lation to eastern fruitmen and visitors to the exposition that will make them all up and take notice.
R. H. Weber, horticultural commissioner for this district, has interested himself in the project and has expressed his willingness to give \$25 in money and 25 boxes of apples toward helping it along. County Fruit Inspector Castner will also contribute 25 boxes of his finest fruit.
The intention is to have the exhibit placed as an Oregon display, suppressing localism, and make it the best that can be procured.

CHAMBER OF COMMERCE PERMANENTLY QUARTERED

Astoria's Business Men Will Now Establish New Boosting Instrumentalities.

(Special Dispatch to The Journal.)
Astoria, Or., April 26.—After a continuous residence of 27 years in its present Bond street headquarters the chamber of commerce has chosen as a new home a suite of four rooms on the second floor front of the Odd Fellows' building, the handsome brick structure at the corner of Commercial and Tenth streets. The new headquarters will be furnished in the most handsome style and will be as commodious and well appointed as any occupied by a commercial body anywhere in the state of Oregon.
The chamber will organize several new features in its permanent abode, among which will be a reading-room in which it is hoped to have all of the newspapers of the state and an exhibit of the products for which Clatsop county is famous. There will be shown fish, both deep sea and Columbia river, lumber and timber products, dairy products and agricultural. It is expected that the new headquarters will be made a show-room of the city by the time Vice-President Fairbanks visits the city in July on the occasion of the banquet to be given in his honor by the chamber of commerce.
Under the new management of Mr. Whyte the chamber is rapidly becoming the clearing-house for ideas, projects and plans for the benefit of the whole city, and the loyal support given by the citizens assures that Astoria is going to make greater headway in the near future than ever before. Already inquiries are pouring in from all parts of the state asking as to the possibilities and probabilities of manufacturing and industries.

SOUTH HONORS MEMORY OF CONFEDERATE DEAD

Memorial Day Services Are Held in Cities All Over the South.

(Journal Special Service.)
Atlanta, Ga., April 26.—Memorial day was celebrated today in Atlanta with an elaborate parade to Oakland cemetery, where the oration of the day was delivered by Hon. John T. Boftouillet of Macon. A novel feature of the parade, of which Captain Joseph F. Burke was grand marshal, was the participation of hundreds of school children bearing red, white and blue streamers.

Mobile, Ala., April 26.—Memorial day was observed throughout Alabama today with the customary exercises. In this city the principal feature was the decoration of the graves of both the confederate and federal dead who are buried in Magnolia cemetery.

Jackson, Miss., April 26.—All the chief cities and towns of Mississippi observed Memorial day today. In most places the exercises were held under the auspices of the Daughters of the Confederacy in affiliation with other confederate organizations. Crosses of honor were presented to many of the veterans by the Daughters of the Confederacy.

An enjoyable afternoon's outing is one of our free trolley trips to Waverleigh. Go any day. All we ask is to let us know when you can go. H. W. Lemcke Company, Main 559.

GOOD JUDGMENT

is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by all druggists.
