

# ORDINANCE IS FOR PURE FOOD A PUBLIC CALAMITY

## Councilman Baker Introduces Measure of Sweeping Provisions.

Should an ordinance submitted to the city council at its session yesterday afternoon by Councilman Baker be adopted by that body and enforced by the authorities, unsanitary methods in the handling of all food products, the employment of persons infected with communicable diseases and the use of deleterious chemicals in food will be strictly forbidden. Furthermore the city health officers are given the power to enforce the provisions of the ordinance by imposing fines ranging from \$25 to \$200 may be imposed for violation.

In explaining the purpose of his ordinance Councilman Baker informed the council that it had the unqualified endorsement of Dr. Baker, city health officer, and grew out of the epidemic of spinal meningitis, which is said to progress under conditions adverse to those provided for in the bill. Baker stated that the ordinance had been drawn up by the city attorney and its legality was unquestionable. It aims to give better sanitation in the growing, handling and exhibiting for sale of all meats, fish, fruits, vegetables and other food products; makes it a misdemeanor for hotels, restaurants or boarding-houses where meals are served to employ any persons affected with consumption or any communicable disease; it expressly forbids the use of deleterious chemicals in the preservation of food; it insists that slaughterhouses be provided with cesspools and that no animal shall be killed for food within the corporate limits except by consent of the city health authorities. However, no attempt was made to pass the measure yesterday. Mayor Lane, Councilman Menefee and others believing that owing to its stringency and sweeping provisions it is given more consideration by the council. Accordingly it was referred to the committee on health and police and will receive the attention of the council at its next meeting.

## DEVLIN AND CAKE SPEAK TO REPUBLICANS

### Mt. Tabor Voters Swing Into Campaign With Rally in Woodmen's Hall.

Mount Tabor Republicans were furnished with a rally last night in Woodmen's hall. D. J. Quimby, president of the meeting, William M. Cake, chairman of the Republican city central committee, and Thomas C. Devlin, head of the Republican ticket, were the principal speakers, though a number of other candidates also appeared and told of their platforms and intentions. Mr. Cake took the direct primary law as the keynote of his incoherence and argued that the law is a good one, though possessed of some weaknesses which time would perhaps cure. The law, however, would receive a very serious blow, the speaker contended, if Mr. Devlin were to fall of election on June 3. Mr. Devlin was the candidate for mayor chosen by the Republican party and his race was being watched by all of Oregon. If the great Republican party were to turn down its regular nominee at the polls the people of the state would begin to lose faith in the efficacy of a Republican nomination. The speaker pleaded for party loyalty and urged the voters of Portland to vote straight on election day. All of the other speakers sang the same chorus, exhorting for a fast straight party ticket, especially on the mayor. Mr. Devlin spoke of the needs of the city and told what the party would do for the voters if they stood pat in June. He showed where improvements could be made and said that his record refuted the idea that he was the candidate of corporations and saloons. Music was furnished during the meeting by special musicians hired for the occasion.

## IMPROVEMENT CLUB WILL HAVE NEW HOME

### Brooklyn Members Plan Erection of Association Building on Powell Street.

At a meeting of the Brooklyn Republican and Improvement club last night it was reported that \$1,000 had been subscribed toward the erection of a hall and permanent home for the association, and that negotiations were under way for the purchase of a lot at Powell and Marlon streets for \$750. Enough of the money has been paid in to secure an option on the lot and action will be taken immediately to close the deal. M. G. Griffin was appointed president of a hall association to arrange for the incorporation and erection of the building. A. D. Keenan was made treasurer and A. L. Barbur secretary of the association. Judge George C. Cameron and J. C. Kline were appointed as the other members on the committee to assist in the incorporation. Officers elected at a previous meeting were installed as follows: President, A. G. Rushlight; vice-president, Henry Wilson; secretary, A. L. Barbur. A special meeting to discuss the proposed amendments to the city charter will be held next Thursday, May 23.

## BOYS' CLUBS WILL HOLD CONFERENCE IN SALEM

The first annual conference of boys' clubs of Oregon will be held at Salem, May 25 and 26. All boys over 14 years of age will attend and the members are enthusiastic over the coming event. The speaking at the conference will be done by the boys themselves and plans for the coming year will be perfected by the youngsters. Any boys' club or organized Sunday school class is entitled to send delegates to the convention and can obtain credentials to the Y. M. C. A. department. A splendid two day program has been arranged for the Salem meeting.

### An Invitation.

You are cordially invited to drink a cup of delicious Diamond "W" Coffee, served at Gunther & Hickey's, cor. 13d and Marshall sts.

(By Editor Wood, of Wise and Spirit Review.)

Editor Robinson, of the "Town and Country Magazine," in a recent editorial on the discovery in this city of a specific for chronic Bright's disease declares from personal knowledge that the curability of this hitherto deadly disease is now an established fact. He closes a strong article thus: "Many broad physicians are using the new diuretic, but in view of the terrible annual death list from this disease the fact that medical ethics prevent them from proclaiming the discovery to the world because the formula is the personal property of individuals, in this instance practically amounts to a public calamity. Well said. It is a public calamity. Here is a disease that is supposed to be fatal that is carrying off 90,000 to 70,000 people annually, according to the census, and yet actual tests in this city show that nearly all the tests of the cases can and do recover under the new treatment. And if the question of the curability of chronic Bright's disease was on trial before the Superior Court, hundreds of citizens of this city, including capitalists, professional and business men, could go into the witness box to swear to their recovery and among them would be the editor of this publication. Five years ago I was believed to be beyond further help. I was afflicted with Bright's disease in the chronic stage. I was sent south to prolong life. Recovery seemed as impossible as a bolt of lightning from a cloudless sky. The new diuretic was blown into the case. In six months I was as well as I ever was in my life. I told several others. They got the same results."

It is greatly to be regretted that unscrupulous medical advertisers have brought almost universal discredit upon their announcements, for with the usual change of publicity distributed and the hands of the medical profession tied by ethics, there appears to be no open channel through which the people of the whole country can be at once apprised in a convincing way of the profound results of Fulton's memorable struggle with this disease. There is one way and that would be for Congress to make an appropriation and procure the formula and give it to the Associated Press to be distributed all over the United States. It would in this way be at once universally available and would save tens of thousands of lives that would otherwise be sacrificed before it is generally known. With over 60,000 deaths a year from Bright's disease in the United States alone, is it possible that the saving of a majority of this vast number can be secured by any reasonable consideration?

I understand that a relative of Senator Perkins by marriage, a 32-degree Mason and a prominent citizen of Philadelphia, was cured by the new diuretic, and am also advised that a relative of one of Senator Flint's valued friends has likewise recovered in both cases after the finest professional services to be had had been exhausted. This should carry it directly home to them. As one of the survivors of chronic Bright's disease and representing many more whom I know personally, I respectfully present the matter to United States Senators Perkins and Flint for their serious consideration.—San Francisco Wine and Spirit Review.

If anyone having knowledge of a case of Bright's Disease will send us the name and address, we will see that they are sent full literature concerning this remarkable discovery. For sale by all druggists. Trade supplied by Clarke-Woodward Drug Co., wholesale druggists, Portland, Or.

## TRANSFERS SOAR UPWARD AGAIN

### Valuable Tracts Change Hands and Announcements Made of New Buildings.

Transfers of realty filed for record yesterday took an unusual upward movement aggregating \$161,706, or about double that of any previous day of the week. Deeds conveying the lot at Park and Flanders purchased by A. C. Morier, the site of the new east side Masonic temple at East Burnside and East Tenth streets, and the business lot on First street recently taken over by Dr. C. W. Cornelius were filed yesterday.

Mrs. Elizabeth W. Paxton has purchased a 25 by 50 foot lot occupied by a three-story brick building at the southeast corner of Second and Morrison. The property belonged to John and Mary E. McDonald, heirs of the late Dr. Davenport, who at one time owned this together with other valuable property, and was sold through the agency of Wakefield, Fries & Co. The consideration was \$46,000. The ground floor of this corner is occupied by a saloon and cigar store and the two upper floors are used by a physician as office and private sanatorium.

The North Pacific Dental college has purchased a half block at Holladay avenue and East Sixteenth streets on which a four-story concrete building will be erected that will be wholly occupied by the college and a department of pharmacy soon to be added to the regular dental course. It is also proposed to establish a dental depot in connection with the college.

The Central Christian church at East Twentieth and Salmon streets has under consideration the plan to build a new \$15,000 edifice.

## CLUBS COOPERATE FOR ROSE FESTIVAL

### Business Firms and Organizations Will Meet Tomorrow to Arrange Plans.

At a meeting to be held Saturday evening at the Chamber of Commerce auditorium a large number of local organizations will be represented to boost for the proposed rose festival. The meeting has been called by the Portland Rose society, and numerous organizations are signifying their intention to cooperate. The meeting will be attended by delegates from the Rose society, the chamber of commerce, the Commercial club, Multnomah Athletic club, board of trade, Home club, Manufacturers' association, Retail Grocers' association, Ad Men's league, Elks and many individual rose enthusiasts.

Rooms 211 to 216 Failing Bldg., Third and Washington Sts.

## RED MEN PUT ON WAR PAINT IN HONOR OF ST. TAMINA

Honoring the memory of St. Tamina, the patron saint of the Red Men, the principal thoroughfares in the business district of Portland were turned into war paths last night by a parade of Red Men a quarter of a mile long. Painted faces, furs, feathers, signal fires and other insignia of Aborigines added spectacular features to the parade. The braves gathered at their wigwam in the Selling-Hirsch building, and the parade started from there, headed by a platoon of mounted police and Brown's band. It was held under the auspices of the Willamette and Minnehaha tribes of Portland. The great council of Washington participated, as well as many visiting Red Men from Oregon and Washington cities. After the parade the braves gathered again at the wigwam, where they adopted a class of 50 pale faces. J. H. Fitzgerald, degree sachem, conducted the work of initiation. The committee on arrangements was composed of J. H. Jones, G. N. Morton, A. G. Clark, John Lankin and E. J. Hyland. Metzger fits your eyes for \$1. 323 Washington street, corner Seventh, formerly at 111 Sixth street.
