Volunteer Fire Company Organized for the Extensive Piedmont District.

## IMPROVE KILLINGSWORTH WITH BITULITHIC PAVEMENT

Hard Surface Pavement for That Important Thoroughfare Seems Assured, Declares the President of the Nolte Progressive Club.

At the regular meeting of the Nolte Progressive club last night, a volunteer fire company with a charter enrollment of 40 members was organized. The new company will serve what is generally known as the upper peninsula or Piedmont district. The following officers were elected: H. G. Parker, president; Dr. A. B. Stone, vice president; Dr. A. E. Anderson, secretary and H. C. Daggett, treasurer. A meeting will be held next Friday, April 5, when suitable by-laws will be adopted and a more complete organization effected.

A committee was appointed to decide on the merits of three men being discussed by the association for councilman-at-large to represent the peninsula in the council. The men are: L. M. Davis of the Multnomah association and C. H. Beard and J. W. Peddicord, both of University Park. The committee appointed to look into the qualifications of these individuals includes one man from each of the peninsula improvement associations. They are as follows: Mr. Zigler of Multnomah, C. A. Amphlett of Woodlawn, H. G. Parker of Nolte and Mr. Carter of University Park. The people of the peninsula are attempting to put all politics aside and endorse the man whom they think best fitted for the place.

The improvement of Killingsworth avenue to Prescott street with bitulithic pavement is expected, so says J. H. Nolte, president of the club.

A strong appeal was also made for cement walks on the same avenue by Rev. G. C. Carl. This seems likely to go through. Rev. Carl asked for cement walks not only on Killingsworth but in the entire district from Skidmore north to Ainsworth and from Patton avenue east to Union avenue. The Nolte club has grown to such proportions that the real estate office of J. H. Nolte is no longer able to accommodate all the members. Efforts will be made to secure larger quarters at once.

### JEROME RETAINS

(Continued from Page One.)

ained by Jerome, appeared ready to testify. Dr. McGuire, the Tombes physician, testified that he saw Thaw two or three times a week while in prison, and had also been in court frequently to observe Thaw. He said he had never observed anything unusual in Thaw's actions or declared he had always been rational in conversation.

Jerome cross-examined McGuire briefly, bringing out the fact that McGuire had never examined Thaw with the view of determining his sanity. Michael J. Delahanty, a Tombes attendant, succeeded McGuire on the stand. Delahanty testified that he had never noticed anything irrational about Thaw and said the prisoner always talked intelligently. On cross-examination, Delahanty said Thaw had never talked to him about White, so he could not say whether Thaw had any delusion on that subject. Franklin Sheridan, another Tombes attendant, and Emily Walker, a probation officer, testified that Thaw has always appeared rational to them. Rev. John Armstrong Wade, the Episcopal chaplain at the Tombes, took the stand and said he had talked several times with Thaw. Wade testified he had never seen

### KING OF SIAM AND DANCERS

There is shown in this picture King Chulalongkorn, King of Siam, and two of his favorite wives, who are now traveling with him in Europe. At the left is wife No. 3 in her Siamese bloomers, and at the left is the Queen of Siam in native costume.

Thaw do anything irrational, but heard him say irrational things when overwrought or excited. He said since Christmas Thaw had appeared rational. On cross-examination Wade said that Thaw appeared irrational on the day he was taken to the Tombes, June 26, last year.

Dr. Hamilton took the stand and swore that he does not think Thaw is capable of advising his attorneys at this time.

Jerome, when Hamilton took the stand, engaged in a discussion of a legal point with Commissioner McGuire. The discussion led to McGuire's asking: "You claim, then, that Thaw has been insane through all this trial." Jerome replied, "Yes, sir."

### OLDEST MONARCH IS EIGHTY-ONE TODAY

(Journal Special Service.) Berlin, April 2.—Duke George II of Saxe-Meiningen, the oldest of the European rulers, celebrated his eighty-first birthday today. Duke George succeeded to the throne on the abdication of his father, Duke Bernhard I, in September, 1866. He has always been remarkably popular among his subjects on account of his liberal policy, and his intelligent interest in the arts has made the word Meiningen a synonym of excellence in musical and theatrical circles. He has been thrice married, his last venture being a moranatic union contracted some 30 years ago with the actress, Ellen Frana.

### CONFIDING EMBEZZLER RUSS IN FRIEND WHO BETRAYS HIM

A Westman, a clerk in a small Nebraska town, absconded with \$700 belonging to his employer and came to Portland to enjoy life. It took him just six weeks to spend the stolen cash and, fearing detection, he thought to conceal his identity by enlisting in the regular army. He donned the uniform of a private soldier at Fort Stevens, but foolishly informed a Nebraska friend of his whereabouts. The friend betrayed him with the result that Westman left Portland today in irons, bound for Nebraska in the custody of Sheriff Byrnes of his home county.

### Y. M. C. A. SOLICITORS FEEL JUBILANT AT A LUNCHEON

Members of the executive committee of the "Everybody Gives" committee succeeded in raising the money necessary for the new building for the Y. M. C. A. and the Y. W. C. A. met at luncheon at the Oregon grille today, when they checked up all the accounts of the committee's work and voted their thanks to people who had helped them out in raising the money. A vote of thanks was also extended to the newspapers for the aid given the committee when the campaign was on. The executive committee was jubilant at the luncheon today and the members talked over the events of the campaign, which was filled with discouragement at times as well as with excitement. The members only remembered the good things of the campaign today, and a feeling of good fellowship was manifest.

Afterwards he was given his freedom, but he will have to report periodically to Mrs. Trumbull for the next 12 months.

### SECRETARY GARFIELD IS COMING WEST SOON

Will Be Accompanied by New Land Office Commissioner—Chief Forester Coming.

(Washington Bureau of The Journal.) Washington, April 2.—Gifford Pinchot, chief of the forestry bureau, will start soon for a six months' tour of the public lands states, during which he will meet people of all classes, attend many meetings and association conventions and explain the policy of forestry service. He hopes to accomplish two things, first to learn the wishes of the people and also to make clear that his bureau desires to make the forestry service operate on a legitimate basis, forwarding all legitimate enterprises and removing obstructions from the pathway of the settlers. The forestry bureau will ascertain wherein the forestry bureau in the past has been managed along wrong lines and prepare for such alterations as his observation and the opinions of the citizens of the west indicate to be wise. It was also determined definitely today that Secretary Garfield and Commissioner R. A. Ballinger of the general land office will go west to visit several states for the purpose of ascertaining how the laws are being enforced, wherein the policy of the department should be changed and get closer to the people so that on their return they may still further readjust affairs in the department to meet the new conditions that have been disclosed. Probably during the tour they will look into the status of the land fraud cases and arrange for the securing of the public domain in the future and bring past offenders to justice.

### STORK WINS IN RACE WITH PASSENGER TRAIN

(Journal Special Service.) Detroit, Mich., April 2.—While a Michigan Central immigrant train was speeding on its way to Windsor a baby was born to Mrs. Mary Rosenbloom, a Russian Jewish immigrant, on her way to the United States. The proud mother was anxious that the child be born in the United States, the land of her adoption, and the engineer put on full speed at her request. But the stork took matters into its own hands and the youngest member of the Rosenbloom family will have to claim the Dominion of Canada as the land of his nativity, though he missed being born under the stars and stripes by only a few hours.

### CASHED A CHECK AND LOST HEART TO CASHIER

(Journal Special Service.) Los Angeles, April 2.—George S. Wilson, a prominent bachelor and capitalist, took as a bride today Miss Katherine E. Norton, an Illinois girl, who for year had been cashier in the Nadeau hotel. It was there the romance had its inception, when Wilson went to cash a check and lost his heart. Wilson is a member of the elite of the early faded of wealth and is the owner of the Wilson block and other valuable properties. He was for four years in the military service in the Philippines, his quarters in a territorial form of government to statehood. The bridal tour will include all of the United States and Europe.

### MUNICIPAL ELECTIONS THROUGHOUT OKLAHOMA

(Journal Special Service.) Guthrie, Okla., April 2.—Oklahoma cities are holding their elections for mayor and other officials today. Under the stirring political conditions accompanying the transition from a territorial form of government to statehood it is but natural that more than ordinary interest should be manifested in the elections, especially as some of the contests have a more or less important bearing on the senatorial and other contests to come. In Guthrie the mayoralty contest has been an exciting one. The rival candidates for mayor are ex-Governor "Cash" Barre, Republican, and the present incumbent, Dr. John W. Duke, who heads the Democratic ticket.
