**ILL HEALTH KEEPS LOSS FROM BUSINESS**

Financial Difficulties Result in Breakdown of United Railways Promoter.

The condition of C. E. Loss, which for some days caused his friends uneasiness, is said to be somewhat improved. For several weeks he has been confined to his home at Santa Barbara, under treatment for heart trouble.

All business has been kept away from him, and he has been in constant charge of a trained nurse and physician. W. L. Benham, president of the United Railways company, who has just returned from Los Angeles, gave a favorable report of Mr. Loss' condition. Construction work on the United Railways company's Portland system is being pushed and as fast as the steel rails arrive they are being laid on the front street line. The entire system will be built, it is said, and the project of the Oregon Traction company carried out. The condition of the Loss company's affairs at Dr. Loss are now being ascertained by a thorough examination of all books and accounts. The construction work on the Dr. Loss contract held by the Loss company with the Southern Pacific railroad has yielded up the books of the Loss company, and

they are now in possession of A. C. Emmons, Mr. Loss' attorney. A suit for heavy damages may grow out of the sensational arrest of Mr. Emmons at Dr. Loss. At the time he went there to represent his client some weeks ago in litigation between the Loss company and one of its employees, he was arrested, his baggage was seized and searched and he was prevented from pursuing his professional duties. Mr. Emmons, after being arrested twice and arraigned at Dr. Loss before a justice of the peace, was liberated. Subsequent legal action was taken to recover the books of the company he represented.

"I suffered habitually from constipation," Dean's Regular relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

AT THE VAUDEVILLE THEATRES**The Grand's New Bill**

"The Actor and the Hair-Lip Boy" is the title of a novelty act which the head liners, Haverly and McKee, are presenting at the Grand this week. It is a clever act and one that is greatly pleasing to the audience.

another extremely good feature. They have few equals in the musical line in vaudeville. Ben Omar, a character dancer, is indeed a novelty and his work shows that he has earned the title of the human top. The bill is an unusually good one and is playing to large audiences this week.

AT THE STOCK THEATRES**At the Star.**

Farces have been among the very best attractions that the Allen stock company has offered. "Our New Girl," described as a screaming farce, began a week's engagement at the Star on Monday.

day and has developed into one of the greatest hits the Allen company has made. "Our New Girl" is a translation from the French and is considered a departure from the regular line of farces. It has a plot which begins in the first act and ends in the last keeping the audience in the proper state of excitement during the whole performance. The fun is caused by the complications which arise from the inability of the girl to understand English.

Among those who are playing important roles are Forest Henshaw, Vera Dalton, W. C. Glen, Taylor Bennett, Irving Kennedy and others. The play is drawing large houses and is very satisfactory.

play of Irish country life which had a good run in New York and has been on the road for several years. It is being offered at the Lyric this week and is proving immensely popular. There is a vein of Irish humor in the play which tells a story that is intensely human and strong for its simplicity. The plot is sufficiently complicated to keep the audience in a state of expectation and there are many interesting situations and dialogues. The play has been tremendously well received. Among those who play important roles are Forest Henshaw, Vera Dalton, W. C. Glen, Taylor Bennett, Irving Kennedy and others. The play is drawing large houses and is very satisfactory.
