A Gigantic Sale of Fine Suits

That Outshines All Our Former Offers—A Sale that will create the most Intense Interest—A Sale that will be remembered for months to come—Same Styles as Illustrated Here—Half Price for the Finest Schroeder Suits—SEE THE SUPERB WINDOW DISPLAY

The first, last and only opportunity you'll have at these Suits. A special buy that we are as much surprised at having here for you as you'll be at the beauty and value. When our buyer was in New York there were a few lines that we wanted, but as they were engaged at the time, no deal was made, and we had given up the idea of having them. Therefore we stocked up more heavily on other lines, and now come these by express, bought so advantageously that we can sell them at half price. Just arrived Friday and now they will be ready for sale Monday morning. They are of such exceeding richness that to describe them in detail is impossible. Come in richest plainness or ornamented with the most beautiful trimming, in real lace and braid. They are styles that have set the pace for the fashions of the entire continent, made of splendid materials and so cleverly designed that all women who care for swagger garments will be sure to possess one. Some are of wool materials, some are silk, the products of Mme. Schroeder and other makers whose names are famous. The sleeves, the way the suits are cut, the way they're trimmed, the very air of them proclaim them the aristocrats of the garment world. Some models have sleeves inlaid with real lace, some are trimmed with rich Parisian applique. Most of them are Eton models, materials are voiles, imported Panamas, fancy wool mixtures and silks.
