Great Annual Clearance Sale Dress Goods: Lowest Prices of all the Year

By the most liberal of methods and measures and careful selection of patterns, we have built up in this store the largest Dress Goods business in Portland. With sales towering far above all others—and consequent larger purchases—we have been able to assume command of the output of the best mills, and take for our own such product as we knew to be best in value. In this manner we have assured ourselves of a continuance of big business, and you of merchandise and prices that no other store can approach.

Tomorrow our Annual Clearance Sale of Dress Goods starts, with such extraordinarily low prices and such great variety as was never seen in a similar event.

Every individual lot represents either a staple product that is best of its kind, or some new novelty for summer 1907 that is sure to reign in popular favor. Ready tomorrow morning, continuing throughout the week. Plenty of goods at every sale price to supply all demands. It's a stock as spick and span new as the day, and

Stout Women's Convention

Mrs. A. L. Craig of New York demonstrating "Smart Set" & "Nemo" Self-Reducing Corset. Made Exactly Like the Accompanying Illustration

Nemo Self-Reducing Corset Reduces and Gives Comfort. It is positively the only corset in existence that actually reduces the figure of the stout woman without the slightest discomfort—in fact, it will produce comfort.

The Nemo Self-Reducing Corset Gives Health. The wearing of it assures health to women who are physically weak or who stand or walk much. Celebrated physicians recommend this corset in place of abdominal bands, as it accomplishes the same result and yet gives better support. It adjusts itself to the form automatically and fits snugly and smoothly.

The Nemo Self-Reducing Corset Gives Style. It greatly improves the figure and makes a satisfactory foundation for the fitting of a gown. Fashionable dressmakers recommend it to their customers.

Nemo Self-Reducing Corset an Economical Investment. It has advantages which the woman who wears it can prove. It is actually cheaper to buy a Self-Reducing Corset at \$3.50 than four ordinary corsets at \$1.00 each, for it wears longer than the four cheaper corsets and gives more comfort.

- Model No. 312 for the tall stout woman **\$3.50**
- Model No. 314 for the short stout woman **\$3.50**
- Model No. 516 for the tall stout woman **\$5.50**
- Model No. 515 with Bust Supporters **\$5.50**

250 Japanese Silk Waists

100 Emb'd Net Lace Waists
Regular \$4.50-\$5 Vals. **\$2.85**

This great Monday waist sale includes five distinct styles of Jap Silk Waists, with embroidered yokes and fronts, trimmed with insertions of Valenciennes lace and clusters of fancy tucks or plaiting; with fancy lace collars and cuffs. Also net Lace Waists, made over silk, with embroidered yoke and front, etc. All have the popular short sleeves and come in all sizes. Regular \$4.50 and \$5.00 values; extraordinary bargain at **\$2.85**. See Big Third Street Window Display. These Waists compare favorably with some so-called \$10 values.

MILEAGE BOOKS FOR USE OF ALL

Other Roads Planning to Follow the Lead of the New York Central Lines.
TRANSPORTATION TO BE CONSIDERED COMMODITY
Owner of Slip May Allow Anyone He Chooses to Ride With Him and When Ready Will Be Permitted to Transfer Book.

(Washington Bureau of The Journal.)
Washington, May 4.—A new principle probably will find acceptance in the newer philosophy of interstate and intrastate commerce—the sale of passenger transportation exactly like potatoes are sold, as a commodity conveying absolute title transferable at the option of the buyer. It is rapidly becoming the common belief here among government officials who have to do with these matters that the plan in vogue on the New York Central lines must be universally adopted by all railroads. The plan is:
One may go to any New York Central ticket office and buy a mileage book at 1 cent flat a mile. A 500-mile book costs \$5; a 1,000-mile book \$10. This book may be used by a man and his wife, or the buyer may take with him

any one he pleases to take, whether or not a member of his family.

Can Sell Book.
Again, if he be temporarily in the state or on the Central's lines, and when ready to leave that region he has an unused part of one of these books he may dispose of it to any one else without violating the rules of the company. There are no restrictions as to who shall use it.

On New York Central branch lines the passenger rate is 2 1/2 to 3 cents a mile, if ordinary tickets be bought, but these 2-cent-a-mile books are good on any part of the system.

This rule is on the theory that purchase of passenger transportation is not merely a personal contract limited to being carried out only as to the original buyer, but that rather that it is the purchase of a commodity much as the purchase of a sack of potatoes, with the feature of a contract to give safe carriage to the holder of a ticket. The commodity is to be consumed in quantities and manner to suit the wish of the original buyer.

There is disposition among legal representatives of the government to hold that any railroad company could be compelled to adopt the Central's method of selling passenger transportation, without further legislation; but it is generally thought to be proper that there be a law enacted making it plain beyond all question that that is to be the rule.

Woods Forces Loans.
At the present time the other railroad companies require the deposit of a sum of money in excess of the price of a mileage ticket, the excess to be refunded when the ticket has been used. This keeps in the railroad companies' hands an immense quantity of money of which they have free use without paying interest. Here in the District of Columbia all gas and electric companies are compelled to pay interest on deposits made by patrons whom they supply, and keep paying just so long as the deposit remains there. This is due to the construction of the laws that it

would be illegal to require a deposit without paying interest.

"Before 10 years have elapsed," an official said today, "every road in the country will be selling passenger transportation by the Central's method. It is the rational manner and must become universal."

ELLENSBURG HIGH WINS DECLAMATION CONTEST

(Special Dispatch to The Journal.)
Whitman College, Walla Walla, Wash., May 4.—Ellensburg High school won the interscholastic declamation contest held under the auspices of Whitman college in connection with the intercollegiate track meet this week. The contest occurred Thursday evening in the opera house, but because of the large number of contestants, 18 in all, the results were not announced until last evening. Ellensburg's representative was Chester Maxey, who delivered "Gretchen's Invective Against Corry." The contest was exceedingly close. Miss May Cronan of the Spokane High school, who gave the "Chariot Race," from "Ben Hur," was second. Third place was won by Mary Aldrich of Wabash academy, with "Engineer Conner's Son."
The other institutions represented were the high schools of Riverview, Dayton, Boise, Palouse, Walla Walla, North Yakima, Colfax, Pomeroy, Lawiston, Pendleton, Oakesdale, Baker City, Gardfield and Watsburg, and Pendleton academy.
The prizes were medals, gold to the winner of first place, silver to second and bronze to third.

Silver Wedding at Newberg.
Newberg, Or., May 4.—Mr. and Mrs. J. H. Reed celebrated the twenty-fifth anniversary of their wedding last Wednesday. Many of their Newberg friends, with friends from Portland, were present and left gifts of silverware. All enjoyed a delightful evening.

CONTRACTORS ASK LARGE SUM FOR FEDERAL WORK

Excavation for Reclamation Jumps From Eighteen to Seventy-Five Cents.

(Washington Bureau of The Journal.)
Washington, May 4.—An illustration of the great increase of the cost of constructing the irrigation canals and structures in the west, and the difficulty the government is experiencing in securing reasonable prices, was furnished recently when bids were opened at Klamath Falls, Oregon, for the excavation of the Keno canal.
This contract, which involved the excavation of 80,000 cubic yards of earth and rock, was duly advertised for more than two months, but only one bid was received, that of Paquet, Giebisch & Joplin of Portland, Oregon, for \$25,500. An analysis of this bid showed that the contractor was asking 75 cents per cubic yard for earth excavation.
Less than nine months ago the government let a contract for work of this character at less than 10 cents per cubic yard, and out of 14 bids received 13 cents was the highest amount asked.
On the ground that the bid of the Portland firm was excessive, the secretary

of the interior rejected it and authorized the reclamation service to do the work by force account. It is probable that by subdividing the contract it can be let to individuals residing in the vicinity.
LINN COUNTY GRANGES ALL FOR REFERENDUM
(Special Dispatch to The Journal.)
Brownsville, Or., May 4.—Ash Swale grange, one of the leading granges of Linn county, recently voted for the referendum on the university and armory appropriation bills by a large majority, there being only two or three out of fifty members present voting in favor of the bills. Newspapers in some parts of the county and state are saying the granges are not fighting for the referendum. Reports that Ash Swale grange is fighting the referendum movement are especially misleading, as its complete sympathy with the other granges of Linn county is shown by its resolutions, almost unanimously indorsing the movement.
TEACHING CORPS OF EUGENE IS CHOSEN
Eugene, Or., May 4.—City Superintendent M. H. Arnold, who has been at the head of Eugene's schools for the past three years, has tendered his resignation and it has been accepted. His successor has not yet been chosen. The teachers for the coming year have been selected, as follows:
High School—Emma Chase, Maude Stinson, Nellie Williams, Cora E. Wold, Susan Dinwiddie, Ione Diller, Ella Doble and Clara Wold; all reappointments except Clara Wold and Miss Diller. Principal A. A. Cleveland was not an applicant for reappointment and his place will be filled later.
Geary School—A. K. Mickey, principal; Nettie Kress, Mae Kinsey, Fannie Zeigler, Mabel Simmons, Belle Keeney, Fannie Millican, Jennie Dean, all reappointed except Miss Dean. Professor Mickey was transferred from the High school.
Central School—W. C. Lyons, principal; Alta Schneider, Mary Weatherbee, Luella Brewster, Edith Gallogly, Euda Owens, Carol Johnson, Mertie Auten, all reappointed except Miss Owens, who is transferred from Patterson school.
Patterson School—Ida Patterson, principal; Marz C. Meador, May Larimer, Edith Haggard, Lulu Poole, Anna Buck, Luella Norris, Minnie Evans, all reappointments except Miss Evans, transferred from Central school, Miss Meador, a new teacher, and Miss Patterson, who was granted a leave of absence last year.

ANTI-LEAN
Dr. Morrow's Anti-Lean
MAKES LEAN PEOPLE FAT
Through the nervous system, it is a purely vegetable compound. Contains no oils or fats or any drug that is injurious or liable to produce a habit.
IT IS THE GREATEST TONIC IN THE WORLD

ANTI-LEAN MEDICINE CO.
Georgetown Bldg., Portland, Or.

M'GORDEN SECOND TIME SENTENCED TO DEATH
(Special Dispatch to The Journal.)
Ontario, Or., May 4.—Judge Davis today sentenced Holmer McGorden, who murdered to hang June 23. Lloyd Roberts, convicted of assault with a dangerous weapon with intent to kill and commended to the mercy of the court, was given one year. Henry Cannon and Robert Miles, convicted of stealing five horses, were sentenced to five and three years, respectively. Sheriff Odell leaves for Salem with the prisoners this evening.
Metager ate row 47th St. Washington street, corner 3rd St. Coroner at 121 1/2 3rd St.
