## TELL OF EARLY DAYS OF CHURCH

Members of Calvary Presbyterian Celebrate Their Twenty-Fifth Anniversary.

The exercises attending the celebration of the twenty-fifth anniversary of the organisation of Calvary Presbyterian church began last night. Two former pastors were present, both delivering short addresses. Almost the entire evening was taken up in reading communications from absent members and in listening to remarks by those who have long been active in the church's affairs, telling of the work that has been accomplished in the past 25 years.

Rev. B. E. S. Ely, D. D., the present pastor of Calvary, and Rev. Williams Hiram Foulkes, pastor of the First Presbyterian or mother church, made interesting talks.

William B. Honeyman, the only living member of the first board of trustees, told of their early struggles in effecting and maintaining the organization. The first trustees were George J. Almosorth. H. J. Corbett, W. M. Ladd, J. B. Wyatt. F. B. Strong and William B. Honeyman.

Horace D. Ramsdell told of the work of the Sunday school, saying that the first Sunday school was organized in 1878, at a time when Thirteenth and Main streats was almost of the celebration that Limcoln county, is in the city. Miss Meta Brown sang Tennyson's poem, "Break, Break, Break on Thy Cold Gray Stones, O Ses."

Former pastors, Rev. William H. Landon, D. D., and Rev. William S. Gilbert, told of their experiences during their pastorates of Calvary.

The anniversary exercises will continue tonight, beginning at 8 o'clock. At the close of the program the spring meeting of the Portland Presbytery will begin.

Empress Fears Anarchists Might Will Buy Assault Prince Oscar at Harvard-Will Visit America.

(Journal Special Service.)

Berlin, April 16.—It is stated on excellent authority that no son of the kniser is to be sent to Harvard university, all reports in American papers notwithstanding.

It is not denied that the kniser, who holds a very high opinion of the famous American university, has thought of sending Prince Oscar across the Atlantic to put the finishing touches to his education, but several reasons are given why the plan has been given up, principal among these being the fear of the empress that her son might fall a victim to murderous attempts by anarchists. archists.

The young man will, however, be allowed to travel extensively, and as he has no greater desire than to make a trip around the world, it is not unlikely that he will pass through the United States and visit the principal cities of
