She will be seen at the Hellig theatre tonight, Friday and Saturday nights, with a special-price matinee Saturday. Seats are now selling at the box office of the Hellig theatre for the engagement.

#### Send Sale for "Mrs. Wings."

The advance seat sale will open tomorrow (Friday) morning at 10 o'clock, at the box office of the Hellig theatre, Fourteenth and Washington streets, for Lindber & Co.'s production of "Mrs. Wings of the Cabbage Patch," which comes next Monday, Tuesday and Wednesday nights, April 8, 9 and 10, with a special-price matinee Wednesday.

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after Foley's Honey and Tar had been taken.

It will cure the most obstinate racking cough, and heals and strengthens the lungs. Foley's Honey and Tar has cured many cases of incipient Consumption and even in the last stages will always give comfort and relief.

Foley's Honey and Tar gives quick relief to Asthma sufferers, as it relieves the difficult breathing at once. Remember the name—Foley's Honey and Tar—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation. Contains no opiates.

#### Cured of Terrible Cough on Lungs.

N. Jackson of Danville, Ill., writes: "My daughter had a severe attack of La Grippe and a terrible cough on her lungs. We tried a great many remedies without relief. She tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since."

#### Consumption Cured.

Foley & Co., Chicago. Dana, Ind. Gentlemen:—Foley's Honey and Tar cured me of Consumption after I had suffered two years and was almost desperate. These physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit, until Foley's Honey and Tar was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think Foley's Honey and Tar is a God-send to people with Throat and Lung Trouble. Yours very truly,

MRS. MARY AMBROSE.  
Three sizes—25c, 50c, \$1.00.  
The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.

#### Remarkable Play at Baker.

"Leah Kleiman" is one of the very best shows that has ever been seen in Portland. It created a profound impression when presented here two years ago, and the work of the Baker stock company is equally as impressive. Many declare that it is the best effort of the Baker company this season. Certainly it is one of the most satisfactory plays the Third street house has offered, and the work of the company is excellent.

#### Don't Miss "Ole Olson."

If you have never seen "Ole Olson" as he is presented on the stage by Ben Hendrick, you should not fail to get tickets to the Empire production at once. You will always regret having missed this opportunity, for the play is really one that everybody ought to see. Mr. Hendrick has made himself famous playing the part and sings some delightful old Swedish melodies in the course of the performance.

#### Big Treat at Empire.

Light, catchy music is one of the principal features of "A Stranger in Town," which comes to the Empire theatre tomorrow afternoon for a week of mirth and merriment. This show is something very much out of the ordinary for the Empire. Frank Estlin has made a name for himself in it. Matinee Wednesday and Saturday.

#### Just About the Best.

This week the Grand is presenting a vaudeville entertainment which is the best that the house has had in several weeks. The bill is headed by Belle Stone, a young woman who performs a difficult and daring feat. She climbs a ladder while in a steel ball. Solomon is a marvel with figures and appeals especially to the students in the audience. Carr and Jordan have a treasury which pleases well and Collins and Hawley are two clever dancers. These and several others are on the program which makes a most attractive bill. Matinee Wednesday and Saturday.

#### Star's War Drama.

"Winchester," the civil war play which is packing the Star theatre to the doors this week, is one of the most successful dramas on the stage. The Allen stock company is making a pronounced sensation with the play and it is a performance which will long be remembered. The struggle between the north and south is the theme. There is comedy and excitement every moment during the performance. "Winchester" will be held Saturday and Sunday. Seats can be reserved at the box office.

#### Splendid Attraction Next Week.

"The Judge and the Jury" is the name of the play that will be offered by the Baker company next week, beginning Sunday matinee. It is a play that is certain to be immensely popular, dealing with a story that never fails to appeal to the audience. The piece will be staged with the elaborateness that characterizes all Baker productions and is sure to make a hit.

#### "Carmen" at the Lyric.

The dramatic bit of the present week is without doubt, the production of "Carmen" at the Lyric. Scenery and costumes are beautiful. The favorite players sustain the important roles well and many extra people enhance the scenic interest. Two performances Saturday and Sunday nights, the first beginning at 7:15 o'clock.

#### "The Gamekeeper."

Next week at the Lyric the bill will be "The Gamekeeper." It is a play of the better sort and appeals to the higher intelligence. Ails of Seattle opens Sunday morning at the theatre box office.

### WATER SUPPLY FOUND IMPURE AT SILVERTON

(Special Dispatch to The Journal.)  
Silverton, Or., April 4.—Dr. Ralph C. Matson of Portland, bacteriologist to the state board of health, who was in this city a few days ago and took specimens of well water said to be contaminated as a result of sewage from the creamery, submitted a report to the city health officer yesterday, in which he says that the water is free from sediment which would produce disease, but he regards every well examined as extremely unsanitary from the fact that they are situated a mere few feet from a point of convenience than of sanitation, and are without any protection from surface drainage. The specimens of city water taken from a tap while he was in Silverton proved to be contaminated to a considerable extent, and he urges steps taken immediately to abate the nuisance.  
Silverton obtains its water supply from Silver creek, the intake being just below the flouring mills, and the water is pumped directly into a reservoir located on a hill above the city. This reservoir is open, has a dirt bottom, the sides of stone laid in cement. Its only protection is a wire fence. Along the millrace which empties into Silver creek just above the intake is a slaughter house, which is too near Silver creek to insure good health. Without doubt the water in Silver creek is periodically contaminated, and many families in the city have no other means of obtaining water. The result of the examination made by the state board of health will probably have a
