Clever Lads from Eugene Carry Off Honors at Fourth Annual Event.

COLUMBIA'S GYMNASIUM FILLED WITH SPECTATORS

Kelly, the World's Champion, Took All the Sprints in Which He Was Entered—Devolt of O. A. C. Shows Remarkable Endurance and Speed

POINTS SCORED. U. of O.—544. O. A. C.—20. M. A. C.—14. M. A. C. U.—11. Eugene High—11. Portland High—7. Pacific University—1. East Side High—8. Hill Military—

Kelly was there. It was Kelly's day as usual. It was Kelly this and Kelly that. He ran away with the 60-yard dash, grinned at the rest of them coming up behind him in the 220-yard heat, trotted away from all of them in the dash of the half mile relay and set a second position in the running broad jump.

In fact, the weather all afternoon favored the hard-muscled athletes from Eugene. The college boys scored 544 points out of 59, taking to themselves a majority of 344 points over their nearest competitor, the Oregon Agric, who held second place in the events on the field with a score of 80.

Eugene High Busy. Not to be outdone by the feats of the college representatives, Eugene High added to the glory which will be carried back to the university city by taking first place in the points scored among the high schools and academies.

The only two running events in which Kelly did not participate—the 880-yard run and the mile run—were captured by Devolt of the Agricultural college, who showed remarkable speed and endurance. He won the former with ease and in the longer event brought out a thunder of applause at his final performance on the track.

Devolt's Good Work. But Devolt's remarkable feat, which elicited from the crowded amphitheatre a tremendous cheering, during college enthusiasm which reminded one of the love taps heard in a boiler factory, came in the last lap. When a quarter of the way around the circuit he suddenly plunged forward with a speed faster than lightning at the start.

The mile run was the only event during the afternoon in which the Indian training school was represented. All of the members entered from that institution—Edgerton, the runner, and Sprague, took part in the race. The former held the place close to the lead until the last quarter, when he gradually dropped behind to be outdistanced by five others of the runners at the finish.

Kelly's closest competitor in the events in which he was entered was Moore, a classmate. The latter ran close to the holder of the world's 100-yard record in the 60-yard dash and many who were in the audience with the tape at the finish believed that Kelly had been beaten at his favorite pastime.

Baseball Men Busy. Baseball is also claiming a large share of the student body's attention at this time, and every afternoon the bleachers are filled with a good crowd of interested spectators. The weather permitting, Lonagan has had at least two practice games since the start of the season.

Goodell in Form. Goodell's pitching this year has been of the highest order. Handicapped as he was by being not to compete against a veteran, he has shown wonderful improvement and he may be Stanford's mainstay in the box against California.

TRACK AND FIELD MEN DISLIKE THE RULING

Cardinals Making Rapid Progress in Baseball, Boating and Other Sports That Are Fostered During Summer—Portland Boys Active.

(Special Dispatch to The Journal.) Stanford University, Cal., April 12.—The spring season in athletics is proving one of the busiest in Stanford's history. With the past two weeks of fine weather the candidates for track, baseball, boating and tennis have been working hard and the different athletic teams are rapidly attaining the degree of perfection which marked their just before the earthquake last spring.

With over 125 men to work with on the track, Trainer "Dad" Moulton is developing a set of stars performers. Time and again this spring different Stanford records on the track have been broken. Nash, the speedy twomiler, in one of the preliminary meets succeeded in clipping a few seconds off the records in that event and then the following Saturday again broke his own week's old record and established a new one.

Holman and Reed, both of Portland, are the best men in those events and though in Stanford of California they will find a hard man to beat, yet it is expected that they will bring home a good share of the points. Freshman Reed has been laboring under heavy odds this spring. Suffering from a severe injury to his foot, it was feared for awhile that he would be unable to compete in the annual intercollegiate freeman meet.

Another man who will be heard from is F. R. Lanagan, a brother of Coach Holman, who is the holder of the 1100 yard mile run. He is expected to hold the record at 11 feet 9 inches in the pole vault.

The strength of the Cardinal track team is shown by the recent southern California meet, in which Stanford competed against the pick of the collected teams which hardly expected that Stanford would win this meet, but the Cardinal team of 14 picked men did the almost impossible by taking 10 first place honors in the southern meet.

This announcement comes as a disappointment. Such a meet would have placed us in closer relations with the southern.

Baseball Men Busy. Baseball is also claiming a large share of the student body's attention at this time, and every afternoon the bleachers are filled with a good crowd of interested spectators.

Goodell in Form. Goodell's pitching this year has been of the highest order. Handicapped as he was by being not to compete against a veteran, he has shown wonderful improvement and he may be Stanford's mainstay in the box against California.

The players are: Standing, reading from left to right—Fleming, Emrich, Van Northwick, Parlow (manager), Briggs, Heitman, O'Brien. Sitting—Taylor, Harnden, Jameson, Ball.

FIRST GAMES OF TRI-CITY TEAMS

Today Marks the Opening of the Local Baseball Season in Portland.

MANAGERS REPORT THEIR TEAMS IN CONDITION

Trunkmakers and Woodburns and Frakes and North Pacific Brewery Nines Will Start Ball Rolling—Lineup of the Different Clubs.

Today is set for the official opening of the Tri-City league season and if his ancient wife, Juniper Pluvius, will only deign to smile upon the Woodburn and Vaughn-street diamonds this afternoon, the four teams scheduled for the opening game will do the rest.

President Whitmore and Secretary Smith made a flying trip to Kelso, Washington, in the interests of the Tri-City league Thursday and met with the Kelso magnates in the Commercial club rooms. After a thorough discussion of the league business, the Kelso promoters voted to make application for a place on the league circuit.

Charley Rankin, the manager of the Kelso 1906 team, has been elected to the same position for the league team. He has already gathered together a formidable bunch, including some of last year's champion team.

The Kelso team will represent both the towns of Cullin and Kelso, and will be known as the Kelso team. Their uniforms have been ordered, the color scheme being white with cardinal trimmings.

Manager Parlow of the Trunkmakers evidently believes in California material for his ball team, as he has annexed four more California State leaguers to his already strong bunch.

Ash Houston, the clever third baseman, signed by Manager Whitehead for the Milliners, has decided to stay in organized ball and will be seen guarding sack three this season, wearing a Frakes uniform.

JACK OLNEY WILL PITCH FOR BRAINARD CUBS

One of the men that Manager Smith will pin his faith to for this season is "Southpaw" Jack Olney, lately of Seattle, now a resident of Portland, and one of the pitching staff for the Cubs.

Olney has been twirling for about five years in the northwest. Last year he pitched for Bothwell, Washington, winning 80 per cent of his games. He hits at a 287 clip and has speed and vicious curves. One of his notable performances was the winning of a 14-inning game last season against the "Amcats," the crack semi-professional team of Tacoma.

ROSEBUDS WIN FOURTH STRAIGHT BALL GAME

The Rosebuds defeated the Multnomah Juniors yesterday afternoon by the score of 10 to 4. This was the third game won by the Rosebuds from the Multnomahs. The Rosebuds will challenge any team in the city under 15 years of age.

KERRIGAN WRITES ABOUT SPOKANE

Multnomah Athlete Has a Few Things to Say Regarding S. A. C. Spirit.

CITIZENS SUPPORT THE CLUB SATISFACTORILY

Rumors Were Circulated That Frank Feared His Opponent, Which Accounted for His Early Homecoming—Story Is Laughed at.

The following letter written by Mr. Kerrigan prior to the Multnomah-Spokane meet in Spokane on Friday night was misused, this fact therefore explaining its publication today:

By H. W. Kerrigan. Spokane, April 12.—Everying is bright in Spokane for a good intercollegiate wrestling and boxing championship. The whole town is anxious and looks forward to such a meet. Signs are up over town announcing the contest between the Multnomah A. A. club of Portland and the local athletic club.

Edgar Frank and myself arrived here yesterday morning from St. Paul. Of course the first thing we must do was to go up to the Spokane athletic club. It was while going up there that we saw the preparations being made for the coming morning.

Up at the club signs were up all over the place announcing the events of Friday night with pictures of the various contestants taking part. Some in caricature and some in photographs. It showed real live interest in the sport and for the first time since I was one or two but every member seemed to be conversant with the different competitors entered and really knew there was to be a contest.

One of the men that Manager Smith will pin his faith to for this season is "Southpaw" Jack Olney, lately of Seattle, now a resident of Portland, and one of the pitching staff for the Cubs.

Olney has been twirling for about five years in the northwest. Last year he pitched for Bothwell, Washington, winning 80 per cent of his games. He hits at a 287 clip and has speed and vicious curves.

GOOD GAME BUT PORTLAND LOSES

Kinsella in Fine Form, but the Fates Went Against the Giants.

WILLIS MADE DEBUT AND DID FAIR WORK

One of the Most Interesting Contests of the Season Won Out by the Seals in the Eighth Inning—Portland Scored in the First.

(Special News by Longest Leased Wire.) San Francisco, April 12.—The Seals faced the Beavers with a grab-bag lineup today, and although they pulled off three errors of an unparagoned sort and hit Kinsella for only four hits, they succeeded in nocking out the men from the north in a 1 to 1 game that was full of interest every minute of the while.

Willis, the lad, Long secured from Canton, Ohio, made his first bow of the season, and although he pitched more than a fair quality of ball, he was pretty lucky to get away with a victory. He walked three men, allowed six hits and pitched off the first half of the eighth frame without a tally. Then Long's braves earned another, just enough to win. Murphy clouted a hot one down past first and got to second on it. Street broke up the game with a drive through Casey, right out of the fire, Murphy came in and the Beavers were held down, despite two safeties, in their half of the ninth. Summary of the game:

Table showing scores for Portland vs San Francisco: Portland 1, San Francisco 1.

Two-base hits—Street, Moore, Murphy. Sacrifice hits—Willis, Stinson. First base on called balls—Off Kinsella.

The Couch school baseball team was defeated by the Shattuck team by a score of 6 to 2. This is the thirteenth straight game won by the Shattuck team. The lineup:

To Arrange for Parade. The Multnomah Athletic club has appointed the following members to arrange for the automobile feature of the society circus parade next Thursday afternoon: Robert Inman, E. F. Canon, Dr. A. E. Mackay and Floyd Cavell.

will be remembered as the young fellow who wrestled against "Doc" Tuttle during the bouts between Multnomah and Spokane in March.

He is about 160 stripped now and is in good shape. If Johnson throw him even there would still be but little satisfaction for Johnson of Multnomah. Comparing the two men it looks like Johnson would throw Adams anyway, although Adams weighs about 135 pounds in condition.

Weights Not Made Clean. Spokane, like Seattle, in mentioning weights took it for granted that the men shall weigh 135 pounds or over while Multnomah understood it to mean not over 125 pounds or under if they liked, according to the same conditions governing the other weights.

Johnny Parsons, who defeated Olma Dranga in the northwest championships, thinks he can do it just as easily this time and says he is very anxious to meet Nicken of Multnomah. The managers of Multnomah and Spokane are trying to arrange a special match between the two boys for next month.

Mr. Finnigan, who is manager of the baseball team here, is very anxious to arrange a game with Multnomah and guarantees the Multnomah club, he says, \$100 or more if it is absolutely necessary and expects the same in return if he should take a team to Portland.
