Movement to Place Mrs. Augusta Stetson at Head of Christian Scientists.

FOOTMAN OF AGED WOMAN

C. A. Frye Charged With Attempting clings to his theory that the boy was to Induce Feeble Mistress to Abdicate-Helpless Plaything of the his death from natural causes. Rival Cliques.

New York, May 6 .- It is charged by of Mrs. Mary Baker Eddy in an equity suit brought at Concord that a plot is on foot to place Mrs. Augusta Stetson, leader of the Christian Science cult in New York city, in Mrs. Eddy's position of authority. C. A. Frye, Mrs. Eddy's footman and secretary, is said to be actng in Mrs. Stetson's interest at Pleas View. Concord, where the aged head Christian Science organization

can to induce Mrs. Eddy to abdicate or have her deposed, while Alfred Farlow, Irving Tomlinson and other defendants named in the bill of equity, are oppos-ing the plans of the Stetson-Frye group. Lawyers representing the complaining relatives say they have evidence of a split. They also declare it becomes more apparent as time passes that Mrs. Eddy is practically a prisoner in her Pleasant View home.

"Unfortunately Mrs. Eddy, now feeble physically and mentally, is a helpless plaything of rival cliques," said one of the lawyers, "and Pleasant View is the scene of internal strife and trickery which will be hard to match."

REFUSE TO SPEND MONEY REQUIRED BY FOOD LAW

Dr. Marvin Tells Meat Inspectors at Chicago of Work Accomplished by the Authorities During the Past

Ten Months.

Chicago, May 6 .- Because not spend money to perfect their plants as required by the pure food laws, 46 establishments have been forced to give up their inter-state trade, Dr. A. B. TWELFTH CONVENTION Marvin, chief of the bureau of animal industry, disclosed this fact in an address delivered to the meat inspectors this afternoon.

As the companies do not lose their intra-state business they prefer to give fair delegates to the twelfth annual up their inter-state rather than purify convention of the Kansas State Federathe food they send out. These plants cannot be touched by the state law and there is no way to reach the companies unless they send their impure foods across the state line. However, there are many other plants which have been closed up for more flagrant violations of the law, principally the use of prohibited preservatives. This latter offence can be regulated at the factories, it being unnecessary to await inter-state shipments in such cases.

#### GERMANY DOES NOT THINK OF DISARMING

(Journal Special Service.)
Berlin, May 6.—So far from thinking of disarmament, the German government has even adopted a new siege gun, which, though of great power and rapid action, is unusually light, so that it may be used in field operations. It replaces the 105-mm. siege can-

may be used in field operations.

It replaces the 105-mm. siege cannon, its calibre being the same, as well as its ballastic properties, but its bore marks a great improvement, being as the same type as the 77-mm, rapid-firing. The whole weight of the new gun with carriage is 1,820 pounds, the mag-azine weighs 1,500 pounds and carries 14 shells and 42 shrapnel charges. The batteries will be of six guns each, each

## SPEAKS IN FAVOR OF LOCAL OPTION MCYEMEN

Rev. G. L. Tufts Says Saloons in Residence District Exert Bad Influence on Children.

Rev. G. L. Tufts of the international reform bureau delivered two addresses yesterday in behalf of the local option movement. In the morning he talked at the Memorial Evangelical church, East Eighteenth and Tibbett streets, and he delivered another lecture last night at the Second Baptist church,

In the morning he dwelt on the injury to the influence of the church that the liquor business was bringing about, and founded his argument on the Lord's prayer. He said that the saloon was gradually encroaching upon the residence districts where the children passed every day to school. In the evening he presented a similar argument and made a strong plea for the churches to aid in the work.

at the June election, TUBERCULOSIS SOCIETY MEETS AT WASHINGTON

(Journal Special Service.)
Washington, May 5:—The National
Association for the Study and Prevention of Tuberculosis began its third annual meeting in this city today, with headquarters at the New Willard. Leading medical men and health offi-cials from all parts of the country were present at the beginning of business this morning. The session was opened with an address by the president, Dr. Hermann M. Biggs, chief medical offi-cer of the New York health department. Dr. Lawrence P. Flick of Philadelphia presented a report on the progress of the arrangements for the international congress to be held in this city next year. The transaction of routine business and meetings of several of the sections of the association occupied the remainder of the day. This evening there is to be a meeting of the advisory council to listen to a paper by Dr. Biggs on "Compulsory Notification and Registra-tion of Tuberculosis." Tomorrow morning President Roosevelt, who is one of the honorary vice-presidents of the as-White House to its members.

#### **VON BUELOW MAY BE** DROPPED BY EMPEROR

(Journal Special Service.)
Berlin, May 6.—The past week has
een one of considerable anxiety to the kaiser, for all newspaper reports to the contrary, the tumble of Prince Eitel Frederich was a very nasty one, and for several days the young man's condition was most alarming.
This accident, added to his worrying

over the success of King Edward in Latin countries, has made his majesty more than usually grumpy. The kaiser realizes that Germany is standing alone in Europe, that it is losing its leading position among the powers, and that with the peace move ment that the German army will dis-

appear. Somebody must be made to shoulder the blame for all this, and there are many who predict that Chancellor Von Buelow's days as pilot of the ship of state are numbered.

#### GYPSY SMITH TO BE GIVEN BIG RECEPTION

New York, May 6.—The National Bible Institute of New York has completed arrangements for a notable farewell dinner and reception at the Hotel Astor tonight in honor of "Gypsy" Smith, the noted evangelist, who is about to return to England after a suc-cessful tour of America. The speakers at the dinner will include the Rev. Dr. Newell Dwight Hillis of Brooklyn, Rev. the Fifth Avenue Baptist church, and Don O. Shelton, president of the Na-tional Bible institute.
