

NELSON DECLARES WAR UPON UNIONS

Founder of Model City of Leclaire Will Employ No Union Men.

MEN STRUCK AND ARE LOCKED OUT BY NELSON

Employees Were Paid Union Wages, Given Stock in Factories and Shared in Profits—Strike Agitators Spoiled Their Paradise.

(Journal Special Service.)
Edwardsville, Ill., May 2.—N. O. Nelson, the millionaire philanthropist who established a great factory and built the model city called Leclaire, has declared war on labor unions after having spent vast sums of money in making his city an ideal place for labor. Leclaire is cooperative. All the employees are given stock, which pays 6 per cent. Nelson built beautiful drives, lakes, recreation grounds, fine free schools and assembly halls. The residences contained all modern improvements, and the workers, aside from getting rent at about one half what it would cost elsewhere, shared in the profits of the factory, after the regular union wages had been paid. Strike agitators, however, secured an entrance and worked up a strike among the brassworkers and machinists, despite the protests of Nelson, who warned the men that unionism and cooperation would not mix. The strike was called and plants closed. Nelson called the men together and informed them that he had gone the limit in trying to create a model city for labor and that hereafter no union man would be employed in Leclaire. He offered to buy back all the houses he had sold to workers at cost with interest added, simply charging rent, but cooperation is at an end. Hereafter only nonunion men will be employed, but they will be paid higher wages. The men afforded the incongruous spectacle of striking against themselves.

COREY'S UNCLE WEEPS OVER COMING MARRIAGE

Says Evil Sure to Follow the Marriage to Painted Woman of the Stage.

(Journal Special Service.)
Pittsburg, May 2.—The announcement of the forthcoming marriage of William Ellis Corey, president of the United States Steel corporation, and Mabel Gilman, has brought grief to J. B. Corey, the aged and wealthy uncle of the steel magnate. He wept when discussing it and said evil and distress would surely follow Corey's marriage to that "painted woman of the stage." He said: "It is neither decent nor human that a man should divorce the wife of his youth, the mother of his children, in order to marry another—and a woman of the stage, at that."
Mrs. Laura Cook Corey, the divorced wife, refuses to discuss the matter in any light. She is living with her parents near Pittsburg. Mrs. A. Corey, mother of the steel king, is living on the splendid farm recently given her by her son. Following a heated interview between Corey and his mother regarding Miss Gilman, he purchased the farm and his mother has not referred to the marriage since accepting the gift.

ATTITUDE OF MOYER COUNSEL AS TO VENUE

(Special Dispatch to The Journal.)
Boise, Idaho, May 2.—F. Richardson, chief counsel for Moyer, Haywood and Pettibone, emphatically denies the reports published in different papers throughout the country to the effect that the defense intends to move for a change of venue from this (Ada) county, and that John F. Nugent, associate counsel, has been severely criticized for consenting to a trial in Ada county at the time Judge Wood passed upon the motion for a change of venue from Canyon county. Mr. Richardson said the attorneys for the defendants did not expect to make another motion for change of venue and that Associate Attorney Nugent's action in consenting to try the case in Ada county in order to take them out of Canyon county met with his unqualified approval, and that Nugent had done precisely as he would have done had he been present.

STOMACH ON STRIKE

SUCCESSFUL TONIC TREATMENT FOR INDIGESTION.

Dr. Williams' Pink Pills Cured This Woman and Have Cured Many Hundreds of Other Cases of Common Ailments.
Loss of appetite, coated tongue, bad taste in the mouth, heavy dull headache and a dull, sluggish feeling—these are the symptoms of stomach trouble. They indicate that the stomach is on a strike; that it no longer furnishes to the blood the full quota of nourishment that the body demands, hence every organ suffers.
There are two methods of treatment, the old one of which the stomach is humored by the use of predigested foods and artificial ferments, and the new one by which the stomach is toned up to do the work which nature intended of it. A recent cure by the tonic treatment is that of Mrs. Mary Stoskopol of 11 Liberty street, Lowell, Mass. She says:
"I suffered constantly for years from stomach trouble and terrible backaches and was confined to my bed the greater part of these years. I was under the care of our family physician most of the time, but did not seem to get better."
"I was completely run down and was not able to do my work about the house. My blood was impure and my complexion pale. I suffered from flashes of heat, followed suddenly by chills. I had awful headaches which lasted from three to four days. I could get but little rest at night, as my sleep was broken and fitful. As a result I lost several pounds in weight and became very nervous."
"I was in a wretched condition when I heard about Dr. Williams' Pink Pills. I started to take the pills at once and began to gain in weight and health. I was encouraged by this to keep on until I was cured. My friends and neighbors often remark what a changed woman I am and I owe it all to Dr. Williams' Pink Pills."
"The wonderful pills are useful in a wide range of diseases such as anemia, rheumatism, sciatica, neuralgia, nervous headaches, and even locomotor ataxia and partial paralysis."
The great value of Dr. Williams' Pink Pills lies in the fact that they actually make new blood, and thus enrich health and strength to every portion of the body. The stomach is toned up, the nerves are strengthened, every organ is stimulated to do its work.
Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per bottle. Write for a free copy of the Dr. Williams' Medicine Company, Schenectady, N. Y.

Price \$12
\$1 Down, 50c a Week

Secures one of these great Provision Preservers. The Alaska circulation may be described as follows: The ice rests on a corrugated galvanized iron rack, which is so constructed as to leave an air passage under the iron. The warm air in the provision chamber rises through the flues at each end of the ice chamber, comes in contact with the ice at the central opening in the lid flues, becomes colder and drops under the ice rack, where all moisture is condensed, and falls through the central opening under the ice into the provision chamber, cold and dry. No other system keeps the air so long in contact with the ice as the Alaska does, consequently the Alaska does the work more thoroughly than any other refrigerator.

No. 100.—This size has two shelves in provision chamber. The width is 25 inches, height 50 inches, depth 19 inches, ice capacity 65 pounds. This is size and style suitable for apartment house, small hotel or family use.
Price \$20

CHILDREN CANNOT BE HELD FOR THEIR KEEP

(Special Dispatch to The Journal.)
Tacoma, Wash., May 2.—Three months ago Mrs. Fitzpatrick placed her two children, aged 5 and 2 years, in the home of Mrs. Lena Christian for care, agreeing to pay for their keeping. A few days ago she went to the Christian home to get them, but Mrs. Christian refused to give them up until she was paid for keeping them, virtually holding the children for the debt. Habeas corpus proceedings were brought to secure them and Judge Clifford yesterday afternoon ordered them turned over to their mother.

WILL ELECT ASSISTANT TO DR. BROUGHER

It is probable that Rev. Frank E. A. Smith of Spokane will be elected to the position of assistant pastor of the First Baptist church by the prudential committee which will meet tonight to take up this question. The plan is to turn over the financial work of the church to the assistant, thus leaving the pastor, Rev. J. Whitcomb Brougher, free to devote his entire time to his pastoral duties.
The prudential committee will also select a secretary to the pastor and assistant pastor. Miss Clara L. Webb, who has heretofore filled the position, has announced her intention of retiring on account of the recent death of her father, which makes it necessary that she devote her entire time to the management of his estate. Rev. Mr. Smith, who is now in Portland, will meet with the committee this evening.

GLEE GIRLS COMING FROM M'MINNVILLE

The McMinnville College Glee club will give a concert tonight at the White Temple. The club is composed of 15 young ladies, with well-trained voices. The program they furnish is a varied one. They will be accompanied by Mrs. H. Wyse Jones, elocutionist and reader. The club will be welcomed by a chorus of ladies of the Y. I. A. class at the White Temple and supper served in the lower Temple at 8:30 p. m. They will also be entertained in the homes of the various members of the chapter during their short stay in the city.

TEDDY VALUES THIRD TERM TALK AS ASSET

(Journal Special Service.)
Washington, May 2.—President Roosevelt has recognized in the third term talk a valuable asset in his efforts to dictate to the next Republican national convention its platform, according to visitors who talked to him at the White House. They say Roosevelt pronounced the third term idea absolute nonsense, but was willing it should continue as it will be of material assistance to him in forcing his policies and candidate upon the convention. He will not make any further formal denial of accepting a third term.

FRIENDS HELP ST. PAUL PARK INCIDENT

"After drinking coffee for breakfast I always felt languid and dull, having no ambition to get to my morning duties. Then in about an hour or so a weak, nervous derangement of the heart and stomach would come over me with such force I would frequently have to lie down."
"At other times I had severe headaches; stomach finally became affected and digestion so impaired that I had serious chronic dyspepsia and constipation. A lady, for many years state president of the W. C. T. U., told me she had been greatly benefited by quitting coffee and using Postum Food Coffee; she was troubled for years with asthma. She said it was no cross to quit coffee when she found she could have as delicious an article as Postum."
"Another lady, who had been troubled with chronic constipation for years, found immediate relief on ceasing coffee and beginning Postum twice a day. She was wholly cured. Still another friend told me that Postum Food Coffee was a Godsend to her, her heart trouble having been relieved after leaving off coffee and taking on Postum."
"So many such cases came to my notice that I concluded coffee was the cause of my trouble and I quit and took up Postum. I am more than pleased to say that my days of trouble have disappeared. I am well and happy."

The lecture will probably be delivered Sunday, the hour and place being announced later.

JAILED JAP LET OUT TO SEE OLD COMMANDER

Seattle, May 2.—C. Hayena was in General Kuroki's bodyguard in the Chinese war. When the great war hero arrived at Victoria on his way to Seattle, Hayena had nine days yet to serve of a 62 days' sentence in the city jail for fighting. Ever since he heard of Kuroki's coming a week ago he had been making life miserable for the jailers and police captains. He wanted to be at the wharf to meet his old commander. Finally Hayena succeeded in getting an audience with Chief Wappenstein. "I'll come back if you'll let me out,"
