

You haven't? Well, you should attend to it right away. Nearly everybody else has been out and by far the greater number have. purchased one lot or more. Many of them more. There are so few of them left that we cannot impress too strongly upon you the fact that you will not have much longer time to make up your mind.

There is no convenience right in the heart of the city that will not be found in Rose City Park. There are scores of inconveniences in the heart of the city that you will not find in Rose City Park. There's Bull Run water, graded streets, small green plots, cement sidewalks, street car service in 15 minutes, boulevards, electric lights, telephones, pure air, magnificent scenery and high elevation.

Besides all these conveniences there are low prices for the next few days. Lots may be had now for \$400 and \$600 on terms that are easy enough to permit anybody to purchase them. Buy to build if you like; buy to make money if you prefer; but buy at all hazards. Another opportunity like this will be a long time coming your way. That's the best judgment of the best people in Portland.
