PRESCRIPTION FOR SPINAL MENINGITIS

Used With Good Results in Saginaw, Michigan, During an Epidemic.

A specific for spinal meningitis has been sent to The Journal by Mrs. Angle Crandell of 1274 Villard avenue, who states that the prescription was used in Saginaw, Michigan, several years ago during an epidemic of the disease with great benefit. The prescription is contained in a clipping from the Courier-Herald of Saginaw under a Detroit date and is as follows:

"Dr. George McElveen of Detroit has given to the public a prescription for cerebro-spinal meningitis, which he asserts is an absolute specific for the disease. He bases his claims upon his experience at Mayesville, South Carolina, in 1885. The disease was epidemic there at that time, he says, and his prescription was used in 25 cases, with the result that a recovery was accomplished in every case. The prescription is as follows: Bichloride of mercury I grain; iodide of potash 4 drachms; fluid extract of ergot 2 ounces; water I ounce. The dose is a teaspoonful every three hours regardless of age or sex. Dr. McElveen was formerly a surgeon of the Third regiment of the Michigan guards. He is a graduate of Baltimore university."

Mrs. Crandell adds the following supplementary treatment: "Make a charcoal poulties the length of the spine and keep wet with French brandy."

Local druggists assert that the prescription would not be harmful if followed. The caution is given, however, against giving the stipulated dose to young children. herited much of his poetic temperament and dramatic ability. She studied ele-

WAVERLEIGH

Lots in WAVERLEIGH are now being sold at bargain prices. Never before have the people of Portland been able to buy such high-class, close-in lots with all the conveniences at such low prices. Because we know that lots in WAVERLEIGH are today selling for less than what they are worth is why we stand ready to give you a guarantee from a national bank that you can get your money back. In six months lots in WAVERLEIGH will command a much greater price than they do today. Why? Because WAVERLEIGH is close in, being only 12 minutes from Third and Morrison; because WAVERLEIGH now has two car lines running to it; also because WAVERLEIGH has schools, sewers, telephones, electric lights, Bull Run water, graded streets, cement sidewalks and all the conveniences of the city. These are the things that make a home district, and WA-VERLEIGH is to become a great home district. We know it will, and, knowing it, we will guarantee you your money back. We give you a guarantee from any national bank that if at the end of six months, should you not be satisfied with your purchase of lots in WAVERLEIGH you will get back every dollar this company received. There are no "ifs" or "ands" in this proposition. It is a straight guarantee. At the end of six months you will find in the bank your money and a deed for your lot. You can have either one. But we are even more liberal. If at any time during the six months your lot has advanced in value (and it certainly will) and you have an opportunity to sell it at the increased price, you can take your deed and sell your lot and receive every penny of profit you make. Our system is so simple and uncomplicated that a child can understand it. Let us tell you about it. Go to WAVERLEIGH, pick out the lot you want, and we will guarantee you your money back. Take the W. W. car to our branch office at Twenty-sixth and Franklin. Agents always on the ground, or call at our office and we will take you out to see WAVERLEIGH. Don't hesitate. These lots will not last long when we guarantee the money back. If you can not call, write us, and we will explain our system,
