Fined Thirteen Hundred by the Water Board.

For delay in the construction of the great Highland water main, Paquet. Glebisch & Joplin were today penalized \$1,375 by the water board. The contractors were delinquent 11 days. Their part of the contract amounted to \$37,000 in round figures. By the advice of City Attorney McNary the contractors were given the right only to contest the amount of the penalty. "They will not sue for the amount," said Mr. McNary, after he had concluded his address to the board.

Upon recommendation of Mr. McNary a bond of not less than 50 per cent of the contract for all improvements was adopted by the board.

Communications from E. Quackenbush, owner of the Piedmont waterworks, and Kubik Brothers, owners of the Woodlawn plant, were received. Both asked for a rehearing on the offer of the sale of their plants to the city. Commissioner Allen said Kubik Brothers had intimated that the board had been influenced by a "crowd of knockers who had not paid for their water and whose taps had been shut off in consequence." The board decided to give both Quackenbush and the Kubiks a hearing at a special meeting to be held at 2 p. m. Tuesday.
