concluded to put into the Chilean port for additional stores, rather than take chances of running short in crossing the equator, where oftentimes long delays are caused by calms.

Ordinarily the run from Hamburg to this port is made in the time that the Conway Castle has been out and her consignees were beginning to look for her arrival at the mouth of the river.

NEXT TO NEW YORK

Portland Second Port in Point of Wheat Exports.

Portland climbed to second place in point of importance as a wheat exporting port in the United States during the month of April, New York leading.

Galveston comes third, Philadelphia fourth and the combined Puget sound cities—Seattle, Everett and Tacoma—fifth.

These three cities combined shipped large quantities of wheat during the month, leading even New York, but divided among the three cities none of their shipped more than Portland.

The wheat shipments from the main ports in the states during April were as follows: New York, 812,875 bushels; Portland, 612,722 bushels; Galveston, 605,212 bushels; Philadelphia, 521,225 bushels; Puget sound, 369,202 bushels.

Since the first of the cereal year, or during the 10 months ending with April, the larger wheat shipping ports exported: New York, 15,458,587 bushels; Galveston, 12,716,168 bushels; Philadelphia, 9,969,444 bushels; Puget sound, 6,388,744 bushels.

The total wheat shipments from the states during the 10 months were 45,528,432 bushels, valued at \$50,202,424.

While during the corresponding time of last year they were 23,032,202 bushels, valued at \$26,109,463, or just half the quantity.

The total flour shipments from the states during the past 10 months aggregated 12,525,957 barrels, valued at \$49,981,902.

Following were the flour shipments in detail from the leading ports during the past 10 months: Puget sound, Seattle, Tacoma and Everett, 1,624,087 barrels; New York, 1,447,476 barrels; Philadelphia, 1,724,095 barrels; Baltimore, 1,426,204 barrels; Portland, 797,218 barrels.

Exporters are of the opinion that if crops in the eastern states prove below the average Portland and the Puget sound ports will send very little wheat to Europe next season, as with a strong demand in the orient and lively business west of the Rockies the European buyer would stand little show for his money.

CHECKED BY COLD WAVE

Columbia Will Not Rise Rapidly After Next Sunday.

Colder weather is being recorded in the eastern part of Washington and Oregon, and this will have a tendency to check the rise in the Columbia river.

The Willamette will continue rising this week, however, and will likely reach the 14.5 feet mark next Sunday.

District Forecaster Beale seems quite confident that there will be no water on Front street this season, although it is impossible to predict the approximate height of the river more than a week ahead.

Mr. Beale says a check in the flood, and Mr. Beale says the river will rise very slowly here, if at all, after next Sunday.

Another hot spell east of the mountains would probably change the outlook, however, and the forecaster speaks only a week in advance.

CONCERT FOR SEAMEN

Mrs. Belland Arranges Program for Tomorrow Night.

The regular weekly concert at the Seamen's institute, 100 North Front street, will be given tomorrow evening at 8 o'clock under the direction of Mrs. R. O. Belland.

A good program has been arranged, as follows: Piano solo, "Zampa Overture," Mrs. R. O. Belland; song, Mrs. Mett; mandolin solo, A. Geisler; British stamship Tottenham; "Spinning Song," Miss Rosey Robinson; song, J. N. Deane; piano solo, Mrs. Miss Bennett Johnson; piano solo, Mrs. R. O. Belland; song, J. H. Sloan; British ship Zinnita; piano solo, Miss Rosey Robinson.

MIGHT OPEN YARD

Charles Lindstrom Selects Site Near Astoria for Shipbuilding.

(Special Dispatch to The Journal.) Astoria, Or., May 21.—Charles Lindstrom, the shipbuilder of Aberdeen, is in the city the guest of J. H. Whyte, president of the chamber of commerce.

He is looking for a location for a ship yard and has shown promise in the city. He selected one on Young's bay, but came to no conclusion, as it was impossible to get the exact price at which the site could be purchased.

ALONG THE WATERFRONT

The Harriman liner Costa Rica, Captain Mason, sailed for San Francisco this morning.

The steamer schooner Northland and the steamer Sue H. Elmore are on the drydock today undergoing repairs.

Preparations for the official trial trip of the steamer J. N. Teal of the Open River Transportation company are under way.

The British steamer Tottenham will finish loading lumber this week at the mills of the Inman-Poulsen company.

The British bark Zinnita will shift to Greenwich dock this evening to discharge the remainder of her cargo.

Bar Pilot Leighton leaves this evening for Astoria. He has been in the city for about 10 days receiving treatment to an eye. Having fully recovered the pilot told the pilot to return to his labors on the bar.

It is rumored along the waterfront that Watchman Colwell who is wanted on a charge of larceny of \$250, for which amount he sold a gasoline launch to the skipper of the British bark Jordanhill, then took to traveling, had several other boats and houseboats for sale and that he possibly decamped with quite a sum.

Spring Time Brings That Lazy Feeling

Do you wake up in the morning feeling as if you could sleep soundly for a week? Ever have that tired, lazy feeling come upon you during the day while at work, and feel as if you could enjoy an hour's sleep more than anything else on earth? There's a reason for that. It shows that your body is lacking in electrical force. This is the power that gives a man energy, and if you lack a full supply you will be tired and sleepy when the warm days come round.

FREE TO YOU. Get my 100-page book describing Electro-Vigor and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know, and gives you good, wholesome advice for men. I'll send this book, prepaid, free, if you will mail me this coupon. Cut it out now. S. A. Hall, M. D. 1439 Millmore Street, SAN FRANCISCO, CALIF. Please send me, prepaid, your free 100-page illustrated book. 6-21-7. Name: Address:

FINE BASS FISHING IN VICINITY OF ALBANY

(Special Dispatch to The Journal.) Albany, Or., May 21.—Albany fishermen are enjoying rare sport with the bass that abound in the lakes and rivers adjacent to this city. Black bass fishing has become a great pastime and good catches are reported. The principle bait used for this time of the year is live minnows, and with these any angler can be assured a good string. The Willamette and its tributaries are

I Am Master of Men's Weakness

Note the announcements of all other specialists and medical institutes and you will see how little they say about their treatment for Men's Weakness and how lightly they pass over the subject. Yet one man out of every four has a vital weakness which constantly drains his power, and that man must continually force himself along in his every-day path of living. There is no real joy or happiness that is not marred by his ever-present feeling that he is not as other men. Now to such men I offer hope. I not only hold out a helping hand to lift them up, but I urge them earnestly to accept my aid. I can gain their confidence from the first examination by locating the seat of their trouble exactly, and can always entirely convince them of the logical effect of my treatment when I explain its action. I never charge for this examination or consultation.

"Weakness" Means Just This:

That there is some functional derangement, the direct result of inflammation, enlargement or excessive sensitiveness of the prostate gland (the nerve center of the reproductive parts), brought on by early dissipation or resulting from some improperly treated contracted disorder. This condition cannot possibly be removed by internal medicines, and any tonic system of treatment that stimulates the activity of the function can but result in aggravating the ailment. This is a scientific truth I have ascertained after a careful and scientific study and upon which my own original system of treatment is based. I employ neither tonics, stimulants nor electric belts. I treat by local direct methods exclusively, and my success in curing even those cases that others have failed to temporarily relieve with their tonics is conclusive evidence that my method is the only possible means of a complete, radical and permanent cure.

A Guarantee Worth Something

I do not care what your experience has been with other treatments, what guarantees you have, and what promises were unfulfilled in the past, as unsuccessful, unscientific treatments and unreliable concerns are in no way a reflection upon honest, trustworthy business methods lived up to by me for twenty years. I have an established reputation, and my guarantee means that my patients are indisputably insured a guarantee of this kind and the promise of those mushroom concerns which are continually failing in business. I repeat my straightforward, square proposition to wait for my fee until the cure is effected.

EXAMINATION FREE. I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 11.

WE CURE WE CURE MEN

WE CURE GONORRHOEA, Gleet, Stricture, Hydrocele, Varicocele, Blood Poison, Lost Vitality, Kidney and Bladder Diseases, Prostatic Trouble. OUR FEE IN MOST CASES \$10. CONSULTATION FREE. NO PAY UNLESS CURED. As to terms: Our large practice enables us to cure for less money than the average so-called specialists—and you see the results before you are cured. Because they are afraid of failure, who want somebody to decide for them, who are weak, run down and restless. It is to men who have part or all of these symptoms and want new life, new energy. We especially solicit those cases in which many so-called treatments have failed, or where money has been wasted on other methods of treatment. Don't experiment when our direct method offers a certain means of cure.
