

SCHWAB ANGRY AT STRIKERS

Says Union Iron Works at San Francisco May Remain Closed Until Machinery Rusts.

REFUSES TO BUILD HIS SHIPS AT THE BAY CITY

Cost More Money on Vessels Constructed There Than He Made on Those Built Elsewhere—Blames Labor Conditions.

(Journal Special Service.)
San Francisco, May 7.—Charles M. Schwab, former president of the United States Steel corporation and owner of the Union Iron works of this city, made a flying trip to San Francisco yesterday. He had just returned from Tonopah, Goldfield and Bullfrog, where his great mines are, and, in company with Mr.

McGregor, acting manager of the Union Iron works, made a trip about the city. Mr. Schwab left for New York late in the afternoon. In an interview he stated:

"Our concern will never take a battleship or any other kind of ship to be built in San Francisco as long as labor conditions are maintained as at present. We lost \$2,500,000 on the last three battleships constructed for, and have lost more money in our work in San Francisco than we have made at our other works throughout the country. We shall not take any work of any magnitude under the labor conditions existing in San Francisco. I have never seen anything like it anywhere."

"A certain concern wanted a large ship built and asked us to bid on it within the last three months. We would not talk of bidding against eastern bidders, although they stated that they would give us \$50,000 more than an eastern bidder. The cost of bringing the ship here, as they would like it built here under their supervision, but we would not bid on it."

"When asked, how long he would keep the Union Iron works closed entirely, he said: "I will let all the machinery rust away rather than open it under the present labor conditions."

QUARTER MILLION TO WASH QUARTZ

Southern Oregon Mine Owners Are Running in New Machinery by Carloads.

PORTLAND PARTIES TURN DOWN A BIG TRANSACTION

Placer That Has Plenty of Platinum and Equipment to Save It—Other Placers That Are Yielding More Than Profitably.

(Special Dispatch to The Journal.)
Grants Pass, Or., May 6.—Nearly a quarter of a million dollars will be expended on southern Oregon mines for machinery and equipment this summer. Much of this machinery is already being hauled out or installed on the properties. A feature of this improvement is the fact that speaks well for the future. It is the fact that the greater part of the equipment is for quartz properties. Five carloads of machinery have arrived at Grants Pass alone during the past few days. All of this is now on the road to the mines, or is being placed.

Among the properties that are installing equipment are the Tin Pan of Gila Creek district, the Harms group of Sardine Creek district, the Ada of the Foothills district, the Homestead of the Evans Creek district and the Briggs and other properties of upper Sucker Creek district. Several mines are adding to their present equipment. It is notable that a great number of these mines are in districts around the old camp of Gold Hill.

Portland Capital Is Busy There.
The Mount Pitt mine, owned and operated by Portland people, has made such a splendid showing this past year that it will have its present mill and reduction plant of five stamps enlarged this summer. The Mount Pitt company recently offered \$250,000 cash for this mine, which offer was refused. The ore body uncovered on the Mount Pitt is one of the largest and richest ever brought to light on an Oregon property. This mine is located on Jump-Off-Joe. The Ada, on the Evans creek, which was purchased a few months ago by the Oregon Gold Fields company and which has subsequently been under development by these people, is making a fine showing. The owners are Seattle people principally. Samuel Bowden is manager. They are driving a long tunnel to tap the ore body at great depth. Anticipating good results, the company is preparing to place a large mill and ore reduction plant.

PRAYED ALL DAY BEFORE HE WAS FOUND DEAD

(Special Dispatch to The Journal.)
Spokane, Wash., May 7.—A man was found dead with a bullet hole in his head at Hangman creek bridge yesterday. It is reported by a man and a boy who identified the dead man that he was sitting on the creek bank most of the day Sunday with minister, praying. Bible and a sack of tobacco were found in his pockets, and nothing more.

WHEAT BELT TRIP FOR PORTLAND PILGRIMS

(Special Dispatch to The Journal.)
Pendleton, Or., May 7.—Pendleton and other points are making elaborate preparations to entertain the business men of Portland on their return trip through eastern Oregon.

The excursionists will remain in Pendleton from 1:45 to 10 a. m. on May 10 on their return trip from Boise. A drive through the Umatilla wheat belt is being planned.

CHATTANOOGA WOMAN Has Reason to Take Coffee Out of Her Family.

"After drinking coffee some years, I became badly run down in health, had serious indigestion, flatulency and nervousness, with severe spells of sick headache.

"My physician advised me long ago to stop drinking coffee, but I said it would be an impossibility, that I would rather do without my breakfast and have a cup of coffee.

"About six months ago I tried Postum Food Coffee and made it strictly according to directions. I was so delighted with it that I immediately discontinued coffee and began using Postum. I have not had a pound of coffee in by house since and never expect to again. All symptoms of indigestion have disappeared entirely and my nerves are growing stronger every day. My weight has increased about 20 pounds and I now weigh more than I ever weighed in my life.

"I have known people to try Postum and throw it aside, for the reason that they made it carelessly. It has a delicious flavor and is dark and rich as Mocha or Java if properly boiled, but if not boiled long enough it is tasteless. Put a piece of butter in a pot, the size of a navy bean, to prevent boiling over.

"My husband's weight has increased 30 pounds since he began drinking it, and my little boy, who has been very delicate and did not eat as children usually do, used to drink coffee at breakfast. After I gave him Postum for a few days, his appetite improved and he is gaining in flesh daily. You can imagine we are strong friends of Postum Food Coffee."

Cures Woman's Weakness.

We refer to that boon to weak, nervous suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John F. Fyfe, of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Holcus Scoticus*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorant... makes for normal activity of the uterine reproductive system. He continues: 'In Helonia we have a medicinal which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent.' Dr. Fyfe further states: 'The following are among the leading indications for Helonia (Unicorn root). Pain or aching in the back, with leucorrhoea; a general condition of debility; nervousness; organ of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constitutive weakness; menorrhagia (bleeding), due to a weakened condition of the reproductive system; amenorrhoea (absence of menstruation) during periods; aching from or accompanying an abnormal condition of the digestive organs and a general condition of the blood; dragging sensation in the extreme lower part of the abdomen.'"

(More or less of the above symptoms are present in the following named cases.)

Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonia, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions of the uterus and general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilities."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (bleeding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are so highly valued.

\$1.50 Dress Goods \$1.17

Sensational Sale of Strikingly Beautiful Waists At Half Regular Prices Wednesday

Some Three Hundred Waists in This Lot—The most beautiful lingerie bodices you've seen at special prices this season. Even the former waist selling events in this, the best and biggest Suit Department on the Pacific coast, are eclipsed in this sale. Another buy made by the manager of the garment section on her recent eastern trip. A large waist manufacturer had the waists and a pressing need for the cash, waists were a surplus and sample lot that required a first class store to sell them. We were on the ground and women of good taste now have the waist opportunity of all our history. They are made of lawn, Swiss or mull and come in white, pink, green and light blue. Some are of all over embroidery (hand made, if you please), some have fronts of exquisitely pretty embroidery and others have yokes or fronts of rarely delicate and dainty lace, in all over lace or insertions. Not one of these bewitchingly beautiful bodices will be laid aside, sent on approval or sold on phone order. See the window display, 1/2 Price then come early; worth from \$5 to \$35, choice..... 1/2 Price

Women's Walking Skirts, in the same style as illustrated here, the very popular pleated style, circular style and some with bands or with clusters of small pleats. Made of all wool Panamas, serges and fancy mixtures and come in the fancy mixtures, plain black, blue or brown. Regularly sold at \$8.50 to \$16.80 each, but bought at a great saving, so they too go at a surprising..... Half

RESIST INVASION OF STREET BY CHINESE

First Street Improvement Association May Resort to Law Against Orientals.

The First Street Improvement association held a meeting last night in the auditorium of the Chamber of Commerce at which a number of important questions affecting First street were discussed. The invasion of that thoroughfare by Chinese merchants from the old Second street Chinese quarters will be resisted to the utmost. Attention was called to the fact that the Oregon constitution prohibits Chinese from owning property in certain parts of the state and the threat was made to invoke that provision of the constitution to keep the natives of the flowery kingdom from establishing themselves on that street.

A committee was appointed to call on Manager Fuller of the Portland Railway company and arrange to have the company pay its part of First street. The same committee was also instructed to ask that the third rail on First street be removed. It was pointed out that it was no longer necessary since the Fuller car leaves First street at Madison and enters the center of the city over Second street.

Preferred Stock Canned Goods, Allen & Lewis' Best Brand.

AT THE STOCK THEATRES

The Allen Stock company made its initial appearance at the Lyric theatre last night, succeeding the Lyric stock company at that house. "Brown's in Town" is the offering of the company.

The departing company left hosts of friends in Portland, while the Allen company also has a big list of admirers. So it has fallen to the Allen company not only to retain its own clientele but to win the friends of the other company. It succeeded in this difficult feat even more completely than its strongest supporters had anticipated.

While many of the old favorites are still with the Allen company it has been considerably strengthened by several new members. Miss Verna Felton is still of course the leading woman and altogether the company is a very strong organization. Besides Miss Felton the company includes Charlotte Mundorf, Marie Thompson, Mrs. Clara Allen, Forrest Seabury, Irving Kennedy, Ralph Belmont, H. N. Dudgeon, Harry Blanchard, Charles Ayers, Wallace Roberts and D. D. Edwards.

"Brown's in Town" is an excellent offering for the first week of the Allen company at the Lyric. Its laughing possibilities are unlimited and the company makes the most of it. It was a great success yesterday. It will be the bill for the entire week.

The new Star stock company was introduced to Portland at the Star theatre last night in "The Silver King." So favorably was it received that its success is assured.

AT THE VAUDEVILLE THEATRES

In an excellent bill at the Grand this week Harry La Rose and his company presenting their sketch, "The Sailor and the Horse," is the headline feature, and it would probably be the headline feature on any bill. It is a screaming farce that wins instant approval from the audience and arouses a storm of applause.

Another feature of especial merit in the act of Howard Brothers, who are considered the greatest exponents of the banjo on the stage. They were heartily received yesterday and will be sure to please every audience.

Nana Engleton and company also made a decided hit, while Gil Brown in a dancing and mgologus act was well received. The bill is full of clever specialties and is one of the best the Grand has offered.

CASE OF SMALLPOX IN BAKER CITY SCHOOLS

(Special Dispatch to The Journal.)
Baker City, Or., May 7.—Considerable anxiety is manifested on the part of the parents of school children over the discovery that one of the pupils was broken out with smallpox. The afflicted child lives in Willows. During the past few weeks smallpox has been prevalent in the home but of so light a form that no physician was summoned to care for the patient.

The teacher dismissed the pupils and summoned the city physician, Dr. Carl G. Patterson. All the scholars who had been exposed were ordered to be vaccinated and the room was thoroughly fumigated. A careful watch will be kept on all the students and if any more cases develop the building will be closed for the year.
