

TONGUE SPORTS ARE INTERESTED

Boxing Carnival on April Fifteenth Promises to Be a Star Affair.

SCHRECK AND WILLE ARE IN PRIME CONDITION

Cove and Knight Are Doing the Hardest Kind of Work Getting Into Trim for Their Bout on the Same Occasion.

(Journal Special Service.) Tonight, Nov. April 5.—Everything is now smooth sailing for the boxing carnival that is to take place here on April 15, when there will be a fight in the afternoon and another at night.

Mike Schreck and John Wille and their trainers are on their way from the east and should be here early during the coming week. The troublesome questions of transportation, expense money and division of the purse have all been settled, so that there will be nothing to do upon the arrival of the men but to sign articles and select their training quarters and get busy.

Both men have agreed that they will have plenty of time to train so as to be able to go into the ring on the fifteenth in the finest of condition. Neither man will take a chance on his condition for the reason that he is going to make the fight of his life, and the meeting under the auspices of the Casino Athletic club will be one for blood as well as money.

The heavyweight fight will be in the champion class, for Wille and Schreck are of the quietest that lays claim to the Jeffries belt. The winner of the fight will be one notch nearer to the championship and a fight between him and Jack O'Brien will settle the ownership of the belt.

So, under the circumstances, the public will see a performance well worth traveling to and the public is assured of a run for its money. The fight between the bantams will be in itself well worth seeing, for the little fellows are also out for blood, and the championship of the United States.

Cove and Knight are in fine condition and are sticking to their work. There is considerable disparity between the two boys in point of size and reach, Cove being the lankier and the longer, but what Knight lacks in reach he makes up in quickness and force. He bodes and bodes and is calculated to keep any one who stands before him busy. Lee Flanders, who is matched to fight the preliminary with Kid Parker, will join Knight's sparring partners Monday.

The preliminary in the afternoon promises rare sport, too, for it is going to be a hurricane affair from the jump. Parker weighs 154 pounds and Flanders tips the beam at 155, and both men are eager to make a record on this occasion.

They have been in the ring before and each has the reputation of being able to "take" some. Parker has been training with Cove for the past few days and has exhibited a wanton desire for punishment, which he has been getting at the hands of the Canadian champion.

OREGON'S BASEBALL NINE WILL MAKE LONG TOUR

(Special Dispatch to The Journal.) University of Oregon, Eugene, April 5.—The baseball team here which will take an extended trip through Washington and Idaho, playing Multnomah at Portland, has undergone considerable change the last two or three days, for two Portland boys have won places on the infield who it is thought would make only the outfield. Huston, who was making an excellent utility man, is one, and Dud Clark is the other. Clark will play at shortstop, which Ramp held down last year, and Huston will go to second base. Both men have shown up wonderfully the last two practices, their wings being especially speedy and accurate, as well as their ability to stop grounders being good. Smith, who was generally considered up to a day or two ago, had second base clinched, but according to the present announcement he will go to the outfield.

Johnson has made good at catcher over Kelly, though the latter will act as change and play in the outfield. Kelly is a strong batter, as well as a fast fielder. Captain Paine of this city will hold down the first bag during the trip and the Portland trio, Hathaway at third, Clark at short and Huston at second, will handle the rest of the diamond. The outfield will be made up of Kelly, Kestley, Ramp and Smith, the pitchers will be Clifford, Beck and Hurd. On the trip 12 men outside of the manager and coach will be taken, the preceding team being the fortunate ones according to announcement made last night. The team is fast becoming very proficient, battling in practice like leaguers and fielding even this early in good form.

HUNT CLUB PAPER CHASE TOMORROW

The Portland Hunt club members will hold a paper chase tomorrow afternoon at 2:45 o'clock. The hare for the event are Mr. and Mrs. S. C. Spencer and the start will be made at Coe street and the Sandy road.

Scheduled for Tonight. Arthur Cole vs. Harry Berger, 10 rounds, at Portland, Me.

PACIFIC COAST LEAGUE TO OPEN TOMORROW

Portland Will Start at San Francisco and Oakland Will Tackle the Angels.

The Pacific coast league will be formally opened tomorrow, the first games being scheduled at San Francisco and Los Angeles.

The Portland team will meet the Seals and the Oaklanders will cross bats with the Angels.

The opening of the ball season will be hailed with delight by the thousands of fans who have been the loyal supporters of baseball on the Pacific coast. Here in Portland the fans are anxiously awaiting the command "play ball." Although the season will not open in Portland until May 14, the local devotees will keep posted on the work of the Giants in California. The exact line-up of the Portland team will not be announced until immediately before tomorrow's game at San Francisco. Manager McCredie has had a difficult time in getting his team together, due to the failure of his players to report on time. Donahue and Henderson, the team's star pitcher and catcher, were in Los Angeles last week; Jud Smith returned to play any place but in the Los Angeles team; McHale is lost somewhere in the wilds of Montana and won't even write to his mother; Monte preferred to cast his lot with the St. Johns team, and there you are. With what men he had Manager McCredie whipped together a rather lively team and, while the weather at the training quarters, Salinas, was not the best the Portland lads received a fairly good training.

SPORTING CHATTER.

Bob Fitzsimmons has filed a suit against the Illinois Central railroad for \$1,000, asserting that he suffered damage to that amount through the failure of the railroad to deliver his scenic effects in East St. Louis in time for his show.

Marvin Hart, the heavyweight pugilist, is another fighter who has got the mania of picking out "lemons" to beat up in a static battle. He has picked poor old Peter Maher for his next opponent, and the pair will come together in a 15-round bout at a show to be brought off by the Whittington Park Athletic club of Hot Springs on the night of April 9. They are to battle at catch weights for 60 per cent of the gross receipts.

The only fight that Maher has won in a long time was that with his mother-in-law, whom he almost put out during an altercation at New Orleans a few months ago. Hart, therefore, should have no trouble in putting Peter away in a few rounds.

Commenting on the death of "Chick" Stahl, who committed suicide at West Baden, a writer says the dead man this time. "Of the dead speak nothing but good. In this case might else can be spoken were it so desired. For Charles C. Stahl this and his home, and he is dead. That same man which sought his honor in the act of it did, with such courage as the heart may give, still his heart. Of the heavy causes which led to his untimely taking off of himself we know little. To us it seems that he had not any. What existed between the man and his own soul, or what conscience made him cowardly toward it—be—and softened his resolution to live, none of us can say. The private world is deeper. We cannot look at life through another man's eyes. Some may hold that it is a silliness to live when life is a torment, and few can agree as to what may be.

A handsome man, or finer, than this dead baseball player seldom lived. Though waxing stout as days went by, Stahl was, some seven years back, the very best ideal of manly beauty. Of middle height, perfectly molded, fair skin, blue eyes, light-brown, curly hair, classic features, small feet and the sunniest of dispositions made young Stahl an admirable and lovable fellow.

They say best men are molded out of faults and become better for being a little bad. If Stahl had faults beyond the smallest and most trivial no one knew of them. A rarer or friendlier spirit seldom has been found in humanity. Just why he should want to live is something that will always puzzle those who intimately knew him. "Now he is dead. The chattering daws of men may call him coward. Silence! He is in his grave. How know we what an oppress had root in his bosom? Greatly he has suffered; greatly, too, he may have erred and broke his heart in trying to be brave. Let us hope that his soul has mounted to a seat on high. Let us trust that in another world he sees the august broadening of the light. For in this he loved his fellows, and his love was sweet. Plant daisies at his head and at his feet."

YOUNG MEN'S CLUB TO BE STARTED TODAY

This afternoon at 5:30 ground will be broken for the new home of the Catholic Young Men's club of Albina. Archbishop Christie and Mayor Lane will be present and deliver the principal addresses.

The new clubhouse will be erected on Morris street, near Williams avenue, and it will be one of the most modern institutions of its kind in the country. The board of directors of the club is composed of Rev. William A. Daly, A. R. Kessler, J. P. Kavanagh, P. W. Wascher, A. F. Veluth, D. W. Ward, J. F. Duff, D. J. McLaughlin, H. C. Albright, J. P. ATHLETIC GOSSIP FROM BERKELEY

California Oarsmen Are Patiently Waiting for Shells to Arrive.

WASHINGTON WANTS TO ROW BLUE AND GOLD

The Annual Baseball Games With Stanford Will Begin Tomorrow and the Students Are Looking Forward to Series Good Matches.

University of California, Berkeley, April 5.—Unless the much delayed, long-talked of shells arrive in Berkeley tomorrow no intercollegiate boat races will be held at Sausalito this year between Stanford and Berkeley in the eight oared shells, and whether a four oared race will be held or not in that case has not as yet been decided. Such was the announcement made last evening by Captain McKillohan of the California variety crew.

Coach Garnett has received a communication from the University of Washington asking if it is possible to have a meet on the Sound this spring. Washington agrees to bring north the winning crew of the Stanford-California race and if possible the winners of the freshman race between the same universities.

Coach Garnett has such high hopes of repeating the past boat victories against Stanford that he says that if Washington is unable to bring the first year men to the Sound that he expects California to pay their expenses north as a mark of appreciation of their good work.

Oregon is not represented on the variety crew at Berkeley but the freshman crew claims as its coxswain F. E. Steel of Portland who is showing up well.

The first intercollegiate game of baseball for the season of 1907 will be played on California field tomorrow. The second in the series will occur at Palo Alto a few weeks hence and if it is necessary to play a third game to decide the winners the contest will be played on neutral ground towards the last of April.

STANFORD'S CHANCES ARE NOT VERY BRIGHT

(Special Dispatch to The Journal.) University of Oregon, Eugene, April 5.—Private information from Stanford, Oregon, the second in the team there are discouraged over their prospects, as their team has not come up to what they expected of it. While in some events they have good men, in others, as the sprints and weights, they are lamentably weak. Though the information did not come through Trainer Hayward or the track management here, the recent meet in southern California, held at Berkeley, showed that Oregon is feeling a bit cheerier about the big meet, which will probably be for the championship of the coast.

Next Saturday will give some idea as to how her men will line up in records against those made by the Stanford men this spring, and every enthusiast here is looking forward to the day with expectation.

KELSO'S PROSPECTS ON THE BASEBALL DIAMOND

Kelso, Wash., April 5.—Kelso's baseball team which defeated every team in the Portland city league last year is being reorganized with the loss of only a few of last year's players. This year's aggregation promises to be another championship team. Kelso was offered a place on the Tri-City league but the offer was refused as it is expected that most of the games will be played at home.

CORVALLIS ENTERTAINS UNITED EVANGELICALS

Sixty Delegates, Lay and Clerical, in Attendance—Conference to Close Sunday.

(Special Dispatch to The Journal.) Corvallis, April 5.—About 60 delegates comprising both ministers and lay representatives from the various churches of that denomination in Oregon and Washington are in this city in attendance at the annual conference of the United Evangelical church, which is now in session.

Conference was opened yesterday by Bishop Hill of Highland Park, Illinois, who is presiding over the deliberations. The annual address was a very able, entertaining and helpful discourse.

The remainder of the week will be given over to the business of the session.

Last night the sermon was by Rev. H. A. Deck of Salem. Tonight's sermon will be by Rev. B. S. Hughes of Irrigon. Saturday night's by Dr. C. A. Mock of Dallas college. On Sunday, both morning and evening, Bishop Hill will preach at the United Evangelical church.

Among the well known men in attendance at the conference are Professor Dunkelberger of Dallas, S. L. Lind, say of Hillsboro, M. B. Young of Dayton, G. L. Lovell of Florence, A. A. Winter of Portland, Dr. C. A. Mock of Dallas, O. O. Arnold, W. N. Fessler, C. A. Burt, W. N. Sager and others.

An honor of the delegates an elaborate banquet was given at the United Evangelical church Wednesday night. Covers were laid for 160. Toasts were responded to as follows: G. L. Lind, toastmaster; C. T. Hurd, local pastor; "Blest Be the Tie," Bishop Hill; "A Presiding Elder's Perplexities," H. L. Pratt; "Bettin' on the Conference," H. Barendsen; "Crossing the Bar," G. L. Lovell; "The Stationing Committee," A. A. Winter; "An Old Evangelical," John Bier.

At the conclusion of the banquet, unique souvenirs were given to all, and after a fine sermon was heard from Rev. N. W. Sager of Dallas. Excellent music was provided by a male chorus composed of Messrs. Hurd, Lovell, Carver, Chambers, Wood and Hotchkiss. The conference will close Sunday night and the appointments will probably be announced early Monday forenoon, this being the report in which all are vitally interested.

AT THE THEATRES

Blanche Walsh at Heilig Tonight. The attraction at the Heilig theatre, Fourteenth and Washington streets, tonight and tomorrow will be the favorite actress, Blanche Walsh, in Clyde Fitch's comedy-drama, "The Straight Road." Seats selling at theatre box office.

Special Price Matinee at Heilig. A special-price matinee will be given at the Heilig theatre tomorrow (Saturday) afternoon at 2:15 o'clock. Blanche Walsh in "The Straight Road" will be the attraction.

"Mrs. Wiggs of the Cabbage Patch." Among good plays, "Mrs. Wiggs of the Cabbage Patch," which comes to the Heilig theatre next Monday, Tuesday and Wednesday nights, April 8, 9 and 10, with a special-price matinee Wednesday, seems to have the most superlative vitality. From the first, the dramatist's use of his two female stars, "Mrs. Wiggs" and "Lovey Mary," set with a degree of popular favor more enthusiastic, if anything, than that awarded those "best selling" novels of low life in more streets. Seats selling at the box office of the Heilig theatre.

Baker Seats in Demand. The remarkable opportunity of seeing Mrs. Fitch's play, "The Straight Road," at popular prices is being taken advantage of by hosts of theatre-goers in Portland. Consequently the Baker has been playing to capacity houses all this week. It is expected that the tremendous demand for seats was scarcely dreamed of.

Baker's Strong Attraction. "The Judge and the Jury" is the title of the play which will be seen next week at the Baker, beginning next Sunday afternoon. This Morocco production made an instantaneous success when it was first presented at the Broadway theatre in Los Angeles, and critics everywhere have given it remarkably high praise.

All Seeing "Ole Olson." It's remarkable how many people want to see "Ole Olson" every time it appears in Portland. It's at the Empire this week. One reason is that it is a play which has never been forgotten. Ben Hendricks is the most successful interpreter of the famous character of Ole Olson Saturday. "A Stranger in Town" opens Sunday.

"A Stranger in Town." At the Empire next week "A Stranger in Town" is the very best of musical comedies, will be presented. This production is quite out of the ordinary, and shows that the Empire management always provides a variety of amusement for the patron of that ever-popular theatre. "A Stranger in Town" opens with the Sunday matinee. Matinees Wednesday and Saturday.

"Winchester" at Star. Do not forget the matinee of "Winchester" at the Star theatre tomorrow afternoon. This is the great civil war drama of which you have heard so much in the press. The play is giving a performance which is taking the capacity of the theatre every evening. "Winchester" is the story of the love of a southern girl for a soldier and her efforts to save him from execution when he is falsely accused of being a traitor. "Winchester" is a play you love your country more. It is a patriotic play. The last performances will be given Sunday afternoon and night. Seats are now on sale.

At the Grand. From the opening act to the moving picture there is not a dull specialty on the vanguard program at the Grand this week. The headline attraction is Belle Hays, a young woman who makes a daring ascent of a spiral staircase in a steel globe. Solomon is a lightning calculator. The greatest in the world, Carr and Jordan have a stinging and travesty act which is entertaining and comical, and there are a number of other specialties which will go to make this week's program one which should be missed by those who like a bright and airy entertainment.

"Carmen" at the Lyric. You ought to take advantage of the chance to see a spectacular production of "Carmen" at popular prices at the Lyric this week. It has proved the biggest hit of the season and company has done there is a last time to check it. The Almighty Oceanic Company has two performances Saturday and Sunday nights, the first commencing at 7:15 o'clock. Seats may be reserved by telephone or secured at the theatre box office.

A day longer. Summer weather will be upon us almost before we know it, and you must have a new, lighter weight suit—or sweater. Sunday should find you logged out spick and span. Mind over matter gets its influence on a warm day. The way a man looks has a great deal to do with the way he feels. When the friend he meets sizes him up, and says, "Boy, nice and cool you look," his mental thermometer takes an instant drop, and he concludes he isn't so awfully hot after all. Everything a man wants in handsome, stylish clothing for spring and summer days is here—no matter what his taste, at any price he wants to pay, and at

Grandfather's Cure for Constipation

GREAT medicine, the Sawbuck. Two hours a day sawing wood will keep anyone's bowels regular. No need of pills, Cathartics, Castor Oil, nor "Physo," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and, a Ten-Mile walk will do, if you haven't got a wood-pile. But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because, there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work. They don't Purge, Grip, or "upset your Stomach," because they don't act like "Physo."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Apertent Waters always do. No-Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

A Cascareset acts on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles. Cascarets move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

The thin, flat, Ten-Cent Box is made to fit your Vest pocket, or "My Lady's" Purse. Druggists—10 Cents a Box. Carry it constantly with you and take a Cascareset whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC"

SPINAL MENINGITIS HISTORY IN TACOMA (Special Dispatch to The Journal.) Tacoma, Wash., April 5.—City Bacteriologist Bebb and City Health Officer Green have gathered curious data regarding spinal meningitis, which they say has now died out here. They say the disease visited Tacoma in two waves, one lasting February 15 to 25 and the other March 15 to 19. Of the 42 cases in Tacoma, 25 were in families already visited by the disease. Ten

of the subjects were under 10 years of age and none was over 30. Seven of the subjects are still living, but two of them are deaf. The other five are not yet out of danger. Who Needs Coal?
