Lane Campaign Opens Friday Night With Rally in Agnory Building.

EX-SENATOR GEARIN TO **BOOST MAYOR'S ELECTION**

Judge Pipes Will Discard His Politics and Speak for the Democratic Candidate-Rally Will He Followed by Other Meetings.

John M. Gearin, ex-United States senator, Martin L. Pipes and Mayor Lane will be three leading attractions at the Democratic rally to be held in the Armory building, Tenth and Couch streets, on Friday night. Besides these speakers a band will be there to assist in expressing the enthusiasm of the

audience.

Much interest is being manifested in the coming rally which will open the Lane compaign in the city. Even the Republican city central committee is watching the occasion with a good deal of attention and is planning to draw comparisons between the Devlin meeting of last night and the rally of Friday.

Voters from every part of the city are awaiting the appearance of Mayor Lane with expectation. He will make his first appearance Friday night as a political orator since the last municipal campaign two years ago. His last cam-

campaign two years ago. His last cam-paign is still remembered and with that as a basis the coming address is ex-

pected to be a most interesting one.

It is very probable that the chairman of the meeting will introduce Mr. Gearin with the old expression, He needs no introduction," for that is the real fact. He has no superior as an orator in the northwest, according to W. M. Cake, chairman of the Republican city espiral committee, and will unclive central committee, and will uncity central committee, and will un-doubtedly make an address that will

doubtedly make an address that will open the campaign like it used to be opened in the olden days.

Judge Pipes is a Republican, but he belongs to that class growing more numerous day by day which is in favor of the policies represented by Mayor Lane and his administration. He will discuss the accordance from the the questions of the campaign from the viewpoint of the whole people Dr.
Lane will show what his administration
has accomplished and outline the policies to be carried out in the event of
his reclection to office.

Other meetings are being planned by Chairman Montague but their announce-ment is being held back until an answer is received to the challenge for an open debate between Mr. Devlin and Dr. Lane sent to Chairman Cake of the Republican central committee some days ago.
The Republican committee will discuss the question at a meeting to be held this afternoon, but it is not thought that the gage cast by Mr. Montague will be taken up by the Republican

URGES LOCAL OPTION

Miller Murdoch Draws Conclusions Last Night at Meeting of Civic League.

The Civic league of Beliwood held a meeting last night in Bethany church at which Miller Murdoch spoke on pro-EVERY CANDIDATE

hibition, local option and its effect on the cities or places where it was adopted and enforced. Mr. Murdoch explained at the outset of his lecture that the remarks made by him did not bear upon the general political questions to be settled at the coming election, but he discussed the question from the standpoint of what it would do for the places adopting the plan.

The speaker mixed the league to com-

adopting the plan.

The speaker unged the league to complete its organization and said that all examples yet shown within the state where local option had carried and been enforced pointed, not to the commercial rule of the locality, but to its improvement and prosperity. He contended that the sentiment to banish the saloon from the residence district was becoming general and argued that it would have a beneficial effect in Sellwood, where the worst election frauds in the alstory of Portland had been committed. The next meeting of the league will be held on Wednesday next in the Presbyterian church at Sellwood. Samuel Connell will be the speaker.
