POOR SHOWING MADE SO FAR THIS SEASON

ertland Oarsmen Will Report for First Practice Wednesday-Multnomah Club Directors to Consider Several Cases of Professionalism.

The Portland ball team, after a two-seks' session against San Francisco ad Oakland, will open up this afternoon

meeks session against San Francisco and Oakisnd, will open up this afternoon at Los Argeles for a one week's stand. The showing made by the Portlanders has not been such as to warrant the local fans in going into ectsacies of praise; neither have the fans been too severe in their oriticisms. All realize that the race is a long one, and that baseball managers make poor calculations as well as other people in the directing of hig affairs.

The principal trouble at present with the Portland club is its lack of seasoned players. Several star players that were expected to report failed to show up and consequently the men who were at hand had to be employed. That the team is not quite strong enough to cope with the other teams is quite well known at his time, but it Manager McCredie's plans come through all right he will have a whinling combination before long. Portland fans are a peculiar creft, and it is difficult to understand them, but it is to be hoped that they will stay their "roasts" until they are deserved more than when the team is in the "dumps" and away from home.

At tomight's meeting of the directors of the Multinomah Amateur Athlette club action will probably be taken in regard to Asher Houston, who has been paying both amateur and professional mave gone on record as being opposed to everytaing that smacked of professionalism and in the face of such decimentations, which are the foundation of me club, it is difficult to see how they can afford to let such a flagrant violator of the amateur rules go unnoticed or impuriabled. No one has any personal grievance against young Houston. He is a clever player and would be of service to the club, but allowing him to play with the club team would be unfair to those who have maintained thair amateur standing and who wish to see the line drawn between the professional and the smateur. Rube Waddell has the largest hand of any ballplayer in either league. He can make the tips of his middle finger and thumb meet around a baseball. A baseball in his hand in comparison is about the same as a pool ball to the ordinary hand. That accounts largely for his wonderful speed and curves.

Avely High Schools. (Rescisi Dispatch to The Journal.) jothine, Wash., April 22.—The resit high school track meet was a aplete success and showed some of material. Rouse, the well known thall and track man, won first place in 22 points and was followed close. Barleske with 19 1-2 points. The Ladd school team has dropped out of the league. This leaves 10 teams in the league, which includes two in the west side section. Ball Game Tomorrow. Ball Game Tomorrow. The east side high school will meet the Columbia university team at Multinomah field tomorrow afternoon. The game will be conducted under the auspices of the interscholastic league.

SHAKESPEARE ADMIRERS HONOR HIS MEMORY

London, April 22.—The three hundred and forty-third anniversary of the natal day of Shakespeare was joyously observed at Stratford-on-Avon today, and, although the celebrations were scarcely on so lavish a scale as in some former years, they were eminently successful. The old-world town was gaily decorated. The charming ceremony of decorating the poet's grave was participated in by several hundred devotes. The mayor, the trustees of Shakespeare's birthplace, members of the Shakespeare club and a number of deputations marched in procession from Holy Trinity church to the grave. The vicar received each wreath separately from the donors and set them in place while the organ played The Legion of the Avon and the Light of Love," the traditional melody said to have been Shakespeare's favorite song.

OIL TRUST CASES COME **BEFORE MISSOURI COURT**

Jefferson City, Mo., April 23.—The Missouri supreme court en banc will begin a hearing of the ouster suit brought by Attorney-General Hadley against the Standard, Republic and Waters-Pierce Oil companies tomorrow. The case has been pending for two years and testimony has been taken in New York, St. Louis, Texas and other parts of the country. The evidence adduced tended to show that the Waters-Pierce and Republic companies were owned and controlled by the Standard. The suit brought by the attorney-general to dissolve the merger of the Missouri Pacific Express company and other Gould interests is also set for a hearing tomorrow before the state supreme court. state supreme court.

culation and a lowering of vitality and energy. Help the liver now by restoring its strength or you will soon find yourself chronically tired and alwepy, with bulging, watery eyes, dull, stupid and unambitious. Your liver can make you pretty sick when it refuses to work, and unless you help it, the sickness may be serious.

Pour a constant stream of electricity into the liver every night while you sieep. The liver is like a spenge, it drinks up this electric find and as quickly converts it into the blood, producing animation and building up the entire system.

My Electro-Vigor does this while you sleep. It saturates the narves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electro-Vigor is a relief from the

old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It removes the cause of disease, and after the cause has been removed Nature will do the rest. Electro-Vigor has made a new man of me. No more weak back, no kidney trouble, and remarkable relief from what was a very trouble-some weakness.
