CHINESE CAUCUS ENDS IN RIOT

CONSUL CLAIMED FOR BLOCKING BIG SCHEME

Enemies of Moy Bak Hin Declare He Inspired Purchase by White Man of Site Chosen for Huge Chinese Business Block.

In comparison with the mass meeting held by Chinese last night, to discuss ways and means of securing a site to which to remove Chinatown, a Democratic primary convention in Kentucky would be skin to an ice cream social. Such disorder, however, was called in to suppress the disturbance and the meeting broke up.

Yesterday afternoon Chief Griffin, was requested to provide police protection at the meeting to be held in the joss house. Patrolman Adams was accordingly detailed and endeavored to enforce respect for the rulings of the presiding officer, but before the evening had been half an hour a call was made for additional police protection. Jailer Endicott was dispatched to the joss house but upon his arrival the meeting had come to an end and scenes bordering on riot.

For some time a movement has been on foot among the Chinese merchants to move to the north end district. This action has become necessary owing to the narrow location of the old and wholesale districts of the city. A half block at Fourth and Everett streets was finally selected by the committee.

It was the intention to erect a mammoth building at this location, a house all of the Chinese in Portland and the scheme met with general support. An assessment of \$1,000 was levied on each store and the initial payment was to have been made on the property yesterday.

At the eleventh hour, however, a white man offered a higher figure for the site and the deal fell through. It was with the intention of discussing the unexecuted developments and formulating a plan to secure some other location that the meeting was called last night.

It is currently reported that Moy Bak Hin, Chinese consul general, was responsible for the increased offer and the diplomat was censured on all sides.

At the mass meeting it is said the name of Moy Bak Hin was placed before the assembly against him. This is denied, however, by the prominent Chinese.

Mr. Thorndyke was threatened with mandamus proceedings, no matter which way he decided. He also is a candidate on the only ticket properly filed.

DESCENDS FIRE ESCAPE CLAD IN NIGHT ROBE

Allee Keeley and Charles Phillips, a longshoreman, were arrested by Detectives Price and Baty last night in a lodging-house, at 313 Third street, upon the arrival of the police Mrs. Keeley, clad only in her robe, climbed out of a rear window and made her way down a fire-escape. She was found hiding under a bed in a room on a floor below.

Baty has been fined at \$100 in each case, but neither of the parties was able to furnish the amount. Mrs. Keeley is the mother of three small children and has been arrested with Phillips on several occasions for similar conduct.

ABERDEEN UNIONS TO FORESTALL CARNEGIE

(Special Dispatch to The Journal.) Aberdeen, Wash., March 22.—At the last meeting of the city council a communication was read from the Gray's Harbor Trades and Labor Council, through its secretary, Bert Campbell, in which a vigorous protest was entered against the proposed Carnegie library. It was stated that the unions were unalterably opposed to the acceptance of financial aid from Mr. Carnegie; also that the unions themselves were now raising money to build a library. The communication was laid on the table.

At the time that the proposition was first considered by the council the Trades and Labor Council decided that no member of a union should aid in any way in the building of the Carnegie library, if the aid should be accepted, on penalty of \$10 a day.

The meeting of the council came to an abrupt end when it was discovered that Chairman Hart and Secretary Irvine of the public library had entered the room. It was known they were present to urge the acceptance of the offer of Mr. Carnegie, and the opponents of the measure took this method of preventing them from addressing the council.

A certain member of the council has offered to obtain enough funds to build a library right here, but has not reported as yet.

MAY BOYCOTT POWER COMPANY

Unions Will Vote on Drastic Measure Expected to Relieve Striking Carmen.

The question of imposing a stringent boycott on the Portland Railway, Light & Power company will be submitted by referendum to the 38 unions affiliated with the Federated Trades council. This action was decided upon last night by the central body.

An attempt will be made to get all the returns back to the council by next Friday night. Those unions not holding regular meetings before that time will call special meetings for the purpose of voting upon the proposition. Committees from the carmen's union will visit every local and urge its members to vote for the boycott. The strikers are confident that the boycott will carry.

The reason given by members of the council for submitting the question to the body of unions is that the move, if made, will involve so many different organizations and will cause such a profound effect upon the business of the city.

If the proposal carries it will mean that not one of the 3,000 or 3,500 employees of the city will raise a finger in any work connected with the business of the Portland Railway, Light & Power company. Power house electricians, linemen, car machinists, carpenters, painters, teamsters and members of other trades will leave the employ of the company and paralyze the power, light and transportation industries of Portland.

In accordance with its rules governing the placing of a boycott, the council sent a committee to Manager Fuller of the corporation yesterday to give him a final opportunity to come to terms with the union, but, as was expected, the meeting came to naught. Members of the committee deny the published statement that they asked that the strikers be taken back under the old terms.

ABERDEEN DISTURBED BY SALVATION ARMY

(Special Dispatch to The Journal.) Aberdeen, Wash., March 22.—At the last meeting of the city council the question of allowing the members of the Salvation Army to hold their outdoor meetings on the principal business corner of the main streets came up for discussion again. Mayor France stated that he had spoken to the Salvation Army captain and requested that the meetings be held in a less public place but his request had been unheeded.

Considerable complaint has been made by business men whose offices are on or near this corner, about the noise made by the Salvation people. The matter was referred to the city attorney and chief of police with power to act.
