

# SAYS COP DID THE ENTICING

### Judge Cameron Holds That Sherwood Got Evidence by Wrong Methods.

In dismissing the charge of disorderly conduct against Lisle Sullivan and Emma Duncan, two vaudeville performers who were arrested in Erickson's concert hall last week by Patrolman Sherwood, detailed by Chief Gritzmacher to secure evidence of the alleged sale of intoxicating liquors, Judge Cameron took occasion this morning to administer a scathing rebuke to the amateur detective.

"It is apparent in these cases that the officer exceeded his authority," said the court, "and although I am loath to so believe, yet the evidence adduced plainly indicates that the patrolman deliberately and willfully held his plans to get one of these men in trouble. The soliciting was done by the policeman entirely, but in view of the fact that he evidently is inexperienced and incompetent I do not care to further criticize him. It is the order of the court that the defendants be discharged."

When the charge that Sherwood viciously assaulted the Sullivan woman after she had knocked a glass of beer from his hand, Judge Cameron stated after the court proceedings that the sworn testimony of four witnesses substantiated the brutality allegation in every particular. Attorneys Long and Sweek have signified their intention of filing cross charges of gross brutality against Sherwood with the police committee.

Chief of Police Gritzmacher says he will not take the initiative in hauling the patrolman before the committee, and likewise declares no investigation will be made relative to the assault on the actress.

# FINED FOR FLOGGING WEAK-MINDED CHILD

(Special Dispatch to The Journal.)  
Flora, Or., May 1.—Scott Hellegarth, a rancher, has been fined \$50 in Justice Moore's court on a charge of cruelly whipping his daughter, Ida, 21 years old, who is mentally defective. The whipping was inflicted two months ago, but a writ of habeas corpus was granted on the girl's body. The prisoner, when arrested and after the pronouncing of sentence, wept grievously, first claiming he was justified in that the girl's indulgence had exasperated him to just wrath and later pleaded in extenuation that he didn't think he had whipped her so hard. His neighbors are very indignant and threaten that if his treatment of his daughter is repeated, he may not get off so easily as in the present case, flogging being a game that almost anybody can play.

# INTERNATIONAL MARINE EXPOSITION AT FRANCE

### Celebrate Centennial of Building of First Steamboat by Robert Fulton.

(Journal Special Service.)  
Bordeaux, May 1.—The international maritime exposition, commemorating the centennial of Fulton's solving the problems of steam navigation, opened here today with impressive ceremonies in which the official representatives of many nations, including the United States, took part. The great show, which was organized by the French naval league under the patronage of the French government, will remain open until November and is expected to attract many thousands of tourists from the United States and England, as well as the continent. The American representatives at the exposition include K. Murphy, United States consul at Bordeaux; Henry Vignaud, secretary of the American embassy in Paris, and James Gordon Bennett.

One of the most interesting features of the exposition is an exact model of the steamboat built by Fulton in which he made the memorable trip on the Hudson between New York and Albany on April 16, 1807. Models are also shown of the two submarine boats built in France by Fulton under the direct encouragement of Napoleon in 1801. In one of these, the Nautilus, Fulton descended to a depth of 33 feet, remaining under the water for four hours.

# WASHINGTON AUTOISTS GUILTY OF REPEATING

(Special Dispatch to The Journal.)  
Olympia, Wash., May 1.—Many complaints have been made to Secretary of State Sam Nicholas about evasion of the automobile license regulations in the larger cities of the state, and the attorney-general's office has been consulted with a view of having offenders brought to justice. In Seattle recently an automobile carrying No. 763 was wanted for some violation of state law and investigation developed the fact that the company owning that machine was using the same number for several of their autos. The result was that the police have been unable to apprehend the driver of the particular machine wanted. The secretary of state has begun an investigation.

# DEATH OF A NOTABLE MASON AT MADRAS

Madras, Or., May 1.—Jesse White, formerly of Mayfield, Washington, died Friday of heart trouble, aged 74 years, at the home of his son, George White, seven miles north of this place. He had been a member of the Masonic order for 58 years and at the time of his coming to Oregon, about a year ago, was the oldest Mason in Washington in point of membership. He leaves a widow and one son.

# DROP SPOONER'S NAME FROM SENATE PAY ROLL

### Senator From Wisconsin Who Resigned in March is Now Out of Senate.

(Journal Special Service.)  
Washington, May 1.—The name of John C. Spooner was today detached from the payroll of the senate, marking the close of the official career of the Wisconsin statesman. For 16 years he has served his state in the upper house of the national legislature and the announcement of his resignation on March 3 last created a sensation throughout the country. Spooner first became a member of the United States senate in 1885. In 1891 he was succeeded by John L. Mitchell, a Democrat, but was re-elected in 1897 and has served continuously since. During the six years of his temporary retirement Mr. Spooner never entered the senate chamber, and he now declares that he will never again put his feet upon its floors.

Senator Spooner is a native of Indiana, where he was born January 6, 1842. He served through the war, rising with the rank of major. He became a lawyer when 24 and was for some time assistant attorney-general of Wisconsin. His most notable legislative act was the Isthmian canal bill, of which he was the author.

# CITY HALL WILL NOW COST MORE

### Ten Per Cent Increase on Amount of the Bid Made for Winter Work.

Crook & Walton, contractors, who were originally awarded the contract to finish the city hall at St. Johns, were allotted a 10 per cent increase over their bid accepted last winter at the regular meeting of the city council at St. Johns last night.

These contractors were also awarded a small contract to finish the work left by Youngerford & Son, the contractors who deserted the job, and they have already begun their work. There are excellent prospects for the completion of the building.

The additional recompense awarded the contractors seemed necessary because it is now a summer job, whereas before it was to have been started on January 1. It is asserted by the contractors that the price of materials has been advanced and the contract therefore could not be carried out at the same figures as those accepted last winter.

# ALL STAMPS STOLEN

(Continued from Page One.)  
The stamps were given to him by Wayne to be disposed of. He is also expected to directly implicate the other members in the St. Johns robbery. Much surprise has been expressed by attorneys at the speed in which the grand jury has been returning indictments. More than 20 have already been returned and Assistant United States District Attorney James Cole has the evidence in the cases he will present in such shape that the grand jury will continue as it has done until he completes his work with the investigating body. Mr. Cole has issued more than 200 subpoenas and will probably not finish presenting the cases in his charge until about May 20.

# MINNESOTA RAILROADS GIVE TWO-CENT FARES

(Journal Special Service.)  
St. Paul, Minn., May 1.—Following the lead of the Great Northern, the railroads of Minnesota have decided to comply with the terms of the two-cent passenger fare act and the commodity rates schedule passed by the Minnesota legislature, both of which laws go into effect today. It is announced that the pending suits over the freight rate schedule will be dropped. As a result the \$50,000 appropriated by the legislature to enforce the law will not be needed.

# UNKNOWN LEAPS INTO THE RIVER AT SPOKANE

(Special Dispatch to The Journal.)  
Spokane, Wash., May 1.—An unknown man jumped from the Howard street bridge last night into the Spokane river and was drowned. He was a fine looking man about 25. Two men passed him as he stood on the edge of the railing and they asked him if he was going to jump. He replied, "Well, I don't know." They passed on but looked back in time to see him leap. A letter with no address signed "Richard," was picked up near the spot where he leaped. The body has not been found.

# DUBLIN EXPOSITION TO OPEN SATURDAY

Dublin, May 1.—Dublin is preparing to entertain many home comers from America this summer, who are expected to return for a visit to the big Irish international exhibition. The exhibition, which is by far the most important affair of its kind ever held in Ireland, will be formally opened next Saturday with great ceremony.

Catholic College Burns.  
Seattle, Wash., May 1.—The Catholic college of the church of the immaculate conception burned to the ground at 10 o'clock this morning. The loss was \$50,000. The hundred boys marched out safely.

# All Run Down

In the spring—that is the condition of thousands whose systems have not thrown off the impurities accumulated during the winter—blood humors that are now causing pimples, boils and other eruptions, loss of appetite, bilious turns, indigestion, and other stomach troubles, dull headaches and weak, tired, languid feelings.

Hood's Sarsaparilla removes all these humors, cures all these troubles; renews, strengthens and tones the whole system. This is the testimony of thousands annually.

Accept no substitute for Hood's Sarsaparilla. Insist on having Hood's. Get it today. In liquid or tablet form. 100 Doses \$1.

# TUMORS CONQUERED

### Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters show of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:

"Sometimes ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:

"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor Growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health.

Dear Mrs. Pinkham:—

"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."
