IN PORTLAND PROPER--INSIDE THE CITY LIMITS

THE CENTER OF POPULATION—THE BUSINESS CENTER OF THE CITY OF PORTLAND, will always be just where it is now, between the Union depot on the north and Bancroft avenue on the south. Don't listen to hot air and wild dreams, if you do they will try and make you believe the center will be on the edge of the town. All values of real property in Portland are to be based upon the distance north or south of the above mentioned boundaries. Of course, you must allow in approximating the respective values a higher estimate where the property is situated on the west side, probably 50 per cent more would be a conservative figure to place the price of the west side lot at over the east side lot the same distance north or south of the boundaries we mention above. Now see the extravagant variance between the prices asked. Here are lots in Capitol Hill, all cleared, 50x100 feet, beautiful and sightly, on two car lines, only one mile from the established south boundary on the west for \$200, while away down on the edge of the city, north of Albina, six miles from the north established boundary, with bridges to cross, on the EAST SIDE, they ask from \$600 to \$1,500. THAT'S ENOUGH! This comparison will do.

Capitol Hill, with NO BRIDGES TO CROSS, located in the most healthful, beautiful and sightly part of all of Portland at \$200 per lot. TITLE PERFECT, ABSTRACT FURNISHED FREE TO EVERY PURCHASER. All deeds and contracts of sale

executed and given by the Hibernia Savings Bank of this city.

POISON

Blood poison is a contagious disease leading to structural and cutaneous evils, due to a microbe or germ. It is propagated by contact or by inheritance, but the latter not necessarily so; the innocent may become victims by contracting the disease from the virus left on articles of different nature, such as towels, napkins, handkerchiefs, etc. This disease will not only destroy the parts that come in contact with it, but the entire system as well. Loss of appetite, falling out of the hair, sores, ulcers, decayed bone substance, rotten teeth, nervousness, sleeplessness, melancholia, loss of memory, making your life a region of the inferno and death a very acceptable relief. We cure just such cases and the harder the case, the better we like it, as we defy the world for any case we cannot cure. This may seem a broad statement, but we mean just what we say. Our motto and methods are a square deal to every man. Write if you cannot call.

Are You a Perfect Man?

With No Back Pains

No Nervousness No Waste of Power No Loss of Ambition BUT WITH PLENTY OF LIFE AND ENERGY AND THE VIGOR OF YOUTH

To be strong and manly is the aim of every strong man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young fellows that nature intended them to be, they find themselves weak, stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility; their finer sensibilities blunted and their nerves shattered.

DR. TAYLOR The Leading Specialist

I Cure Men's Diseases I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private ailments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's ailments, and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

Weakness

You've probably been treated for so-called weakness and helped temporarily or not at all, and the reason is very apparent when cause of loss of power in men is understood. Weakness is merely a symptom of chronic inflammation of the prosmy treatment re-moves, thereby
