WHAT DEALERS SAY OF LOCAL MARKETS

By Evering & Farroll. Potatoes are still in good demand and at record prices. We are of the opinion that there are more plentiful than they have been in some years. The price of demand is still good. Fryers and broilers, where they weigh from 14 pounds to the dozen and up are in very firm request.

GRAIN BAGS UP AT CALCUTTA

Prices Still Advancing—Local Value Half Cent Over Year Ago—Wheat Moves Up.

There is practically no hope of lower prices in grain markets. The market is still showing a famine of supplies and a consequent rise in prices. The market is now showing a famine of supplies and a consequent rise in prices.

The Market Basket

There are things brewing that would make almost any housewife mad to the very finger tips. The strawberry season is now coming on and everyone knows that you need plenty of sugar and cream during that period.

DOUBT I Have the Largest Practice Because I Invariably Fulfill My Promises

Success isn't attained at a bound. It is made up of many little triumphs. A large medical practice doesn't await the young physician at the college door. He must prove himself. He must work toward success day after day, doing well each day's task.

It has always been my rule to promise nothing that I am not absolutely certain of accomplishing. Realizing that no one physician can successfully undertake to cure all diseases, I entered special courses of study in preparation for my present work. For 16 years I have been proving my ability and building my success. I have mastered first the simpler diseases, then the serious complex and stubborn ones that others neither cure nor comprehend.

In Uncomplicated Cases My Fee Is Only \$10.00 YOU CAN PAY WHEN CURED

All necessary X-ray examinations are absolutely free to patients. My equipment for X-ray work is the finest and most complete ever produced, and equally perfect results are not possible with an inferior apparatus.
