WEATHER REPORT.

A small disturbance is central this morning over southwestern idaho. It has not as yet caused any rain, but the weather is unsettled in that section and the temperatures have risen from 6 to 12 degrees. A high pressure area of considerable strength has moved from Kansas to lower Michigan, and a new high pressure area has made its appearance in the Canadian northwest. The disturbance yesterday over the lower lake rection is disappearing at sea off the area has made its appearance in the Canadian northwest. The disturbance yesierday over the lower lake region is disappearing at sea off the New England coast. Unisually dold weather continues in the middle west, and sharp frosts occurred this morning in the lake region, upper Mississippi valley, Missouri valley, Kanassyokhahoma and in Texas as far south as Abliene Fair weather continues on the Pacific slope, with temperatures slightly below normal. Showers are reported generally throughout the lower lake region, middle Atlantic and New England states.

tates. The indications are for fair weather in this district tonight and Thursday, except in southern Idaho, where showers are probable. Frosts may be expected again tonight in exposed piaces in western Oregon and western Washington.
