

MADRID GOES WILD WITH JOY

Whole Population of the Spanish Capital Stays Up All Night to Celebrate Birth.

TROOPS GIVEN BANQUET BY ORDER OF ALFONSO

Title of Marquis is Conferred Upon Attending Physician — Ceremony of Inscription of Their Name on Records of Royal Family Occurs.

(Special Cable by Hearst News Service.) Madrid, Spain, May 11.—The birth of an heir to the throne has almost caused the Spanish people to become delirious with joy. No loyal Spaniard thought of going to bed last night, and the festivities continued until daylight. Madrid presented a joyous scene. The city was illuminated, there were magnificent displays of fireworks, regimental bands playing national airs marched through the streets followed by throngs of shouting people, the cafes were crowded where the health of the new prince was drunk in sparkling wine over and over again.

At midnight the troops in all the garrisons of Spain, by order of the king, were given sumptuous banquets, and even after daylight the streets were still crowded with people. Church bells were rung in all the provinces, and distributed to the poor, and crowds headed by bands paraded the streets in many towns. A number of elaborate festivals are now being arranged in further honor of the baby prince.

Are Doing Well.
The royal mother and her child are doing well. The title of marquis has been conferred on the Spanish physician who has been in attendance upon the queen. People of Madrid are much pleased that the baby was born in the same month as the patron saint of the city and at the same hour of the day as his father, the king.

Some hours after the birth of his son yesterday King Alfonso received from the pope a telegram couched in affectionate terms, expressing his delight, wishing prosperity to the infant, and asking the blessing of heaven upon his august parents.

Inscription Ceremony.
This afternoon the ceremony of the inscription of the prince's birth on the registers of the state and of the royal family took place.

Out of consideration to the royal family the Liberals have been advised by ex-Premier Moret to attend the opening of the new parliament on May 13, but to abstain from attending thereafter as a protest against the reactionary policy of the cabinet.

This afternoon crowds again gathered about the royal palace and cheered for the king, queen and prince.

BRIBE GIVERS NEAR ROPE'S END

Prosecutors at Bay City Declare They Can Prove Charges Against Railway Men.

IMPORTANT OFFICIALS ARE SUMMONED BY JURY

Overhead Trolley Graft Will Have Light Thrown Upon Black Spots Next Week When Testimony of Important Witnesses is Heard.

(Hearst News by Longest Leased Wire.) San Francisco, May 11.—All the important officials of the United Railways have been subpoenaed to appear before the grand jury on Monday when the investigation of the overhead trolley franchise bribery will be resumed. With the examination of the officers of the company and other witnesses who had dealings with the street railway corporation, the prosecutors say they will complete a chain of evidence that will absolutely prove the use of a bribe fund by certain officials of the United Railways.

It has been set forth in an affidavit filed by the grand jury on Monday that the grand jury is considering felony charges against Patrick Calhoun, Thorneville Mullaly and T. L. Ford. The names of these three officials will figure prominently in the examination of the witnesses who are to be called before the inquisitorial body on Monday.

Bankers Subpoenaed.
Detective William J. Burns yesterday served subpoenas on George Starr, treasurer of the United Railways; George F. Chapman, general manager, and all the members of the board of directors. In addition to these officials, subpoenas were served on E. Fabst, assistant cashier of the United States National bank and the general manager of the safe deposit vaults of the Western National bank.

From the bank officials it is the purpose of the investigators to ascertain facts regarding certain currency deposits that were made by Abraham Ruef. Ruef had dealings with both banks. The grand jury has evidence to prove that the first installment of bribe money was paid to the supervisors in bills of denominations ranging from \$1 to \$20. It has proof that just prior to the payment of this corruption fund, T. L. Ford, general counsel for the United Railways, drew from the mint the sum of \$50,000 in bills ranging in denomination from \$1 to \$20.

Paid to Supervisors.
Further, the grand jury has evidence that the second installment of the bribe money was paid to the supervisors in bills of the denomination of \$100 and more. It has evidence that T. L. Ford just prior to the payment of the second installment drew from the mint the sum of \$50,000 and changed it at the bank into currency, the bills being of the denomination of \$100 and more.

Now, it is the purpose of the investigators to show that Abraham Ruef just prior to the bribery of the supervisors deposited in certain banks large sums of currency. Evidence of these deposits is said to be already in the possession of the investigators.

Today the progress of the prosecution reiterated the statement that they have a perfect case against the officials of the United Railways.

They averred that every charge they had made would be proven.

ONE WEEK'S DUST AND NUGGETS WORTH \$60,000

Southern Oregon Placers Looked to for Three Quarters of Million for Season.

(Special Dispatch to The Journal.) Grant, Ore., May 11.—The first spring cleanup of the hydraulic placer mines of southern Oregon is being made and the harvest of gold is now pouring in. Within the past week more than \$60,000 in nuggets and dust was exchanged at southern Oregon banks, and nearly as much virgin metal was shipped direct to the refinery or mint by the miners. The rains were heavy and continuous last winter, with no freezing, severe storms or anything to delay the day and night operation of the giants; as a result the output of placer gold from the surface mines in Josephine and Jackson counties will be fully three-quarters of a million. This output is swelled this year by the unusually large amount from dry diggings, high benches and bars which have not been worked for many years because of lack of water.

Only a few of the mines have closed down yet, though the weather of the past month has melted the snow on the ranges and lowered the water supply. The first of June will find many of the placers closed down for the season, while a few will operate till July, these latter being the more favored properties that derive their water from the rivers and larger streams.

FAIRBANKS' VISIT TO ASTORIA NEARLY DATED

July Thirteenth to Fifteenth, to Be Made Definite When Western Itinerary Completed.

(Special Dispatch to The Journal.) Astoria, Or., May 11.—Manager Whyte of the chamber of commerce has received a letter from Vice-President Fairbanks stating that although he has not yet completed the itinerary for his western trip he will be in Astoria in all likelihood on either July 13, 14 or 15. He will advise the chamber of commerce of the time when he will arrive here at the earliest moment possible.

Mayor Wise, chairman of the reception committee of the chamber of commerce, is preparing details for the banquet to be given in honor of the vice-president, and will call his committee together shortly when the necessary arrangements will be made.

Sapperton Shingle Mills Burned.

Vancouver, B. C., May 11.—The Sapperton shingle mills, near Westminster, were destroyed by fire tonight. The damage is estimated at \$10,000.

FURNITURE

A Good Place to Trade

BLUE FLAME OIL STOVES

Above is a picture of the latest invention in the way of an oil stove. It can be used for roasting, broiling, toasting, ironing and boiling. We have them in three sizes at the following prices:

- One Burner \$ 6.00
- Two Burners \$ 8.50
- Three Burners \$12.50

DISCOUNT FOR CASH.

HAMMOCKS

A500 Hammocks are open gauze weave, have concealed spreader at head, continuous stringing and wood bar at foot, with patented tips and adjustable hitch and rings, requiring no adjustable ropes or knots. Size 32x78. The price is \$9.00

B100 Hammocks are close canvas and twill weave, otherwise same as A500. Size 32x80. Price \$11.50

C100 Hammocks are close canvas and twill weave, Jacquard design in body and valance, have concealed spreader at head, otherwise similar to previous numbers. Size 32x80. Price \$12.50

D100 Hammocks are close canvas and twill weave, Jacquard design in body and valance, have concealed spreader at head, continuous stringing, pillow, wood bar at foot, with patented tips and adjustable hitch and rings. Size of woven part 32x82. Price \$2.00

F100 Hammocks are open Brussels leno weave, Jacquard design, divided suspension, otherwise same as D100. Size of woven part 32x82. Price \$3.45

Monarch MALLEABLE

The Stay Satisfactory Range

\$1.00 in Thirty Days

We have come to realize that many persons have been buying inferior ranges and paying more money for them than we ask for the Monarch Range, because some stores have made more liberal terms. We have decided that any person who wishes to purchase a Monarch Range can have one on the payment stated above. We wish to impress upon the public the fact that the Monarch Range is lower in price than any other range which the dealer may claim to be of equal quality. We believe we can show any person of intelligence that the Monarch Range has improvements which are not to be found on any other, and that no other range has valuable improvements that are not found on the Monarch.

Monarch MALLEABLE

The Stay Satisfactory Range

\$1.00 a Week Thereafter

One thousand times a year it is used to cook three meals a day, and the best range should not be too good for anybody. The Monarch is indestructible and is treated together; has brightly polished tops; can be used with gas attachment; has duplex improvements; we sell Monarch Ranges as low as \$24.00.

EXPECT WHEAT TO PASS DOLLAR MARK VERY SOON

Lid is Loose on Chicago Pit and Prices Are Expected to Soar Again Monday.

(Publishers Press by Special Leased Wire.) Chicago, May 11.—The lid is loose on the Chicago wheat market, and a screeching howl of speculators lifted it high during the short Saturday session this morning, replacing it lightly, ready for another boom Monday. That it will be boosted high as a kite is the common prediction and wheat at \$1.20 is promised soon. The bull crowd stamped the pit and the buying element was in control.

December wheat closed with a rush at 95 cents, a gain of 3 cents during the week, while July closed at 91 1/2 cents, with a gain of 7 cents on the week. These were high figures for the year. Bears, who had not heeded the ominous warnings of earlier days of the week, frantically endeavored to get from under, adding to the excitement. Operators went into the pit and fought shoulder to shoulder with their clerks in an effort to fill the rush of telegrams to "buy" which poured in from all over the country.

Strengthened by sensational news from Manitoba that the late spring has assured diminished acreage and by the advice from crop experts reporting ranges of the green bug, followed by the government crop estimates, the market seemed to have no limit to its ascent.

DEFAULTING BANKER SURRENDERS TO POLICE

(Publishers Press by Special Leased Wire.) Charlotte, N. C., May 11.—Frank E. Jones, defaulting teller of the Charlotte National bank, who is charged with having embezzled about \$70,000 of the bank's funds and for whom a reward of \$5,000 was offered, arrived here this morning and surrendered. His alleged accomplice, Fonville, is now under \$10,000 bail on a hearing of complicity with Jones in the embezzlement.

Hung Jury in Erickson Case.

(Special Dispatch to The Journal.) Princeton, Or., May 11.—In the case of O. Erickson, tried in the circuit court on a charge of stealing a horse, no decision was reached by the jury after 24 hours' deliberation. A second trial was ordered by Judge Bradshaw.

Loss of Appetite

Is common when the blood needs purifying and enriching, for then the blood fails to give the digestive organs the stimulus necessary for the proper performance of their functions. Hood's Sarsaparilla is pre-eminently the medicine to take. It makes the blood pure and rich, and strengthens all the digestive organs.

"I was all run down and had no appetite. After taking one bottle of Hood's Sarsaparilla I could eat anything I wished." Mrs. Amanda Fenner, Oneco, Conn.

Accept no substitute for Hood's Sarsaparilla

Indis on having Hood's. Get it today, in liquid or tablet form. 100 Doses \$1.

DECLARES WAR ON SOCIALISTS

Henry Clews Says America is Not Country Where Theories Could Be Practiced.

ROCKEFELLER'S FORTUNE IS DWINDLING RAPIDLY

New York Banker Assures Public That Oil King Is Worth Barely More Than Three Hundred Million Dollars as Result of Slump.

(Hearst News by Longest Leased Wire.) New York, May 11.—The time has come for some opposition to this wave of socialism. The business man's point of view should be presented. That point of view is far stronger than the socialist's side, and there is every reason why it should be heard in opposition to the views that have been so loudly trumpeted.

These views were expressed by Henry Clews, the banker, who Monday afternoon, in the Columbia theatre, Brooklyn, will champion the side of the business man as against the socialist in a public debate with Professor George B. Kirkpatrick, a graduate of Albion college and a writer and lecturer. Mr. Clews is tremendously in earnest in his belief that it is high time for

ELECTRICITY TO LIGHT MAIL CARS

Postoffice Department Learns Much Mail Is Destroyed by Gas Pipes.

BODIES OF CLERKS ARE BURNED UP IN WRECKS

Broken Pipe Causes Explosion Which Does Great Damage in the United States Coaches Whenever There is a Disaster.

(Washington Bureau of The Journal.) Washington, D. C., May 11.—It is a notable fact that all of the railway cars exhibited at the Jamestown exposition are lighted by electricity, and most of them are constructed of steel, as typifying the highest progress in the car builder's art. On the other hand, when the postoffice department has in the past asked the railroads to equip their mail cars with electricity as a lighting agent, the answer has universally been that electricity as a lighting agent on railroad trains is the coming light, but that it is still in the experimental stage.

This being the case, the friends of the railway postal clerks in the senate and house are going to make a great effort to pass a law next winter compelling the railroads to so equip their cars. The senate did pass a bill requiring it

DECLARES WAR ON SOCIALISTS

the business interests of the country to wake up to the active socialistic propaganda that has been going on all over the country. He said:

Not Country for Socialists.
"This country is not adapted to socialism. It may suit countries under a despotic rule, but not a government by the people. Socialism is a live issue, but talk has been monopolized by the socialists."

"I have already said that there is no danger for me in this country to obtain large wealth. Estates cannot be willed for more than two generations. There is more extravagance here than in any other country, and these things operate soon to dissipate great estates."

"Several years ago I was asked to name the five richest men in the United States, and I named them in the following order, as to the size of their fortunes:

"John D. Rockefeller, Andrew Carnegie, William Waldorf Astor, Marshall Field of Chicago and Russell Sage. I mentioned Mr. Rockefeller as worth \$500,000,000.

Rockefeller Loses Money.
"Since that time there has been a depreciation in his Standard Oil stock alone of more than \$100,000,000. That stock was then selling at \$240, but it has since dropped to \$50. Since then Mr. Rockefeller has given away \$94,000,000, so that he is not worth more than \$260,000,000, which his secretary lately proclaimed to be his wealth."

"That \$260,000,000 is not too much for a man who has such vast interests. The same is true of Mr. Carnegie. There was no danger in Mr. Sage making as much as he did, for he had it out at interest and he left it to his widow to give away."

"There is no reason for misers here, for there is no distrust of the government. The place for misers is in such countries as Russia. Fear of the government and regarding the security of their property operates toward the making of misers and the hiding away of wealth where it does no one any good."

MRS. WILLIAM LYDA IS BURIED AT GALES CREEK

(Special Dispatch to The Journal.) Forest Grove, Or., May 11.—Mrs. William Lyda was laid to rest in the Gales Creek cemetery today. In that village she had spent 80 years of her life as the wife of a pioneer sawmill man, who came to this county from Missouri in 1870. Mrs. Lyda was 79 years of age, and her husband 49 years old when he died, last January. The following children survive: W. H. Lyda of Forest Grove, Mrs. M. F. Waldhams of New Mexico, Mrs. Miranda F. Jones of Los Angeles and J. D. Lyda of Silver, Wash.

PROTESTING INNOCENCE HE GETS FOUR YEARS

(Special Dispatch to The Journal.) Chehalis, Wash., May 11.—Gus Thompson, convicted of the Fechner jewelry store burglary, was sentenced by Judge Rice today to four years in the penitentiary. He still protests his innocence.

I recommend it for pains in the chest. Sold at all druggists."

MONEY FOR EUROPEAN TRIPS WHILE YOU WAIT

(Special Dispatch to The Journal.) North Powder, Or., May 11.—The two Swedes, Poststrom Bros., who sold their general merchandise store in Elgin last week, got their start in North Powder, where the elder brother, with his wife, is visiting before starting to Europe. Only three years ago these two young men, Carl J. Poststrom and Ed Poststrom, put in and began to build up a general merchandise store, the third in this town. Last August they sold it to Hansen Bros. of La Grande for \$7,500. They invested the proceeds in a stock ranch near Joseph and put in a general merchandise store at Elgin. This store they sold last week at an advance on investment. While Ed remains to look after the ranch, Carl will go back to
