., a member of the board, was unable to be present, but he sent a letter stating his preference for Dr. Judson.

A HARD STRUGGLE.

Many a Portland Citizen Finds the Struggle Hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you.

Portland people endorse this claim: W. Jenkins of 438 East Mill street, Portland, Oregon, says: "I have no occasion to change anything that I did three years ago in recommending Doan's Kidney Pills, for since that time other members of our family have found equally beneficial results in treating kidney complaint. Before using Doan's Kidney Pills I suffered with acute attacks of backache and a derangement of the action of the kidneys, and dull, dragging pains made it difficult for me to attend to my work. As the result of using this fine remedy I have been free from kidney complaint and backache for over three years, and therefore feel great confidence in recommending them to others."

REASONABLE PURSE WILL SUIT MR. JEFFRIES

Billy Delaney Says That Alfalfa Champion Will Make a Fair Deal With Squires.

(Journal Special Service.) Los Angeles, Cal., Feb. 21.—"Jim Jeffries will fight Bill Squires, or any other aspirant for heavyweight championship honors for a reasonable purse," said Billy Delaney yesterday, shortly after his arrival from San Francisco. "Delaney is closer to the big champion than any other living person. This statement coming from him offsets the reports 'Jeff' would not enter the ring again unless a \$50,000 purse was forthcoming. Delaney hopes to have McCarey's promise of a substantial offer for a Squires-Jeffries contest for the world's heavy weight title.

Jeffries reportedly has made the statement he would never fight again until his end of the purse was equal to \$30,000, but Delaney was asked if Jeff would not consent to appear again in the padded arena for less than this sum. He said: "Why, certainly. I know Jeff as well as any one, and can say he will fight any time and any one if a good sized purse is put up.

Squires is expected about March 15th. Delaney visited Tom McCarey and held a long confab with the local promoter. It is known for a certainty McCarey will make an offer for the fight, but Squires is expected to contact in Los Angeles during Fiesta week.

YOSEMITES HAVE GOOD PLAYERS ON ROSTER

The "Yosemite" have organized for the coming baseball season and will be out on the diamond, getting into playing form. Buck Keith is manager of the "Yosemites" and at last night's meeting the following men were signed to play:

BOXING SIDESTEPS

Jack O'Brien is congratulating himself. He challenged Tommy Ryan by mail a month ago, but the letter never reached Ryan.

Battling Nelson is so infatuated with Europe that he says he will use nothing but foreign postage stamps when he returns to America.

A slump in the Nevada fight market has brought woe to the Frisian. Small purses are again in order.

Herman and Corbett will get that big purse if the brick stays up in the air.

Abie Attell said he would never sign articles unless 123 straight fights were given to him. He consented to fight Tommy Sullivan at 126, the weight Spike Robson wants. All of which goes to show that Abraham has wholesome respect, and then some, for the Englishman.

Bill Squires will get here just in time to see the "nothing doing" sign in Nevada. Serves him right for doing his Australia when Jack Johnson took the trouble to go there to get a match with him.

With Jack Palmer, the asserted heavyweight champion of England, and Bill Squires, the alleged heavyweight champion of Australia, on the way to America, it certainly looks as if Uncle Sam would have to call out the militia to protect his own heavyweight champion industry.

Many of the fatalities in the ring are directly traceable to the use of a good quality of fighters who have been compelled by the terms of a match to enter the ring at a weight at which they could not do themselves justice. It stands to reason that no boxer should be asked to concede enough weight to an opponent to handicap the lighter man, but any man who aspires to a championship should not hesitate to make the weight such as to give his opponent a fair chance.

ELECTRICAL SCORE BOARDS WILL BE ADOPTED

American League Will Have New Device That Will Announce the Umpire's Decisions.

(Journal Special Service.) Chicago, Feb. 21.—Electrical score boards operated from near the home plate probably will be adopted by the American league clubs to indicate to spectators every decision made during a game instead of the signal system by umpire's gestures, which has been under consideration.

President Johnson of the American league made that prediction yesterday after consultation with an inventor of a mechanical board similar to the one in use in St. Louis. The board appeared to be simple and practical as well as reliable and will be brought to the attention of the club-owners at their schedule meeting in New York week after next. If it meets the approval of the majority of the clubs its use probably will be made compulsory in the league by its use decisions on balls and strikes and on bases are shown instantly.

An umpire from each major league circuit may be selected to act in the role of adviser to the joint schedule committee when they meet in New York to look over any proposed changes in the rules and judge as to how they will work. The suggestion has the approval of Mr. Johnson and President Murphy of the National League's rules committee and will be made to President Pullman of the National league. The American league probably will be represented by Umpire Tom Connolly, but what President Pullman's choice will be is not known.

Are You a Perfect Man?

With No Back Pains
No Nervousness
No Waste of Power
No Loss of Ambition

BUT WITH PLENTY OF LIFE AND ENERGY AND THE VIGOR OF YOUTH

To be strong and manly is the aim of every strong man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong vigorous, manly young fellows that nature intended them to be, they find themselves weak, stunted and dependent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility; their finer sensibilities blunted and their nerves shattered.

I Cure Men's Diseases

I have treated hundreds of men who had long suffered a gradual decline of physical and mental energy as a result of private ailments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty, to my having ascertained the exact nature of men's ailments, and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

Weakness
You've probably been treated for so-called weakness by harmless, blood-cleansing remedies that remove the last poisonous taint.

Specific Blood Poison
No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies that remove the last poisonous taint.

Contracted Disorders
You can depend upon a quick and thorough cure by my treatment. A quick cure is desirable because a slow cure is apt to be no cure at all, and a chronic development will come later. I cure you beyond the possibility of a relapse and in half the usual time required.

Reflex Ailments
Often the condition appearing to be the chief disorder is only a reflex ailment resulting from some other disease. Weakness sometimes comes from vitriolized or stricture; skin diseases result from blood poison taint, and physical and mental decline follow long-standing functional disorder. My long experience in treating men enables me to determine the exact conditions that exist and to treat accordingly, thus moving every damaging cause and its effects.

Blood Poison

Is the most dreadful, dangerous and destructive disease known. This disease not only unfit for your work and duties, but makes a man unfit for marriage, for holding responsible positions. When his system becomes inoculated with the germ the whole body undergoes a change of composition, and not only results in a disfigurement of the body, but also of the man. This disease can be cured. We have received the everlasting gratitude of those whom we have cured and who show their appreciation by sending us other cases.

Nervous Debility

Loss of energy, will power, lack of concentration of thought, loss of memory, which weakens your entire system, mental as well as physical.
