

PINK STAR WINS KENTUCKY DERBY

Muddy Track Gives Race to Colt Which Closed in Betting at Twelve to One.

THE TIME IS SLOWEST IN HISTORY OF DERBIES

Big Bar Colt Runs Behind Most of Distance, but Passes Tired Opponents in Stretch—Arcite, Future Favorite, Does Not Run.

Louisville, Ky., May 7.—Pink Star, the tail ender in the betting, landed in the lead of the Kentucky derby here yesterday. The winner closed in the betting at 12 to 1.

Red Gauntlet, who ruled as the favorite at 3 to 2, finished fifth. The time was the slowest in the history of the 2 1/2 mile Kentucky derbies, 2:13 3/5 for the mile and a quarter.

Mud nearly fetlock deep caused the upset in the calculations of the bookies. Arcite, who had ruled an overwhelming favorite in the future books, was withdrawn. Holdfast and Boxer were also scratched and but six ponies made the start. They were Red Gauntlet, Ovelando, Wool Sandels, Zal, Oriand Wick and Pink Star.

In the early part of the race Pink Star trailed far in the rear. By the time the mile post was passed he had moved up to fourth place. Successively he passed Wool Sandels and Ovelando and when half way down the stretch his pink muzzle showed ahead of Zal. After that he had the race safe, finishing two lengths in the lead. The favorite finished in fourth place.

Pink Star is a big bay colt by Pink Coat, dam Mary Maller, and owned by J. H. Woodford. The summary: Five and a half furlongs—Mike Sutton won, Cablagram second, Riskey third; time, 1:09 2/5. Four furlongs—Rebel Queen won, Dew of Dawn second, Geneva third; time, 0:49 2/5.

Six furlongs—Halbert won, Western second, Adveno third; time, 1:15 2/5. Mile and a quarter—Pink Star won, Zal second, Ovelando third; time, 2:13 3/5. Five furlongs—Brady won, Waterlick second, Financier third; time, 0:49 1/5. One mile—Trinker won, Geneva second, Forelance third; time, 1:44 2/5.

Horse Killed at Oakland. San Francisco, May 7.—Traja broke a leg in the fourth race at Oakland yesterday and had to be shot on the track. He tripped over Yank, who had stumbled and fallen in front of him. The jockeys, McLoughlin and Gilbert, escaped injury. Favoritism took the first three races. The summary: Four furlongs—Horives won, Sadie H. second, Saucy M. third; time, 0:49 1/5. Futurity course—Dick Wilson won, Nettie Elks second, Isolation third; time, 1:11 2/5.

Six furlongs—Silver Stocking won, Bema second, Fairy Street third; time, 1:14 1/5. Mile and 20 yards—Edwin T. Fryer won, Eduardo second, Tarp third; time, 1:47. Mile and 20 yards—Sun Mark won, Elevation second, Mark Mayer third; time, 1:42 2/5. Futurity course—Aaron J. won, The Mist second, Nonie Lucille third; time, 1:11. Jamaica Racing Results. New York, May 7.—Yesterday's results at Jamaica were as follows: Five furlongs—Senator Beckham won, Marbles second, Tilekins third; time, 1:14 1/5. Seven and a half furlongs—Robin Hood won, Slidaway second, R. Todding third; time, 1:07. One mile and a sixteenth—Good Luck won, Tommy Waddell second, Whimsical third; time, 1:47. Six furlongs—Atheno won, Ampedo second, Saracinesca third; time, 1:14. Five furlongs—Bounding Elk won, Paul Fry second, Fresh third; time, 1:02 2/5. Six furlongs—Golden West won, Vatabella second, Bromina third; time, 1:14 3/5. Six furlongs—Trump won, Dan Bupre second, Herman third; time, 1:16.

WHAT WILL THE FANS DO THEN, POOR THINGS?

It Seems Likely That Sunday Games Will Be Knocked Out in Seattle.

(Special Dispatch to The Journal.) Seattle, May 7.—There's a mighty good chance that there will be no more Sunday baseball in Seattle. Prosecuting Attorney Mackintosh says he will stop it if the proper complaint is made and the proper evidence provided to support it.

The matter came up when a delegation of Georgetown saloonmen called on the prosecuting attorney and asked if the order just issued by Sheriff Smith, on the advice of Mackintosh, to the effect that hereafter there would be no saloons open in King county on the first day of the week would be carried over. The prosecutor informed his visitors that Sheriff Smith would be backed to the limit. Then the saloonmen wanted to know whether the order would apply to saloons alone or to all lines of business except those particularly exempted by law.

"It will apply to every business that is not authorized by the statute to remain open on Sunday," was the answer. "Baseball games, too?" "Baseball games, too, if citizens make a complaint and produce the evidence."

IDAHO FAIR PROGRAMMED FOR LATE IN OCTOBER

SPORTING NOTES

Local and Otherwise.

George Donnerberg has resigned the management of the Bunker Hill club and has been succeeded by Charles Redmond. Mr. Redmond is widely known in college baseball circles, having played on many nines and more recently with the Columbia university 1905 team. He has signed George Jennings, a former team mate at Columbia, an emergency catcher; also Kinsler, Zander and Carmody brothers from the eastern Oregon brush; Martin, a tall, six-foot pitcher, and Kemp, from the Nebraska State league. Pitcher Chat Alexander reports for duty and is anxious to play. The enthusiasts at Bunker Hill are much elated over the new acquisitions. The club journeys to Canby next Sunday. Teams desiring games with the Bunker Hill maroons should communicate with Charles Redmond, care Portland Hotel Pharmacy.

The Southern California Rod and Reel club has voted to allow its members to report their catches by mail. My! There aren't a few whoppers he hooked all of a sudden?

There are millions of juicy trout in the Oregon streams, but there are mighty few within one day's journey of Portland. One persistent angler writes that he has cost him just \$4.25 a fish for all he has caught so far this season.

Entries for the dog show close tonight at 10:30. Entries will be accepted until 10:30. Local dog owners are urged to enter their pets.

Boulton and Gleason, handicapped at receive 3, are in the finals of the handicap handball tournament now in progress at the Multnomah club. They will beat McAlpin and Cleland in the semi-final round. The score was 21-11, 21-7. McAlpin and Cleland were handicapped at scratch.

Sunday morning was too cloudy for the members of the Portland Automobile club and the projected run to Salem was given up. Better luck next time.

American Lawn Tennis. A monthly publication printed on the paper and superbly illustrated, will be published the sporting world on April 15. It is the official organ of the National Lawn Tennis association and is devoted to all games played with the racket.

All the National league games were postponed on account of rain yesterday.

The Washington, St. Louis and Philadelphia games of the American league were all postponed on account of rain yesterday.

Don't imagine for a minute that young Jay Gould is the champion lawn tennis player of the world, or of America. Jay doesn't play lawn tennis. He plays court tennis, which might be described as a cross between ping-pong and squash ball. The thing is perpetrated in a rink, not on a tennis court. H. L. Dougherty of England is champion lawn tennis player of the world. William J. Clothier is champion of America. Court tennis is not played in the west and is played very little in the western hemisphere.

Constance S. Titus, national champion amateur oarsman, sails June 15 for London, intending to compete for the club of the Henley regatta, which begins July 5.

PORTLAND ACADEMY AND HIGH SCHOOL TOMORROW

They Are the Only Two Teams Still Unbeaten in Interscholastic League.

Interest in interscholastic baseball circles is just now centered on the baseball game between the Portland academy and the Portland academy, which will be played on the Multnomah field tomorrow afternoon at 3:30 o'clock. The boys expect to sell 1,000 tickets to the game.

There are six nines in the interscholastic league and the two which are to cross bats tomorrow are the only ones which have not been beaten so far. The high school has defeated the nines of Columbia college and of the Allen preparatory school and the academy has beaten the east side high school, Columbia and the Hill military academy. The interscholastic championship undoubtedly lies between the two nines which will fight it out tomorrow on Multnomah field and there is intense interest in the game among preparatory school pupils.

While the game tomorrow will not count in the final determination of the championship, it will afford an opportunity of getting a line on the comparative strength of the two nines. The preliminary series of games now being played is to be followed by a championship series, in which the three nines making the highest percentage in the preliminary series will compete. The Portland academy nine, by winning three times, is already certain of a place in the finals, while the high school will have to win another game to get in the final round at the beginning of the season. The wise ones did not expect the academy team to figure prominently in the fight for the interscholastic championship, but under the efficient coaching of Professor Thorne the lads have so far played winning ball.

Tomorrow's line-up will be: P. H. S. Portland Academy. Shearer Ladd Word Stone Moore Stone Oakes 2b. Robison Houston 3b. Myers Jamison Jones Hughes Glass or Gray McAlpin H. Cunningham Deady P. Cookingham or Nichols

AERIAL CIRCUS WILL BE HELD IN LOS ANGELES

Novelty in Sportdom to Be Seen Next Saturday—Aerial Yacht Race.

An aerial circus is a novelty in sportdom to be held in Los Angeles next Saturday afternoon.

The scene of the fun will be at Stephenson avenue and Lorena street, over in Boyle heights, where the boys and girls are preparing for all kinds of kite-flying stunts.

The first number on the program will be a quarter-mile dash and return. This consists of the rapid playing out of one-fourth mile of string, and then winding it in as fast as one can. Anybody can do this if he has lots of time, but when you have to get a move on it takes a mighty clever boy to perform the stunt.

The Oregon City Woolen mill nine will oppose the Rose City's at Canemah park Sunday, May 19.

NEW YORK DETECTIVES TO WEAR BLACK MASKS

Sleuths Will Conceal Faces While Making Inspection of Professional Crooks.

(Journal Special Service.) New York, May 7.—Members of the reorganized detective bureau were given black masks completely covering their faces, which will be worn when the detectives have their usual daily inspection of crooks arrested the night before.

Since the detective bureau was reorganized Commissioner Bingham has felt that while it was well for the detectives to get acquainted with the crooks, it is inadvisable that the crooks should know the detectives. Several plans for inspection of crooks had been formulated, among them a scheme for looking through a hole in a curtain. The mask idea was finally considered best.

UNCLE JOE CANNON IS SEVENTY-ONE YEARS OLD

(Journal Special Service.) Washington, D. C., May 7.—Speaker Cannon, who was born in North Carolina, May 7, 1836, was 71 years old today. The speaker is at his home in Danville, Illinois, and plans to pass the greater part of the summer there in quiet, with perhaps an occasional visit to Washington to attend to business in connection with the house of representatives office building, now nearing completion.

In connection with Mr. Cannon's birthday it is interesting to note that he will have served 34 years, and thereby establish a new record for the longest service in congress. The longest service was that of the late John H. Ketcham of New York, who served 23 years, and was a member when he died. Of the congressmen who have served since the foundation of this government, more than 12,000 individuals, only 34 have served 20 years or more.

The Secret of Strength

Do you sometimes wonder why you are not as strong as others and why you can't put through the day without a great loss of vitality? It is because you lack a full supply of electricity. Electricity is life itself. It is the foundation of muscular, nerve and mental energy. Lack of electricity is shown in weakness of any organ of the body, in Backache, Lumbago, Rheumatism, Nerve Weakness, Indigestion, Stomach, Kidney and Bowel Troubles. Why? Because the nerves control the organs and muscles, and electricity supplies to the nerves the power to control. Electricity is nerve food. When the supply is less than is necessary the nerves become weak and the organs perform their functions in an irregular manner.

The nourishment that we get out of our food is electricity. The digestive juices of the stomach produce this force by a chemical action upon the food. This electricity is forced through the nerves to every muscle and tissue of the body to repair the waste caused by mental and physical exertion. When the waste is greater than the repair, your stomach cannot supply the necessary amount of electrical nourishment, and a debility of the organs is the result. Then, can't you see, that the only way to restore your strength is to restore electricity where it is needed?

My Electro-Vigor does this while you sleep. It pours a steady stream of soothing electricity into the nerves and organs all night long, gives a lot of good, wholesome advice for every sufferer. I'll send this book prepaid, free, if you will mail me this coupon. Cut it out now.
