Madrona Hill

The only addition on the Peninsula that has the river view, the boulevard and the car line so close together. It is walking distance to where thousands of men work.

You do not have to have an automobile to see Madrona Hill; the car runs alongside of this tract. If you have an auto this is the place for you, as the Willamette boulevard runs through the tract. Get one of those boulevard home sites before they are all gone.

Remember, there are hundreds of 50 and 60-foot streets, but there are very few 100-foot boulevards, and prices must go up and up on all boulevards and especially beautiful Willamette.

Take St. Johns car and get off at Greely station. Agent on the ground.

Three Good Recipes.

From an Exchange.

Tomato Sauce for Baked Eggplant.

One-half can tomatoes, ½ teaspoonful salt, ½ teaspoonful butter, 1 teaspoonful sugar.

Let these cook 20 minutes.

Mix 1 teaspoonful cornstarch with a little water, and add to tomatoes.

Cook two minutes. Strain through sieve. Mix the yolk of 1 egg in a saucepan with one tablespoon cold water.

Add tomatoes, stirring constantly. Return a few minutes to the fire. Heat to boiling point, but do not allow to boil. Add a little cream.

Ginger Pound Cake.

One-half pint butter, ½ pound sugar, ¾ pound flour, 1 teacup sour cream, 4 eggs, ½ pint mosalles, in which dissolve 1 teaspoon soda; 1 teaspoon ginger. Add ¼ of a nutmeg, ½ spoon cinnamon.

Cream the butter and sugar. Add the eggs, well beaten, then the molasses, spices, cream and flour.

Bake nearly an hour in a moderate oven.

A Gravy for Beef or Mutton.

One half cup walnut catsup, 1 small cup tomato catsup, 1 small cup sherry (may be omitted), 1 tablespoonful butter, rubbed smooth with flour; 1 small onion, chopped fine; 1 teaspoon currant jelly. Salt and pepper.

When thoroughly mixed lay slices of the meat in a dish, pour the gravy over, then set dish in the oven until all is well heated through.

MINING CLAIMS ARE TIMBERED

Interior Department Asked to Investigate Yard's Holdings.

NOT A MINE OPENED ON RICH TIMBER LAND

Land Located Under Mining Law Said to Contain Finest Timber in California—Owner Has Never Secured Gold From Them.

(Washington Bureau of The Journal.)
Washington, March 21.—Mining claims held by H. H. Yard and associates covering 18,000 acres in the Plumas national forest, in northeastern California, are to be investigated. Gifford Pinchot, chief of the forest service, has recommended that a hearing be ordered by the department of the interior to determine their validity.

Recently, after Yard's locations, aggregating 265,000 acres, became the subject of a joint investigation by the general land office, the geological survey and the forest service, Yard relinquished 37,000 acres. Although the acreage claimed by Yard and his associates aggregates nearly 100,000 acres more than have been patented by all other persons in California from the enactment of the mining law to the present time, not a mine has been opened on the Yard claims and no gold produced. It is expected that the hearing will lead to some startling developments.

H. H. Yard, formerly of Philadelphia, with two associations of seven men each, controlled by him, made locations, claiming discovery under the mineral land laws. His locations lie along the line of the railroad and cover the land upon which the heaviest growth of timber is found. A stand of 300,000 or 500,000 feet on a 40-acre tract is common, many trees being found to measure seven or eight feet in diameter, and 200 feet to the first limb.

Dainty Food of Codfish.

From the London Daily Graphic.

In the central hall of the Natural History museum, South Kensington, there has just been placed a series of preparations in spirits illustrating the various creatures upon which the codfish preys. These number 13 in all, though of course they can only be regarded as samples of the diet of this fish. The menu appears to be a very varied one. Of fish, the herring, common dab and whiting, when immature, each contributes, according to this bill of fare, 4 per cent, and the sand eel 5 per cent. Swimming crabs of two species contribute between them 21 per cent, spider crab 6 per cent and Norway lobsters or Dublin prawns 8 per cent. Among invertebrates, indeed, crustacea seem to be particularly relished, for in addition to the species just named, the pink shrimp is made to furnish a tithe of 14 per cent and the hermit crab 54 per cent. Even the bristly sea mouse finds favor, inasmuch as this is recorded as contributing 11 per cent to this list.

The "air hog," the balloonist who, with dragging anchor, or otherwise does damage to windows, hothouses, fences, etc., and does not pay up, is causing trouble in England, and it is proposed to number balloons for their identification.

WHY UNIVERSITY LOST ITS CASE

Defect in Chain of Title Gave Case to Defendant Miller by Non-Suit.

TESTIMONY OF BUYER OF WHISKEY OF NO EFFECT

Plaintiff Astonished to Find That Rev. L. D. Mahone's Work as Detective, While Clever Enough, Has Nothing to Do With the Case.

(Special Dispatch to The Journal.)
Hillsboro, Or., March 21.—Some interesting history has preceded the case, yesterday non-suited in circuit court here, of Pacific University against Miller, and some of the startling things that the rules of evidence may be made to do were exemplified.

The history of the case dates from the early 50's, when Harvey Clark, owner of the original townsite of Forest Grove, deeded a large tract to Pacific university. After the town was platted the university began selling lots. In each deed was inserted a clause to the effect that in the event spiritous liquors were sold on the premises as a beverage the land should revert to the university.

The founders of this educational institution sought to prevent the sale of intoxicating liquors in the college city and since the school was founded there has been bitter strife, each succeeding election witnessing the strife renewed.

FOR STOMACH SUFFERERS

Don't Use Any Remedy That Keeps Its Formula a Secret.

People who are troubled with stomach weakness cannot afford to use any remedy unless they know what it contains.

Mi-o-na is not a mere digestive giving only temporary relief, but a specific for all disorders of the digestive organs, and so effects a permanent cure for stomach troubles.

Your physician will tell you that nothing is better than a combination of chemically pure bismuth subgallate to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bi-carbonate, which neutralizes the poisonous acids that are present in stomach troubles; and nux vomica, which will restore vigor to the digestive organs and tone the whole nervous system.

This combination is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system and cure all forms of stomach disorders that the remedy is sold under a guarantee to refund the money unless it cures.

If you suffer from indigestion, distress after eating, specks before the eyes, headaches, pains in the back and side, emaciation, bloating, nervousness, sleeplessness, or any of the other symptoms of stomach troubles, begin the use of Mi-o-na stomach tablets at once. Sold in 50-cent boxes.

Write today for a free sample package, and also give us your symptoms, and one of the best known stomach specialists will give your case his careful and personal attention without charge. Booth's Miona company, Buffalo, N. Y.

No Cheaper Treatment on the Coast

DR. TAYLOR,
The Leading Specialist.

No Better Treatment in the World

Pay Me When You Are Cured

This Is My Fair Offer to Every Patient

Let Me Guide You on Your Way to Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to remain in your present condition. Let me explain to you my methods of rebuilding the vigor of men, and refer you to the thousands I have cured.

The Only Diseases I Treat

Spermatorrhoea, Lost Vigor, Varicocele, Rupture, Piles, Hydrocele, Organic Weakness, Contagious Blood Diseases, Acute and Chronic Urethral and Prostatic Inflammation.

I Never Guess

Experiment or take chances of any sort. I attempt to cure only those diseases that I have been curing for the past 25 years, and feel sure I am justified in saying that I have learned all about them. Were I lacking in knowledge pertaining to my specialty I would never have attained my present success, nor would I today be recognized as the leading specialist treating men's diseases. If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

FREE CONSULTATION AND EXAMINATION

I invite every weak or diseased man to call for free advice, and if desired I will make a free examination and diagnosis, but the visit will not obligate him in any way to become my patient. Office hours, 9 a. m. to 9 p. m. Sundays, 10 to 1 only.

Patients living out of the city and coming to Portland for treatment will be furnished with fine room free of charge. Check your trunks direct to 234½ Morrison street.

VARICOCELE

An average of one man in five has varicocele. Most men that have this dragging, draining weakness are not aware of it until it has wrecked their lives. Varicocele causes congestion of the blood in some of the most vital blood vessels of man. It causes a dull, heavy, listless feeling which is often mistaken for nervous debility or general decline of power.

"WEAKNESS."

My cures of this disorder are permanent and lasting. No tonics that stimulate temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my own original local treatment this gland is promptly restored to its normal state and complete functional activity is the lasting result.

We cure Skin Diseases, Blood Poison, Varicocele, Stricture, Nervous Decline, Gonorrhoea, Weakness and Diseases of the Kidney, Bladder and Prostate.

NERVOUS DEBILITY OR WEAKNESS

It is a very simple matter to produce a temporary or "false cure," but to produce a permanent restoration resulting in the re-establishment of vigor and strength is a problem that very few specialists have ever accomplished. Our treatment is for a permanent cure only, and every improved symptom means a part of the permanently established cure. This weakness is not necessarily a disease itself, but a symptom of some chronic trouble attended by the usual inflammation or congested condition of the prostate gland and its appendages. Our treatment completely relieves this condition and restores the gland to its healthy condition. The entire nervous system is wrecked by this inflammation and until the cause of your disease is corrected all treatment would amount to little. We disperse the cause and by so doing this we completely restore you to a sound and healthy life once again. This is the kind of treatment that all patients desire, and the only kind of a cure you will receive at this institution.

FOR MANY YEARS our cures have been along the line of rationalism. Our reputation for success and honesty has been carefully built, and we hold the confidence of our patients. We do not accept incurable cases. Satisfactory results guaranteed. WRITE IF YOU CANNOT CALL.

Makes Cowboys' Boots.

In Olathe, Kansas, there is a factory which makes 200 pairs of "cowboy boots" each week. Each pair of these boots is made to order. The company has a catalogue, which it sends to the cattle ranches throughout the southwest. It tells the cowboys how to take measurements of their own feet. These are sent to the factory and the boots made and sent out.

A "cowboy boot" is in a distinct class by itself, says the Kansas City Star. The leg must be decorated with fancy lines and curves sewed into the leather, and above everything else the heel must be at least two inches high, must curve inward from the back and the bottom of the heel must be very small.

A cowboy takes especial pride in two things, his hat and his boots. He often pays $50 for his hat, and the best of the cowboy boots cost from $5 to $16. The ordinary shoemaker cannot make boots to suit a true cowboy; he cannot get the heels right. And so the cowboy sends away for them, and pays a big price and express charges besides.

The factory in Olathe employs 50 men. All of the work is done by hand, and some of the shoemakers were brought from Germany and England especially to work in that factory.

Cowboys say they have high and sharp pointed heels to their boots not because of vanity and pride but as a matter of convenience. The high heels prevent the heels from passing through the stirrups, and they are also a brace when on the ground roping an animal. As the steer pulls to get away the cowboy sinks his sharp heels into the sod and this prevents him from slipping.

"Creeling" a Bridegroom.

From the London Evening Standard.

The old border custom of "creeling" the bridegroom has been revived at Lauder, Berwickshire.

The creel, a basket used by fishwives for carrying their fish, was placed on the bridegroom's shoulders, and the crowd of creelers then threw stones into it until the bride publicly kissed her husband. Then he was forthwith released.

She—I have some alarming information for you, dear. He (startled)—What is it? She—I have set the clock for 6 tomorrow morning.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main street, says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me, and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phtisic, stops hemorrhages of the lungs and builds them up. Guaranteed at Red Cross Pharmacy. 50c and $1.00.
