TODAY'S MARKETS

WARREN Construction Co., street paving, side-walks and crossings. Sid Lumber Exchange. THE Barber Apphalt Paving Co. of Portland. HOP TRADING

Special Representative of Clement Post Is Looking Up Situation.

WAR OF BROTHERS IS BECOMING QUITE SERIOUS

Quite a Number of Orders Not Here, but Most of Them Are for Very Low Prices-Eggs Tumble Below 20c With Heavier Receipts.

Principal market features today: Eggs go below 20c. Hop tone is steadler. Flour advance draws closer. Chicken market holding steady. Onions selling down in south. Potatues are very quiet.

So great is the strain in the hop markets that the most powerful interests in the trade are being brought here to carry on the fight. The difference of opinion between the Horst brothers continues and each is carrying on his warfare in his own special way. Earnest Wells, formerly Portland representative of E. Clement Horst, but now in charge of the on tire Pacific Coast business with headquarters in San Francisco, is in the city. Mr. Wells' appearance in this city at this time has complicated the hop situation considerably. It is understood that he is about to take a close view of the local situation with the object of reporting to Mr. Horst the extra the way that has been raging between the members of the family. Faul Horst, the New York member of the family, I said to be as bullish as ever in the hop situation, and present reports are that he has by no means given up the fight to carry the salues higher. On the other hand his brother, E. Clement Horst, is reported as believing the market will go lower than it has been at any time this season. Just what the exact views of E. Clement Horst are the trade here does not his perpenditure. Dut these are mainly at low prices. Growers have held their hope so long that they do not seem to be quite so anxious tell to the test of the market is arisedly at such a point that they do not believe it will go lower. State they do not seem to be quite so anxious tell to the the present week. There are quite a number of orders in market is already at such a point that they do not believe it will go lower.

Onion Market is Breaking.

Onion Market is Reaking.

Onion Market is Reaking. Something to Happen in Hope, great is the strain in the hop marks

point that they do not believe it will go lower.

Onion Market is Breaking.

Values in the southern onlon markets are breaking. The trade is very much worried over the present situation, for even the more bearish of the dealers hold considerable supplies. A special message to one of the dealers this morning announced that the onlon market was top at \$1 and that values seem to be working lower every day. Locally there is but little dolog in onlone and the general trade is not asking more than \$1 in a jobbing way. But a few small sales are reported higher than that.

Potatoes are very slow on account of the heavy supplies in the south. The trade wants the market to take a rest for a few days and allow the heavy surplus to clean up. The California steamer brought the usual supplies of fresh greens. Asparagus getting more plentiful, with prices somewhat lower.

Flour Advance Draws Near.

more plentiful, with prices somewhat lower.

As was predicted by The Journal last Friday, the flour market is very firm and and vanced prices for local brands are anticipated during the present week. The situation is growing firmer edity, owing to the inability of millers to get their wheat supplies to tidewater. Lack of cars the cause of this. Export demand is firmer and there may be a still further advance in that line. It is generally believed that the advance in local brands will be about 10c s barrel.

Wheat market is firm, but unchanged. Oats firmer and unchanged.

Best hay firm, but ordinary staff is dull.

Brief Notes of the Trade.

Chicken market is holding just steady, but if receipts are heavy the present week, the trade does not look for the maintenance of

Eggs are growing weaker faily with receipt creasing. Demand is quite good, but no Eggs are growing weaker faily with receipts increasing. Demand is quite good, but not strong enough to take up all arrivals at last week's values. Along the street today eggs were sold around 10@20c, with sales at both figures. Only in one or two cases was a higher price obtained.

Dressed meat market is good for best small stuf, but on account of the mild weather larger sizes are not finding such good demand. Trade pays the following prices to Front street. Prices paid shippers are less regular commissions:

SMALL WOOL CONTRACTS WRITTEN THIS SEASON

(Special Dispatch to The Journal.)
Pendleton, Or., Feb. 25.—According to wool men who are already arriving to buy wool for the season, the prices will range a few cents lower than at the corresponding time last season. In western Idaho there has not been over 500,000 pounds contracted so far, whereas by this time last year fully 2,600,000 tracted so far. whereas by this time last year fully 2,400,000 pounds had been sold. The prices in Idaho have ranged from 17%-18 cents, while last year the opening price was 20 cents. From all indications the prices here this succession. here this season will range from-

WHAT DEALERS SAY CONDITIONS LEAN MARKET HU

By W. B. Glafke Co.—
Continued heavy receipts has caused the egg market to go below the 10-cent mark. During the past week, no matter how icw the price went, the demand was not sufficient at all times to clean up. There was some outside demand at the low price, but even this did not stop the downward slump. It now looks as if the egg market will touch the low point for the present year on this movement.

The poultry market is weaker, with a fractional decline from the high point. Demand is still good, however, but not so strong

good, however, but not so strong as the previous week. The loss in the price is due to the heavy consumption of eastern birds. Weather conditions have been somewhat untavorable to the

Wheat Market Helped to Make a

Gain After an Early

Loss in Price.

Chicago, Feb. 25.—What was supposed to be buying for Russian caused aborts to cover in wheat today, and helped to put up the prico after an early decline.

The Record-Herald says of the altustion in a special article: It looks as if we will have the spiciest market that we have had for many years. The conditions are surely and strengly working towards a bull market to the grains. Europe is strongly the buying power as for example of one hundred loads of wheat equal to 1,520,000 bushels being taken from America the last few days. Russian demand for American wheat is very large, in fact the greatest so far. Crop reports now coming in show serious damage in the middle west and also in Texas. The European exports for the pext six months will all probabilities break all records, also their crop conditions are far from being healthy. Critical ditions exist in America in regard to the wheat conditions, also the same conditions exist in Germany, France, England and in parts of Russia.

MRS. CONRAD IS FINED AND TOLD TO CLOSE UP

Tony Anaud, a North Ender Himself, Testifies He Was Robbed There.

By the decision of Judge Cameron this afternoon, the death knell of the notorious resort conducted by Mrs. John Conrad, alias Essie Watkins, at Seventh and Davis streets has been sounded. The woman was found gullty of conducting a house of ill-fame and fined \$100.

A feature of the trial was the fact that Rev. John Glenn of the East Side Free Methodist church had been subpoensed as a witness for the defense, but was not called to the stand. The reason for calling a minister of the gospel to testify in behalf of an immoral woman was not made clear by Attorney Maklin, counsel for the defendant. Recently the preacher took occasion to rebuke Judge Cameron in a sermon for acquitting John Conrad, husband of the woman, for residing with lift in a disorderly house. orderly house.
