

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

AN honest, tried and true remedy, of unquestionable curative value, made from Native Roots and Herbs. It contains no narcotics or harmful drugs, and complies with all conditions of the Pure Food and Drugs Law. Its annual sales are greater than that of any other medicine exclusively for women.

During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

Merit alone can produce such results. Good advertising serves to call attention for a time, but merit alone can stand the test of time.

All sick women should note these facts, and placing all possible prejudices aside, should realize the truthfulness of these statements, and when assailed with any of the numerous illnesses peculiar to their sex, should at least give Lydia E. Pinkham's Vegetable Compound a fair trial.

PORTLAND WILL BE RECOGNIZED

Summary of Internal Commerce in Future Will Give Credit to This Port.

JOURNAL'S SUGGESTION ACCEPTED BY OFFICIALS

Realized by Department That San Francisco Is No Longer the Whole Pacific Coast and Northern Cities Must Be Counted.

(Washington Bureau of The Journal.) Washington, May 8.—Portland and Puget sound have been ignored heretofore by the official in the department of commerce and labor who writes the summary of internal commerce which is prepared for the use of all Washington correspondents. In this summary, Boston, New York, Philadelphia, Baltimore, New Orleans and San Francisco were mentioned in giving the movements of wheat and wheat products, but the names of north Pacific coast ports were not included.

At the suggestion of The Journal, the bulletin hereafter will contain references to those ports. It was pointed out that several times as much wheat and wheat products are handled at Portland as at San Francisco, and this was proven from the very figures which the department had in its possession at the time.

In spite of the fact that at least six times as much of these products were handled on the north coast as in the southern port, the department had followed the time-honored habit of Washington statisticians, who have since the early days regarded San Francisco as embodying the entire Pacific coast, and at first, when the assertion was made that in grain handling the Bay City was no longer in the competition, amusement was manifested and there was a disposition to question the accuracy of the statement. It was easily shown from the official tables compiled

TANGLED TONGUES GET LOOSE IN NEW PLACE

Scandinavians Are the Sect's Members and Ice-Clad Immersion is a Tenet.

(Special Dispatch to The Journal.) Seattle, May 8.—Open air baptism in the ice-cold waters of the sound is the ordeal through which the convert must go who is initiated into the church that has headquarters at the Jones avenue mission at Ballard. The members are known in the shingle suburb as the Holy Rollers, although their rites are more of the nature of those practiced by the believers in the gift of tongues.

Five persons were immersed in the bay Saturday by Charles Tommeson, a carpenter, who is the leader of the congregation. Three of them were women. The same ceremony has been performed on various Sundays throughout the winter, even when it was raining or very cold. The water of the sound is never any too warm.

Tommeson's followers, who are all Scandinavians, believe the world is about to come to an end. They are very noisy and the police have been obliged to interfere. The audience keeps up a continual moaning. Little girls sink to the floor and roll about in apparent agony, occasionally bumping their heads against the boards. The fanatics exhort in strange languages and claim they can make each other understand when the spirit moves them.

The church was established less than a year ago, but has grown with astonishing rapidity.

The real estate market at Forest Grove has been very active this spring. One of the latest transfers was the Crescent Millinery company, which was purchased by J. W. Fuqua from W. B. Halses and John Thornburgh for \$11,000. Will Hartman retains the management and a fifth interest.

BOYS TO PLAN WORK FOR BOYS

Purpose and Program of Coming Conference at Salem—Response Is General.

(Special Dispatch to The Journal.) Salem, Or., May 8.—The first boys' conference ever held in Oregon is to be held at Salem May 25. It has been arranged by the Salem Young Men's Christian association and will be made an annual event. The idea originated during a discussion of plans at a meeting of the boys' work committee of the Salem association and correspondence was at once commenced. Secretary George A. Forbes of the Salem Y. M. C. A. sent invitations to 21 boys' organizations in the Willamette valley outside of Portland, and through the Portland association invited the various boys' clubs of Portland, McMinnville, Albany, Corvallis and Eugene have already responded. They will probably send 10 delegates each. The Portland association has assured 10 delegates. The White Temple boys' club as well as several other churches will be represented. Seventy-five to 100 delegates will be present.

The delegates will be entertained by the Salem Y. M. C. A. Many of the best homes in Salem have been opened. Each delegation will be accompanied by an elder leader. The first session will open at 9 o'clock Saturday morning. Sunday evening the closing meeting will be held. The Sunday afternoon session, for the discussion of boys' Bible class work, will be held in a grove just outside the city. Saturday afternoon the delegates will be taken in special cars over the Salem end of the Portland-Salem electric railway to the Chemawa Indian training school. Delegates will be welcome from any Sunday school having boys' classes with male teachers. The Salem association will provide entertainment for five delegates from each organization or Sunday school represented if the names of the delegates are received by May 21.

CHESTER THOMPSON MAY ESCAPE PRISON STRIPES

(Special Dispatch to The Journal.) Tacoma, May 8.—Uniforms will be adopted at the state penitentiary instead of the present stripes, according to James H. Davis of the state board of control. There will be three different styles, with a system of merit. The stripes will be abolished except in cases of serious infractions of discipline, when they will be used as a punishment. Mr. Davis says preparations for this change have been under way for some time.

Mr. Davis would not say what care and treatment would be given Chester Thompson, the slayer of Judge Meade of Seattle, who was last week finally declared insane and was consigned to the insane ward at the penitentiary, further than that he would be humanely dealt with. Before the law creating the insane department of the penitentiary goes into effect, he says, an order will probably be issued covering the rules and regulations of the ward. A section of the new dormitory will be given up for the insane department. Under the new arrangement it is probable young Thompson will not be compelled to don the detested stripes.

GRESHAM PEOPLE WANT UNION HIGH SCHOOL

(Special Dispatch to The Journal.) Salem, Or., May 8.—J. H. Ackerman, state superintendent of schools, was at Gresham yesterday holding a teachers' institute, assisted by County Superintendent G. T. McArthur. Today he will address a teachers' institute at Fossil, Wheeler county.

The people in the vicinity of Gresham are planning the organization of a union high school according to the provisions of the new law. County School Superintendent R. F. Robinson of Multnomah county has extended an invitation to Superintendent Ackerman to be present at a meeting Saturday at which the proposed movement will be discussed. It seems that several of the districts in that neighborhood want to join forces and maintain a high school.

One of the most complete and valuable collections of coins that has been exhibited in that of J. A. Kirkham of the Commercial Investment company of this city. The collection consists of more than 400 coins which Mr. Kirkham has been collecting since boyhood. One of the most ancient in the collection is a copper coin that was made 35 years B. C. Another that is extremely rare is a Gregorian coin, made when Gregory was pope. On one side of the coin is inscribed "Gregory II Ppn." There are ancient Chinese and Japanese coins and those of various other na-

W. M. KILLINGSWORTH AT LABOR

THIS PICTURE, "DOUBTING THOMAS," I published some 20 years ago, and it is as appropriate today as then; the only difference Portland has extended its boundaries, taking in ALBINA and EAST PORTLAND.

It affords me extreme pleasure in looking backward witnessing the changes, for at that date a dense forest covered the entire Tenth Ward of Portland, which is now dotted with BEAUTIFUL HOMES, SPLENDID SCHOOLS AND CHURCHES. However, greater changes for Portland are in the immediate future. ALL PERSONS THAT FOLLOWED KILLINGSWORTH'S ADVICE THE PAST TWENTY YEARS HAVE MADE MONEY; MANY SECURED FORTUNES.

Doubting Thomases are few at this date, for no sane person longer doubts that the GREATER PORTLAND, as stated by me in years gone by, will be built on the PERFECT, MATCHLESS SITE BETWEEN THE RIVERS. I have oftentimes had to grasp Doubting Thomas by the hair, impossible to otherwise reach his mentality and coin, and by physical force compelling him to make money. I have paid out good money freely in advertising Oregon and especially Portland, for I have ever had unwavering faith and confidence that Portland, Oregon, would become, by its perfect location, the LARGEST CITY ON THE PACIFIC COAST, and today my faith, if possible, is stronger than ever. I have in years past offered splendid investments, but I am frank to say that none will show greater returns than this acre property.

SPECULATORS, ATTENTION! Best bargain ever offered in Portland. Acreage between the rivers adjoining the O. R. & N. Co.'s terminal and Swift & Co.'s property. Become wise by carefully investigating this extraordinary bargain. Only a few acres left. Each acre a fortune. Price \$1,000.

By the way, if you are looking for the best homestead in Portland, most beautiful beyond description, visit WALNUT PARK. Office corner Killingsworth and Williams avenues. Take any U car going north. Phone Woodlawn 1115. Call today on
