RACE CIRCUIT FOR EASTERN OREGON

Pendleton, Baker City and Other Cities Are Preparing Plans for the Summer.

EVENT WOULD BE WELL SUPPORTED BY CITIZENS

en From Across the Moun tains Are Very Enthusiastic Over the Prospects of Holding Races Meet Would Open at Pendleton.

(Special Dispatch to The Journal.)

Baker City, Or., March 28.—Arrangements are being made for a local racing circuit by the horsemen of this district, to include Baker City, La Grande and possibly Pendieton, in Oregon, and Boise, Mountain Home and Caldwell in Idaho. This plan is meeting with entunestic support in the cities mentioned and will probably be successfully culminated during the coming summer. Owing to the lack of organization in this district it is difficult for the local enthusiasts to secure the best horses for the races which are held here annually. Under the proposed plan the best horses on the coast can be brought here and Baker racers will be given an opportunity to compete in the different meets throughout this section.

Because of weather conditions in this county September usually proves the best month for the district fair and race meet. If the proposed association is organized the circuit will open at Pendiston late in August. La Grande's meet will come the first of September, Baker will be mart, then Mountain Home, Caldwell and the season will end at Boise in October.

There are tracks at all of the places mentioned except Pandiston and there

In October.

There are tracks at all of the places mentioned except Pendleton and there is already a movement on foot there to build one this summer. The horsemen of Pendleton and La Grande are as anxious for the organization of an association as are those of Baker and it is reported that the Idaho men have approved the plan.

ported that the Idaho men have approved the plan.

Work has already commenced on the local track and a number of horsemen are using it almost daily during the good weather. The track is in excellent shape and promises to be better this year than ever before.

Local horsemen are now in search of a trainer. The number of fast horses here has increased so greatly in the past few years that it is almost impossible at this time to secure the services of a good trainer. There are seven or eight young horses here now which should be trained but are not being worked because there is no competent man at hand who is not handling more horses now than he can give proper attention to.

EASTERN RACING SEASON

Start Its Running at the Bennings Track.

WILL BEGIN MONDAY

Washington, March 23.—The eastern racing season will be in full blast Monday with the opening of the Washington Jockey club meeting at the Benning course. All indications point to the largest meet in the history of that popular track. Several hundred high-class horses are now stabled at the track, including strings owned by August Belmont, Andrew Miller, Perry Belmont, Henry T. Oxford, John E. Madden and F. R. Hitchcock. The demand for stable room is so great that some of the late comers have been obliged to find accommodations outside the enciosures. Seasoned campaigners from the winter tracks will wind up

PORTLAND COCKROACHES

Are They Larger Than in Other Towns How to Get Bid of Them.

Even if cockroaches in this city are no larger they are a very offensive pest. It is easy to get rid of them by putting Stearns' Electric Rat and Roach Paste in sinks and on the shelves, and in the morning you can sweep up a panful of dead roaches.

Stearns' Electric Paste is much better than powders, as it does not blow away. It exterminates rats, mice and all vermin.

YALE OPENS UP ON HER OWN GROUNDS

Cornell, Lafayette, Trinity, George Washington and Other Nines Will Begin the Spring Season by Having Big Matches.

New York, March 28.—College base-ball players go to but today. Several of the big eastern college teams line up for the first real game of the season for the first real game of the season after several weeks devoted to cage practice. In accordance with their custom a number of them have gone south to play their opening games. Thus Cornell plays George Washington university at Washington and Lafayette lines up against Trinity at Durham, North Carolina. Yais starts off by playing New York university on the home field. Harvard and other of the big colleges will not make their debut on the diamond until a week hence.

Most of the eastern colleges have confident ideas as to the prospects for the season. The fear most entertained is on the score of the pitching staffs. Except in one or two institutions the twirlers are not the same men who did the work last year and the lack of seasoned men in the boxes is troubling the coaches. The only unusual feature in the schedules of the eastern colleges is the western trip that Williams will make to meet the teams of Chicago, Michigan and Illinois universities.

Down in Atlanta.

Atlanta, Ga, March 23.—The college baseball season in the south begins in sarnest today. Davidson plays Catawba college at Davidson, the Presbyterian College of South Carolina meets Clemson college at Clinton, and Lake Forest and North Carolina meet on the diamond at Wake Forest. Further north the Annapolis cadets open their season with St. John's college, Georgetown plays the Maryland Agricultural college and George Washington university opens at home with Cornell.

A feature of this season will be the trip north of the University of Alabama team, champions of the far south for five years. These players will meet several New England teams about commencement time.
