

ANOTHER BLUE LEDGE DEPOSIT

Huge Gold and Copper Lode on Ridge Between Rogue and Umpqua Rivers.

TRACED SEVERAL MILES AND GOOD ROCK ALWAYS

Three to Eight Per Cent Copper and Two to Twelve Dollars Gold—Much Ground Located—Promise of Plenty of Capital to Develop.

(Special Dispatch to The Journal.) Grants Pass, Or., May 5.—The uncovering of a huge body of ore carrying high values in copper and gold in a district hitherto unexplored, is receiving much attention from mining men in this section. The new copper lode, or belt, is on Elk creek and on the divide between the Rogue and Umpqua rivers at an elevation of from 3,500 to 4,000 feet. The district is 40 miles long on the Southern Pacific railroad and 5 miles from the Medford and Crater lake railroad, now under construction, at present the district is reached by wagon road from Riddle, Douglas county.

HUSBANDS FIND GROCERY MONEY SPENT FOR OTHER THINGS

There are several young husbands in Portland who are quite indignant and say they have been cruelly abused. Their wives are the cause of the complaints, and wrinkles at home must have been frequent in recent days. The husbands live in the same neighborhood and the wives got into trouble together. Just how their husbands found out about it no one knows.

CUPID'S ARM DRAWS BRIDE FROM BOSTON TO HOOD RIVER

A romance that began several years ago in Boston, Massachusetts, terminated yesterday after the bride had traveled 3,400 miles to meet the man who became her husband. The marriage was that of Miss Alexandrine D. Terrio, of Dr. H. Dudley W. Pines, formerly of Halifax, N. B. The ceremony was performed by Dr. J. Whitcomb Brougher at the White Temple.

of the claims, but the greatest amount of work is expanded on the Yellow King of the Rowley group. This property is opened by direct tunnel driven at a point a few feet above the level of the creek. This tunnel has explored the ore shoot on the south bank of Elk creek for a distance of nearly 100 feet and proves the lode to be very extensive, well placed and of sound character.

the past 18 months has been practicing at Hood River, Oregon, where he and his wife will make their home. Dr. Pines is a native of Halifax, as is also his wife, and the two met some few years ago in Boston, where Dr. Pines was practicing his profession.

lode has been traced for a distance of several miles across the divide between the two great drainage basins of the Rogue and Umpqua valleys.

A Reed-French Piano Bargain Is a REAL Piano Bargain

Our little ads in Friday and Saturday papers, telling about some good used pianos that were for sale for little money, meant something to Mr. Henry G. Wright, at least. This gentleman has been on the lookout for a good standard piano for some time, and, while there are many used pianos advertised, when it comes to running them down they are usually worn out or very old-fashioned.

Mr. Wright selected a Fischer Piano which we had marked for \$225. This same piano is worth in any retail store twice this amount. This instrument, for all practical uses, will last Mr. Wright as long as the same piano if bought brand new.

We have a number of other piano bargains which we offer at equally close figures. Any piano that stands on our floor aside from our regular line is sold without reserve.

We quote prices today that must be very attractive to anyone wanting a substantial instrument in the home and does not care to put much money in it.

- A Barry & Moore, fine little instrument..... \$175
A Steck, excellent tone..... \$190
A Kimball, as good as ever..... \$195
A Jacob Doll, retail price \$300..... \$200
A Schubert, 1905 style..... \$240
A Lester, fanciest style..... \$265
A Decker, a beautiful instrument..... \$285
A Packard, \$400 style..... \$285

And left over from the Alder street store we have an especially fine Kohler & Campbell Piano, brand new, for..... \$265
A Milton for..... \$185
A Baus for..... \$170

The Reed-French Piano Mfg. Co.
"From Maker to Player."
6th and Burnside The Factory Piano House in the Wholesale District.

AT THE THEATRES

Lillian Russell at Hellig Tonight.
Tonight, Tuesday, Wednesday and Thursday nights America's beautiful actress, Lillian Russell, supported by an excellent company of players, will present the delightful comedy, "The Butterfly," at the Hellig theatre, Fourteenth and Washington streets. Miss Russell has a role that gives ample scope for the display of her histrionic and certainly a comedy characterization. Her appreciation of the various possibilities of her part is matched by the skill with which she realizes them.

"Salome" at Hellig Friday.
Wilfred Rogers will present a magnificent production of "Salome" at the Hellig theatre, Fourteenth and Washington streets, next Friday, Saturday and Sunday nights, May 10, 11 and 12. The advance seat sale will open next Wednesday at the box office of the Hellig.

Baker's Goodwin Play.
That great Nat Goodwin play, "The Cowboy and the Lady," has always been popular in Portland, and it is probable that this week's presentation will triumph. Margaret Pitt and Miss Ethel Jones, who was formerly with the Baker company, are playing the leading roles. The advance seat sale will open next Wednesday at the box office of the Hellig.

"The Silver King."
This evening the new Star theatre stock company will make its bow in the classic drama, "The Silver King." This new company is composed of well-known players from the leading stock companies of New York, Chicago and other eastern cities. "The Silver King" is a famous drama which has engaged long and prosperous theatrical seasons here in England and America and the plot is considered flawless. The new company will give matinees Tuesday, Thursday, Saturday and Sunday.

New Company at Lyric.
Tonight at the Lyric the popular Allen stock company, with Miss Vera Felton, opens at the Lyric for a permanent stock engagement, the opening bill to be that highly successful farce-comedy, "The Little Rascals." All the favorite members of the company will be seen to advantage. New scale of prices in effect. Matinee tomorrow, Thursday, Saturday and Sunday.

CAPITAL CITY TO HAVE CRUDE OIL ON STREETS

(Special Dispatch to The Journal.) Salem, Or., May 6.—The first carload of crude oil for distributing on the streets of the Capital City is expected to arrive here this week. Mayor Rodgers has taken the initiative for improvements of the streets and present indications show that many of the residents of this city will oil the streets abutting to their properties. The experiment made last year by County Judge Scott, president of the Stage Good Roads association, on the streets adjoining the court house premises proved entirely successful though no great pains had been taken with a careful distribution of the oil. An expert from Portland is to be secured to assist in the distributing process.

LADIES SKATED FREE

Tonight Also Skating Night, Oaks Skating Rink.
True to their promise, the Oaks rink management will extend to the ladies the courtesy of free use of skates one night each week. Tonight will be free night and all ladies will be admitted free and furnished skates free. Ladies under 15 must be accompanied by chaperones. This will also be society night and a pretty grand march will be given at 8:30. The big Union band has promised something fine in the way of music and the new week will be started with a hurrah. Remember the big rink will be open all summer and, if you can't skate, 'twould be well to learn now. The new beginning class open every afternoon. Remember, general instruction is free at all times, but the special classes include an instructor and skates, one lesson, 50 cents; one term, six lessons, \$1.50. Remember, if you begin to learn today you will be a good skater this time next week. Ask your doctor about skating. It's a most healthful and invigorating pastime. Get the habit. Go to the Oaks rink.

WE BEAT ALL DIAMOND COMPETITION
By fair and square dealing, giving prices that fairly startle for economy. By comparison with others, you'll acknowledge that at this store your money goes farther and you receive better values than elsewhere.
ANOTHER FEATURE
You don't have to pay cash. One third down is enough to put you in possession of any article in our establishment; balance on EASY PAYMENTS
In this way anybody can buy a diamond, watch or jewelry without considerable outlay or paying any more than those paying cash.
