

# FARMING IS NOT LABOR ANY MORE

General T. J. Thorp Has Spent Fifteen Years Perfecting Revolutionizing Machines.

## IT DOES ALL KINDS OF WORK AND RUNS ITSELF

That is, Nearly So, Only One Operator Being Required for Mechanism That Does Work of Scores of Men.

(Special Dispatch to The Journal.) Corvallis, Or., March 29.—If the inventions of General T. J. Thorp of this city prove successful, as seems practically assured, farming in this country will be revolutionized, to say nothing of transportation. W. P. Lafferty has left here for Chicago, having been selected by the stockholders of the T. J.

# WEAK, PALE, THIN

DR. WILLIAMS' PINK PILLS RESTORED MRS. ROBBINS TO HEALTH.

They Also Cured Her Daughter of Anemia and Saved Her From Consumption.

Mrs. Josie Robbins of 1131 Clar street, Decatur, Ill., is enthusiastic over the merits of Dr. Williams' Pink Pills for Pale People. "In 1900, because of overwork," states Mrs. Robbins, "I was afflicted with nervous prostration, complicated with heart trouble. I consulted my family physician who said it was heart trouble and he gave me three or four different kinds of medicine as if some one was sticking needles into me all over my surface. Through my shoulders at times I had such pain that I couldn't sleep. Many times I awoke with a sensation of smothering. "When the physician's remedies failed to benefit me I began to look for something that would. My sister, Mrs. Daniel of Decatur, recommended Dr. Williams' Pink Pills to me and I at once purchased some. I was greatly encouraged when I saw how they acted on my nervous condition and continued using them until cured. I am now able to attend to my duties and have not consulted a physician since.

"I also gave them to my daughter who had always been weak and who at this time seemed to lack vitality. Her cheeks were蒼白 and she was thin and spiritless. She had anemia and we feared consumption, because every time she went out doors if it was at all cold or damp she would take cold and cough. But Dr. Williams' Pink Pills brought color back to her cheeks and strength to her body."

Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box or boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

The locomotive can be turned at any angle by the engine. It will do good work on side hills, by reason of its four massive drive wheels, where horse gangs would fail.

### Can Be Made a Plain Auto.

The agricultural implements can be detached in a few minutes, when the machine becomes a commercial truck, hauling heavy loads, and can be turned on the ground on which it stands.

B. Muir; councilman at large, H. B. Cosper, no opposition; councilman, ward No. 1, Conrad Stratton, no opposition; councilman, ward No. 2, C. Shaw, J. M. Lyon and W. A. Ayres; ward No. 3, F. J. Coad and S. M. Ray; auditor and police judge, D. P. Stouffer, present incumbent, and L. D. Brown.

Two years ago oil seepage was discovered near the Staats farm, five miles from Dufur. THE EMPORIUM BANKRUPT SALE, 554 TO 564 WILLIAMS AVENUE

**The Time to Act is NOW**

As long as death is certain and its coming is uncertain, every man with responsibility must admit that the time to act is now. In its sixty-four years of history the Mutual Life has paid its policy holders 738 millions because they acted on the idea that the time to act is now. This vast sum would have been vastly greater had it included the patronage of men with equal means, in equal health, with equal needs, who failed to apply the truth that the time to act is now.

**The Mutual Life Insurance Company**

has done untold good, has brought untold comfort to the needy as it has faithfully discharged its accruing obligations, but it has no way of helping the man who does not come to realize that the time to act is now. Let us show you what can be done to-day.

**AS AN INVESTMENT**

There's nothing more safe, sure, more profitable—in the telephone business—than the securities of an independent telephone company operating our AUTOMATIC TELEPHONE SYSTEM—

BECAUSE it gives more service, better service, prompter service, more accurate service than a manual system (and also an absolutely secret service, which no manual system can give) and

BECAUSE it costs less to operate, less to maintain, less to enlarge than a manual system, or

TO SUM IT ALL UP, the AUTOMATIC TELEPHONE SYSTEM produces a better telephone service, commanding a higher price, at less cost than inferior service can be produced for by a manual system.

THAT IS THE REASON WHY the AUTOMATIC TELEPHONE SYSTEM makes the securities of the company using it safe, stable and profitable, and why it has been adopted by the independent telephone companies in the following cities:
