## FRESH CHAPTER IN ROW OVER THE SULLIVAN'S GULCH BRIDGE

Councilman Robert Menefee flatly charged the city engineer's office with favoritism in the matter of construction of bridges over Sullivan's gulch, at the meeting of the council yesterday afternoon. Menefee said that for nearly a year plans had been under way for the Union avenue bridge, but no steps had been taken toward the construction of the bridge. Meantime, plans for bridges have been drawn for East Twelfth and East Twenty-eighth streets and Grand avenue.  
"My constituents are tired of the delay," said Menefee. "The Union avenue bridge, they believe, is unsafe, and they want a steel bridge. A resolution for the building of a new bridge was passed by the council a year ago, but nothing has been done because, I presume, of favoritism. I move that all work upon bridges over Sullivan's gulch be discontinued until the Union avenue bridge is built."  
Bennett opposed the motion, as he said it was necessary to have the East Twelfth street bridge built as soon as possible so as to give fire protection to Holladay addition and Irvington.  
City Engineer Taylor said no work could be done upon Union avenue until the Grand avenue bridge is completed. All street railway traffic is over the Union avenue bridge, and if the structure were torn down the people would have to cross over East Twelfth street or count the ties on the railroad tracks below.  
Menefee's motion was lost by a vote of 5 to 5, the mayor casting the deciding vote on a tie. Annand, Boothe, Menefee,

## HELP PUPILS OF SCHOOLS IN SITKA

### Women's Missionary Society of Portland Presbyterian Church Raised Six Thousand.

At the annual meeting of the Women's Missionary society of the Portland Presbyterian church, the treasurer reported that the society has raised \$6,626.53 during the year for missions. The efforts of the society will be mainly directed during the next year to helping the 120 boys and girls, who are inmates of Sitka Training school. Some clothing and money has been sent to these pupils during the past year.  
The annual election of officers was held at yesterday's meeting, and the following officials were chosen for the ensuing year: President, Mrs. H. N. Scott; vice president, Mrs. James Garrison, Mrs. S. E. Miller, Mrs. A. M. Worth, Mrs. C. Daiseil, Mrs. James E. Wilson, Mrs. M. Linsenweber, Mrs. Earl Bromough, Mrs. Albert Robinson; recording secretary, Mrs. R. A. Brayman; corresponding secretary, Mrs. J. R. Dunning; band and junior secretary, Miss Ethel Simpson; box secretary, Mrs. G. B. Cellars; Y. P. C. E. secretary, Miss Lema Ayer; secretary of literature, Mrs. Charles E. Hill; mission study secretary, Miss Ethel Simpson; secretary over "Sea and Land," Mrs. Glendinning; treasurer, Mrs. J. E. Werlin; librarians, Mrs. D. D. Warner; auditor, W. M. Reid.

## HUNDRED PER SHOULD BE THE SALARY, COUNCILMEN THINK

By a vote of 10 to 3 the council ordered the submission to the people of a bill providing for the increase of their salaries of from \$25 to \$100 a month. The bill was fathered by Councilman Wills.  
"I am not ashamed of it," he said when he presented it to the council. "I'll stand by it."  
Dr. L. M. Davis, an ex-councilman and a representative of the Multnomah Push club, advocated the increase of salary. Dr. Davis said he did not believe a councilman could pursue his duties honestly and fearlessly at a salary

## SOZODONT TOOTH POWDER

the favorite dentifrice. Perfectly delicious and fragrant. Positively beneficial. Ask your dentist.

## MACHINES MAY FEED BONFIRE

Possible Outcome of Wickham Case—No Formal Trial Before Judge Cameron Expected.

Unless Mark Schlussel, the money lender and part owner of the cigar store at 249 Washington street, raises an objection, according to the arrangement made between Attorney Moody for the defense and Deputy District Attorney Haney, the case against Schlussel and Alfred Wickham, charged with operating slot machines in violation of the law, will be submitted to Judge Cameron without a trial.  
Haney and Moody, in a conference held today, agreed upon the evidence to be laid before the magistrate, upon which the cases are to be decided. Schlussel, upon hearing of the action of

## How Much Paint to the Can?

UNCLE Sam sets the Standard Measure for a gallon at 231 inches. The "HIGH STANDARD" PAINT can has 231 inches inside. Every time you buy a "HIGH STANDARD" gallon can, you get a gallon of paint. Every time you buy a 2½-inch-inside can, you get about measure—even though it is filled to the brim.  
Every size can of "HIGH STANDARD" is full U.S. Government Standard Measure of paint—not capacity only. So when you see offered paint a "cheaper" than Love Brothers, see if the quantity is there.  
But paint quality is the real consideration, after all. That is where the real economy comes in—satisfaction and service.

### Love Brothers "High Standard" Liquid Paint Gives Best Results

In spreading and covering, working and waiting—a difference of 30 to 50 per cent. over "cheap" paint which quickly proves its costliness.  
"HIGH STANDARD" PAINT is made of the materials which a third-century of practical and scientific paint-making has proven to be best mixed and milled, ground and prepared, by powerful machinery to an indelible fineness and a perfect union of solids and liquids. "HIGH STANDARD" PAINT is sealed in air-tight cans—which keep it always fresh and good—and marked with "The Little Blue Flag"—Your Protection.  
There is a Love Brothers Paint for every use and a Love Brothers dealer in nearly every town. Write us for current dealer's name and our practical booklet, "Paints and Painting." Mailed Free.

RASMUSSEN & CO., Second and Taylor Sts.

his attorney, declared that he would insist on a trial. The defense apparently expects defeat and have announced their intention of carrying the matter to the upper courts.  
Schlussel sought to have Chief Deputy District Attorney Haney, who is in charge of the machines confiscated, for which the defense would put up a bond, but he refused to listen. In the event that Judge Cameron finds Wickham and Schlussel guilty, the machines will either be thrown into the street or, as has been suggested, destroyed in a bonfire to be held in front of public headquarters.
