## IMPERIAL COUNCIL HAS COMMENCED SESSIONS

Program for Royal Entertainment of Visitors During Next Five Days Is Prepared by Hosts and Whole City Is Decorated in Their Honor.

(Journal Special Service.) Los Angeles, Cal., May 7.—The streets and other public places of Los Angeles are dotted today with the red fezes worn by the Nobles of the Mystic Shrine, and the regalia of the order is attracting attention in all parts of the city. The annual sessions of the Imperial Council of the Mystic Shrine began today, and the members are arriving on the train. With bands playing and banners flying delegations of hundreds of members or the order, accompanied by their wives and families, have poured into the city during the past 24 hours from every state of the Union, from Canada and from across the Mexican border. The visitors have received the heartiest kind of a welcome. From every place of business and from many private residences there float the national colors interspersed with the emblems of the Shrine. Flags and bunting are lavishly displayed and handsome arches span some of the main street intersections.

Today the Imperial council began its sessions at the Scottish Rite cathedral. This afternoon a typical California banquet was given in honor of the Imperial council. Also an excursion to Pasadena. This evening there will be a grand parade of the Imperial council, Arab patrols and Shriners acting as escort to the electrical Turkish and Moorish pageant. After the parade the Arab patrols will be the guests at a banquet to be given in their honor by the Arab and Bedouin patrols of Los Angeles.

Wednesday—Business session of the Imperial council. Automobile and trolley rides about the city. Exhibition drill by all Arab patrols in Ascot park. Exhibition of Japanese daylight fireworks, lavishly designed and made to order for the occasion in Japan. Evening—Second grand parade of the electrical Turkish and Moorish pageant.

Thursday—Special excursion for all Arab patrols to Avalon, Catalina Island. Evening—Third and last parade of the electrical Turkish and Moorish pageant. Theatre parties.

Friday—La Fiesta del los Flores, one

of the most attractive events of the entertainment program. Miles of decorated coaches, carriages, automobiles, equestrians and bicycles. Evening—Grand Shrine ball at Al Malaikah's new auditorium.

## LIFE TERM COMMUTED WITH 26 YEARS SERVED

Moses Taylor, Pardoned Rancher, Secures Liberty of Man He Pitted in Prison.

(Special Dispatch to The Journal.)

Salem, Or., May 7.—Henry Von Wintzingerode of Washington county, who has been in the penitentiary for 38 years for murder, will gain his liberty, as his life sentence has been commuted by Governor Chamberlain. Moses Taylor, the wealthy Umatilla rancher who was pardoned some days ago, has agreed to take Von Wintzingerode on his ranch in Umatilla and to care for him during his remaining years.

These two men became acquainted in some way or other while in prison and Taylor's heart went out in sympathy to the old prisoner and he has urged upon Governor Chamberlain to commute the sentence.

Since his incarceration in prison, April 4, 1881, Wintzingerode has never violated a single prison rule. His father was for many years in the diplomatic service.

## KIDNAPS HER CHILD AT POINT OF SIX-SHOOTER

(Special Dispatch to The Journal.) Chehalis, Wash., May 7.—Mrs. Ida Heffron, who some time ago left her husband, William Heffron, reappeared unexpectedly at his house, covered her husband with a six-shooter, seized their 2-year-old child and carried it away with her, threatening to kill Heffron in his tracks if he attempted to follow her. The sheriff's office was notified.

## Requisition for David Miller.

(Special Dispatch to The Journal.) Salem, Or., May 7.—Governor George E. Chamberlain has issued a requisition on the governor of Washington for the extradition of David Miller, who is charged with having committed larceny by bailie in Portland, April 8, 1907. He is now at Spokane. P. J. Maher of Portland is named as the officer to return the fugitive.

## BRONCHIAL COUGHS

Breathe Hyomei's Healing Air and All Irritation Will Be Quickly Cured.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough, which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroys all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of the mucous membrane lining the air passages and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

We do not want anyone's money unless Hy-o-mei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it cost nothing unless it cures. Booth's Hyomei Company, Buffalo, N. Y.

## TO FORCE TAFT ON CONVENTION

President Tells Republican Congressional Candidate That Big Bill Is the Man.

(Journal Special Service.) Cleveland, O., May 7.—Jay Miller of Bellefontaine, Republican congressional candidate in the eighth district, said that President Roosevelt told him at the White House Monday that Secretary of War Taft should be nominated for president. "I assured the president," said Miller, "that Taft's name in Ohio was growing, and explained that the primary bill would soon become law, thus enabling the proposed test of strength between the Taft and Foraker forces. To all of this the president most pleasantly replied that Taft should be nominated and added that he was the best-equipped man for the office. The president said this was a fact, because of Taft's knowledge of present conditions of national affairs. He said further that the secretary was the man to whom had been intrusted some of the most delicate affairs of the present administration."

"While at the Jamestown exposition I was much impressed by interviews I had with many of the most prominent politicians of the southern states. With one accord they said President Roosevelt is a Democratic-Republican and good enough for them, but if he cannot be nominated they would like to see 'Big Bill' Taft chosen."

## GRASPS LIVE WIRE TO SHOW THAT HE DARES

Hood River, Or., May 7.—With his friends making every effort to restrain him, Tomaso Fabri, a Greek laborer who has been employed on the railroad here, succeeded in taking hold of a live electric light wire Sunday and was killed.

Fabri, in company with a number of his countrymen, was walking over the Hood river wagon bridge, when he noticed the electric light wires placed on wooden arms and running along the railing but so far out that it is with difficulty that they can be reached. Some of his companions mentioned that they were dangerous, and almost instantly he rushed for them. Before they could get to him he had hold of the wire and when he pulled him away by his clothing he was dead.

Fabri's friends cannot account for his action unless he wanted to commit suicide, or being under the influence of liquor, did not realize what he was doing. He is now at Spokane. P. J. Maher of Portland is named as the officer to return the fugitive.

## ALLEGED FEUDISTS ARE PLACED ON TRIAL TODAY

(Journal Special Service.) Lexington, Ky., May 7.—The case of Judge James Hargis, Senator Alexander Hargis, Elbert Hargis and Sheriff Ed Calhoun, all indicted for conspiracy, charged with the assassination of James Cockrill, was called for trial today. If the trial proceeds without further delay it will be necessary to conclude it before May 28, on which date Judge Hargis is to be placed on trial for the alleged murder of Dr. B. D. Cox, which occurred at Jackson in April, 1902. Both cases grow out of the notorious Breathitt county feud, which already has cost the lives of more than a score of persons and for complicity in which several men have already been tried and convicted.

## ROOSEVELT CLUB TO GIVE BANQUET TONIGHT

(Journal Special Service.) Boston, Mass., May 7.—It is expected that third term resolutions will go through with a whoop at the first annual banquet of the Roosevelt club of Massachusetts, to take place tonight at the American house. Congressman Michael E. Driscoll of Syracuse, New York, is to be the principal speaker of the evening. Governor Guild, Senator Lodge and other Republican leaders of Massachusetts are expected to attend.

## BALTIMORE CAMPAIGN IS CONCLUDED TODAY

(Journal Special Service.) Baltimore, Md., May 7.—The city campaign, which has been hotly contested for several weeks, ends today with the election of a mayor and other city officials. The contest is being fought out on straight party lines. The Republican candidate for the mayoralty is E. Clay Thomas, while the Democratic ticket is headed by J. Barry Mahool. Each candidate has the solid support of his party organization.

## KILLS COMRADE AND SELF WHILE AT DINNER

(Journal Special Service.) Washington, May 7.—William Parks, aged 35, an inmate of the soldiers' home in the dining-room at that institution yesterday, fatally shot James Leslie, aged 20, a comrade, then committed suicide. Apparently there was no cause for the double tragedy.

## The Realm of Hyomei

Business and the Home. Dr. Scudder of Jersey City preached recently on the subject "The Business Woman: Does She Make a Good Wife?" It is evident that Dr. Scudder has no fears for the future in this regard; he does not consider that a business woman is losing her feminine charm, nor that the contact with the man's side of the world will unfit her for her duties when they come, of wifehood and motherhood. There is much sound logic in the remarks of this able man who among other things said:

"There are between 4,000,000 and 5,000,000 industrial women in this country, and their passage from the domestic sphere to mercantile careers is making changes in our social life.

"In free America she now has unlimited opportunity to secure her independence, and obtaining this she is not so anxious to marry as she was formerly. She certainly will not marry unless assured of considerable treatment. She will not 'give up' an \$800 job for a \$600 man, unless he is kind and she is very much in love.

"This bachelor maid is proud of her ability to support herself and refuses to be unequally yoked with any man. She insists upon the omission of the word 'obey' in the marriage ceremony; in fact, I dropped that unsightly word out of the rite of matrimony many years ago.

Under these circumstances, of course, I will not expect more marriages in proportion to the population. "The industrial woman leaping into the ranks of open competition tends to reduce the wages of the men and so incapacitates them for marriage. This is one sad feature of modern commercial life. It will reduce the number of homes, leaving camps of unmarried men on one side and spinsters on the other.

"The business woman of today refuses to be a moon revolving around a masculine earth—she will be a twin star or nothing. I believe her industrial training will make her a better wife, for she will know the value of a dollar and be able to sympathize with her husband in his daily toil. She will apply business methods to domestic economy.

"Should her husband attempt to maltreat her, she has courage enough to separate from him and return to self-support. What has been done once she can do again. Being fearless and decided, she will be respected and well treated. The broader outlook she has acquired in the business world will make her a superior wife and a more capable mother.

## The Season's Parasols.

Parasols are covered in colored pongees to match colored pongee frocks, and much more covering to order is being done in the parasol world than is customary, a fact accounted for by the wealth of subtle shading on the season's color card and by the great vogue of the harmonious toilet in one tone or in shades of one color.

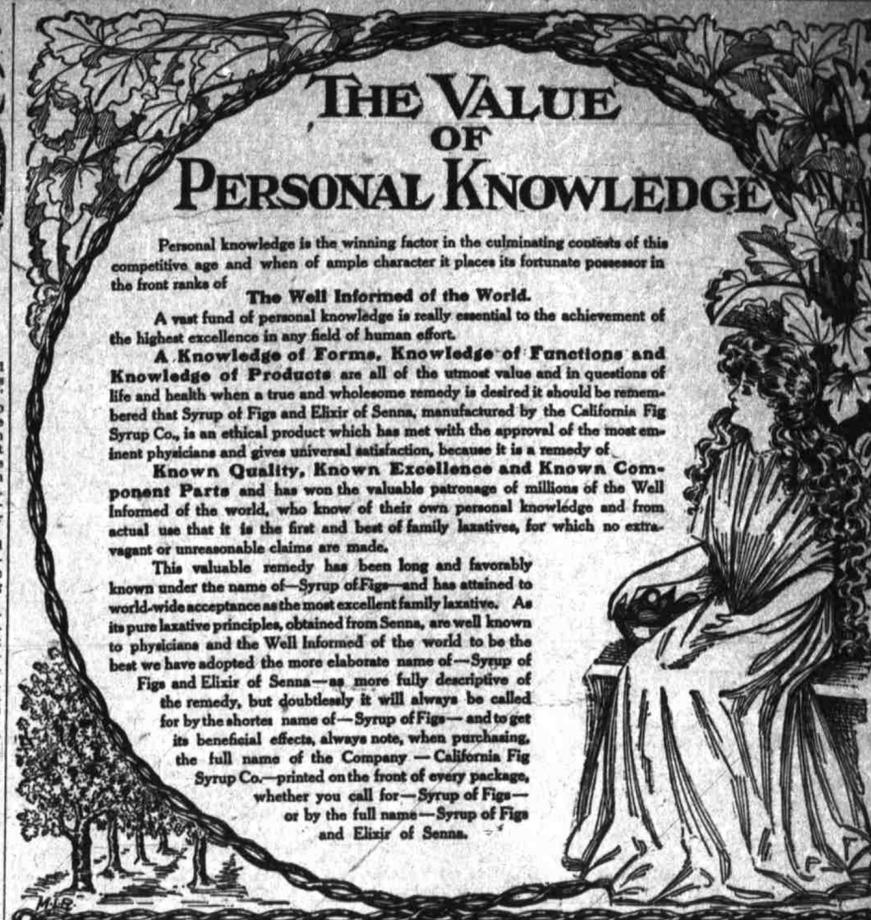

A great many parasols in biscuit and in the natural pongee tones are displayed and a parasol of this kind is a practical thing for general use, though it has not the gay smartness of the more pronounced colors. Many of the pongee parasols are embroidered in an all-over design or in a deep border, the embroidery usually being in self color, though occasionally the Chinese and Japanese designs and colorings are employed and rich oriental blues, greens and yellows are used upon the natural toned ground.

Some of the daintiest parasols for use with airy summer frocks are of plain taffeta in delicate color bordered by a group of eight or ten very narrow overlapping pinked frills in the same taffeta. In pink, lilac, light blue, etc., these parasols accompany delightfully plain or flowered muslins in corresponding colorings.

The sticks are ordinarily of light colored natural wood or of smooth enameled wood matching the tint of the silk; but of course more pretentious handles may be procured if desired, though a costly handle adds little to a parasol of this kind. Smooth sticks ending in carved bird

## Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all, writes J. G. Jenkins of Chapel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at Red Cross Pharmacy.
