PORTLAND BEATS THE SEALS AGAIN

Schimpff Allows Hit Only Now and Then and Seals Are Entirely Shut Out.

BEAVERS' TALLIES COME IN FIRST THREE SPASMS

Hickey Gets Sore Because He Is Taken Out of the Box and Manager Long Promptly Bounces Him for Making a Fuss.

(Journal Special Service.)

San Francisco, May 4.—The Beavers got an early start yesterday and hammered out three runs in the first three innings. After that there was nothing doing for either side until the end. Shimpff kept the Seals from bunching their swats and never did one of them have a chance to cross the rubber.

Shinn started the ball in the first with a hit to center. Lovett sacrificed and McCredie slugged out one for three bags. In the second Donahue walked and Croll followed him safely on Williams' error. The little twirler slammed a double against the center field fence, bringing in Donahue. The third run was scored by Lovett on a mad dash ahead of Wheeler's throw in of McCredie's slow grounder.

Hickey was bounced by Manager Long during the game. He started in to pitch for the Seals, but was touched up so strong that he was taken out in the second. He set up a howl and was promptly handed his release. Willis finished his game in the box.

Here is the score:

KID SULLIVAN KNOCKS OUT YOUNG CORBETT

Ex-Champion Given a Terrible Beating and Is Finally Sent Through Ropes.

(Journal Special Service.)

Baltimore, May 4.—Kid Sullivan of Washington is the latest fighter to administer a drubbing to Young Corbett, one time lightweight champion of the world. In a bout held before the Eureka Athletic club last night, Sullivan knocked out Corbett in the eleventh round of what was to be a 15-round go.

The ex-champion was given a terrible beating. Sullivan sent him through the ropes in the fifth and again in the seventh round. In the tenth he took the count and in the eleventh he was beaten around the ring and finally knocked through the ropes. He lay flat on his back, his head twisted toward the audience, while Jack McGuigan, the referee, counted him out. It was several minutes before Corbett regained consciousness.

PENDLETON IS SECOND AND BAKER CITY THIRD

Jay of Pendleton Makes Highest Individual Score of Nineteen Points, Winning Silver Trophy—Games Are Closely Contested.

(Special Dispatch to The Journal.)

Whitman College, Walla Walla, Wash., May 4.—The finals in the big interscholastic field meet, extending over two days, took place yesterday afternoon on Ankeny field.

The meet was very close and exciting, the result being in doubt until the very last, but it was finally won by the Oakesdale High school athletes. MIDDIES TO ENGAGE IN ANNUAL REGATTA

(Journal Special Service.)

Annapolis, Md., May 3.—Tomorrow may fairly be called "Regatta day" at the naval academy. The crew will engage in its annual race with Yale, while the navy second crew will row the second crew of Georgetown and the third crew will row the eight of Georgeton preparatory school.

As the race with Yale is likely to be the last between the two, both will try to make the windup a victory for themselves. Annapolis has the additional incentive of its entry at Poughkeepsie and the natural desire not to enter the big intercollegiate event with a defeat already behind it.

ATLANTIC LEAGUE OPENS SEASON

CONFESSIONS OF A DOCTOR

"Yes, I used to prescribe drugs just as much as any other doctor," said Dr. Hall in his office yesterday. "I quit because I knew that I was deceiving people when I told them I could cure them with drugs. I knew that drugs did no good, and that in a great many cases they do harm. Drugs will ease pain for a short time; I'll admit that, but it is poison that does it. You know, poison weakens the nerves and stomach, and just as soon as the effect of the dope wears off, the pain comes back and you have to take the drug again. That's what has made so many drug fiends.

"Nearly all drugs that you buy contain poison. The doctor always uses poison of some kind in his prescriptions, for without it he could not ease pain for a moment. Giving a man poison is almost the same as knocking him 'out' with a club. When he 'comes to' he is worse off from the effect of the blow, and his nervous system is all out of kilter.

"While I was practicing medicine I was also doing some thinking and experimenting. I reasoned that the right way to cure disease is to help Nature. Drugs don't do that. Nature will cure if she has the power. I proved to my own satisfaction that the force which Nature uses to restore health is electricity. My discovery has since been verified by the world's leading scientists, who claim that electricity is the basis of all life. When we are full of it, we are healthy and strong. Sickness or chronic disorders of any kind shows a lack of this force."

* * *

When you dope your stomach with drugs you are not only hurting it, but you are working against Nature. Drugs destroy the digestive juices of the stomach, consequently you do not get the proper nutrition from your food. It's the action of these juices upon your food that produces the human electricity. So can't you see that as long as you fill your stomach with poisonous drugs it cannot generate this force?

When your stomach, liver, kidneys or digestive organs get out of order, it is because they lack the necessary electricity to enable them to perform their regular functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't cure then, because your body hasn't enough electricity to do the work, so you must assist Nature by restoring this electricity where it is needed.

My Electro-Vigor does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electro-Vigor is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It removes the cause of disease, and after the cause has been removed Nature will do the rest.

Electro-Vigor is not an electric belt. It is a dry-cell body battery, and makes its own power.

When I began your treatment I was suffering from a bad case of indigestion and stomach trouble. I had little hope of getting a cure for this trouble, which refused to yield to drugs. Two months' application of Electro-Vigor accomplished a complete cure, and I have since put it aside.

It is a pleasure to me to recommend Electro-Vigor.
Merced, Cal. JNO. P. HANSEN.

After two months' application of Electro-Vigor I no longer suffer from pians in my back and kidneys; my food digests properly and all the symptoms of varicocele and weakness are cured.
