

FRUIT MARKETS

WHAT DEALERS SAY OF LOCAL MARKETS

By James G. Co.
Arrivals of fruit are larger than for some time. Figs, figs and apricots in good demand at printed quotations. Ducks, young and old, inquired for, with but few arrivals.
Eggs show weakness, with the supply just about equal to the current demand.
Dressed veal (fancy grade) in good demand, and is commanding top quotations. The same can be said of light hogs and lambs. Mutton is also moving freely. It is getting time of year to ship mutton and lambs without profit.

FRUIT OFF LIST

Western Refinery Notifies Jobs of New Move—Berry is Still Offered.
Today's market features fruit sugar, figs, apricots, ducks, young and old, and mutton. Fruit sugar is in good demand. Figs and apricots are also in good demand. Ducks, young and old, are in good demand. Mutton is also in good demand.

WESTERN SUGAR SITUATION

The Western Sugar Refinery has notified the local trade of its withdrawal for the time being of the fruit grade of sugar. The withdrawal of fruit sugar from the market at this time further complicates the local situation, and according to the larger operators the market is in a somewhat uncertain position. It is the most unusual thing to take fruit sugar off the market just as the fruit season is opening. Reports from refinery centers indicate that the Western has a complete stock of fruit sugar supplies that the withdrawal was necessary in order to catch up with its trade. The California and Hawaiian growers are offering the berry grade on the market, although the sales have been enormous both previous and after the last sharp decline in prices. The California and Hawaiian growers are offering the berry grade on the market, although the sales have been enormous both previous and after the last sharp decline in prices.

ESTIMATES OF SUGAR EXPORT

The estimate of sugar export to the United States for the year ending April 30, 1907, is 1,119,464 tons. The stock in Europe is 2,770,000 tons, against 3,152,000 tons last year.

FLOUR ORDERS ARE ENORMOUS

Millers Will Not Confess More Than Half the Business Offered—Chicago Holds.

Journal Special Service.
Chicago, April 27.—Heavy trading shown in wheat today. Prices held wonderfully well considering the heavy buying yesterday. Bug damage continues.
