

GOLFERS SWARM SPOKANE LINKS

Annual Contests for Championship of Pacific Coast Began This Mornig.

SIX PORTLANDERS OUT AFTER HONORS IN GAME

Chester Murphy of This City is Reckoned as First Rank Man and Will Make Strong Bid for First Prizes—To Last All Week.

(Special Dispatch to The Journal.) Spokane, May 22.—The magnificent links of the Spokane Country club swarmed with golf enthusiasts today at the opening of the championship tournament of the Pacific Northwest Golf Association. Seattle, Victoria, Tacoma, Vancouver, Portland, San Francisco and other cities have sent their best players to compete in the event, which is the eighth annual championship of the association. The tournament will continue through the remainder of the week and to judge from the auspicious opening it will go on record as the most successful event ever pulled off by the association.

Chester Murphy, T. A. Linthicum, Thomas Kerr, Roderick Macleay, Gordon Voorhies and Jordan Zan of Portland are here to take part in the games. Murphy, at least, is reckoned as a first-rank man and will make a strong bid for the championship honors. There will be 24 events, for which 27 prizes are provided, a dozen of these being sterling silver cups of new design. The main events are the open championship for men and women, which carry with them the association cups, which must be won by members of a club three times for permanent ownership; a championship gold medal for the winner and a silver medal for the runner-up. In addition to these prizes in the championship matches, a special silver cup is to be presented for the best medal score made in the qualifying round.

Eastern Players Present.

A number of eastern players are entered and the bringing together of golf players of the east and west will give the followers of the game a line upon comparative strength of golfers from the two sections of the country. The card for the meeting follows:

May 22—Men's open championship of the Pacific northwest, 36-hole qualifying round, medal play, 16 to qualify.

Women's approaching contest, four balls at 50 yards, two prizes for best ball and best average.

Nine-hole putting contest, prizes for high score each day and during tournament, prize for best score in tourney on clock green.

May 23—Women's open championship of the Pacific northwest, 18-hole qualifying round, medal play, eight to qualify.

Second Flight.

Second flight of eight men from the championship qualifying round, first round, 18 holes, match play.

Men's driving contest, three balls, prizes for longest ball and best average. Open championship, first round, 18 holes, match play.

Check putting contest, down in 1 counts 5, down in 2 counts 3; prizes for best score in tourney, also daily open contest on globe putting course.

May 24—Men's open championship, second round, 18 holes, match play.

Women's open championship, first round, 18 holes, match play.

Second flight, semi-finals, 18 holes, match play.

Men's approaching contest, two balls from 50 yards, two balls from 75 yards; prizes for best approach and best average.

Nine-hole putting contest.

INDIANS WILL COMPETE WITH WHITES ON TRACK

Field Meets Have Been Arranged With McMinnville and the Portland Y. M. C. A.

(Special Dispatch to The Journal.) Chemawa, Or., May 22.—Athletics are in full swing at the Chemawa Indian school. Two field meets have been arranged for June 1 and 5 with McMinnville college and the Portland Y. M. C. A. Willamette university is also anxious to have a day with Chemawa and if they will accept the Indian school's offer of June 5, the event will probably be pulled off, provided Willamette comes to a quick decision.

The meet on June 1 with McMinnville will be held at Chemawa. The events scheduled are as follows: Fifty-yard dash, 100-yard dash, 200-yard dash, 400-yard dash, 120-yard high hurdles, 220-yard low hurdles; one half mile run, mile run, pole vault, broad jump, high jump, 16-pound shotput, 16-pound hammer throw, and discus throw.

The two institutions are very evenly matched it will be a close meet. The one with the Portland Y. M. C. A. will also be held at Chemawa on the afternoon of June 5. The events decided upon are 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, one mile run, 220-yard hurdles, running high jump, 16-pound shotput, 16-pound hammer throw, pole vault, one mile relay (four men in team).

This meet the Indian boys do not have the highest hopes of winning, but if systematic faithful training can succeed they will win.

Regarding the Willamette meet Chemawa has challenged the university boys early in the season, but nothing materialized until after the Salem-Portland relay race, when they put in a strong plea for a meet. They were offered a date after June 1 and thus it stands at the present time.

Chemawa is fast developing a strong ball team and will be at the Chautauqua at Gladstone in July to win, providing the professional tactics of some of the other teams that have entered there in the past are eliminated.

PUBLIC SCHOOL LEAGUE IN WESTERN OREGON

(Special Dispatch to The Journal.) Eugene, Or., May 22.—The Western Oregon Interscholastic Athletic league has been formed, with the superintendents and principals of the public schools of Eugene, Albany, Salem, Roseburg and other valley cities as members.

Such a movement was started at a meeting held in Eugene two months ago, and the organization has now been completed. The league is for the purpose of placing athletics on a uniform basis, to settle discussions and to place athletics on a higher plane than at present.

College Baseball Schedule.

The college baseball schedule for the week follows:

May 22—Pennsylvania-Lafayette, at Franklin Field; Princeton-Syracuse, at Princeton, N. J.; Yale-Williams, at New Haven, Connecticut; West Point-Colgate, at West Point, New York; Cornell-Fordham, at Ithaca, New York; Harvard-Andover, at Andover, Massachusetts.

May 25—Pennsylvania-Yale, at New Haven, Connecticut; Princeton-Harvard, at Princeton, New Jersey; West Point-Fordham, at West Point, New York; Cornell-Amherst, at Ithaca, New York.

North Carolina Shoot.

(Journal Special Service.) Charlotte, S. C., May 22.—The state championship tournament of the North Carolina Trap Shooters' association opened here auspiciously today, and will continue over tomorrow. Simultaneously the North Carolina-Virginia team championship, consisting of 10 men from each state, will be contested. It will be the fourth contest of the kind between the crack shots of the two states and much interest is manifested in the result.

San Francisco Wins.

(Journal Special Service.) San Francisco, May 22.—A bunch of hits and errors in the sixth gave the Seals five runs and put them entirely out of danger for the game. The score was: R. H. E. Oakland.....000210200—5 11 3

American League.

St. Louis 3, New York 0. Chicago 3, Boston 1. Cleveland 4, Washington 1. Philadelphia 3, Detroit 1.

National League.

Chicago 3, New York 2. Boston 15, St. Louis 5. Brooklyn 6, Cincinnati 1. Philadelphia 3, Pittsburgh 2.

Northwestern League.

Seattle 1, Vancouver 3. Tacoma 1, Aberdeen 3.

SLOW TRAIN PREVENTS BALL GAME YESTERDAY

The train carrying the Los Angeles ball players did not arrive until 1 o'clock yesterday afternoon and, therefore, there was no game at Recreation park. The first game of the series will be played today and the postponed game may be played in a double-header next Sunday.

Califf and Donahue will form the battery for Portland and Walter Nagle will probably pitch for the visitors. Umpire Derrick has returned from his wedding in the Sound city and is expected to don his old clothes again today.

The Hill Military academy and the Columbia university are scheduled to play a game of the interscholastic series on Multnomah field this afternoon at 2:30.

STANFORD CREW IS AT WORK ON WASHINGTON

Winner of Three-Cornered Race Will Go to Big Eastern Regatta.

(Special Dispatch to The Journal.) Seattle, May 22.—Dan J. Murphy and his squad of oarsmen from Stanford will put in the next week or so at hard work on Lake Washington in preparation for the race with the University of Washington on June 1.

The southerners are highly enthusiastic about their work. For the first time they have a body of water that is big enough to permit them to row in a straight line, instead of keeping their rudder set over on one side or the other all the time. A four-mile course has been marked off on the lake and the Stanford boys will go over it several times every day.

The Stanford boys carried their shell out to Lake Union, rowed up to the narrow isthmus between the two lakes and then carried it across into Lake Washington. The Washington crew, when they returned from the south, carried their shell straight up the Madison street hill and three miles across the city to Lake Washington, without once setting it down.

The Stanford men acknowledge that they expect a hard race, much harder than with California. They say that three of the California men fainted at the end of a two-mile course. All of the men are in good shape with the exception of Stroke Conant, who is suffering from blood poisoning, the result of an inrowing toe nail. Conant is the only man on the crew that has had any experience as stroke and should be able to remain out of it, it would be a serious handicap to the Stanford crew.

It seems certain that the winner of the race will be the crew from the college to the big regatta at Poughkeepsie, New York.

SPORTING NOTES

Local and Otherwise.

Now we'll see how the Beavers stack up against the Angels.

Jay Gould Jr. certainly does his own press agent work in great shape. While Jay is champion of a game which is almost unknown in the United States, he is getting more publicity in the newspapers than are the best pitchers in the National and American leagues, the best batters, the biggest football stars and the lawn tennis champions all lumped together.

Danver promises to become the new pugilistic center of the west. The governor announced yesterday that in account of the provisions in Denver's new charter he would be powerless to prevent glove contests there in the future. The Harry Lewis-Jimmy Gardner match will therefore go on.

Freddie Cole and Walter Little fight 10 rounds at Fort Wayne, Indiana, 50 night. Tony Capem and Billy Papke fight 15 rounds at Davenport, Iowa.

The arrangements have been completed for the match for the Dwight F. Davis cup, representing the International Lawn Tennis championship.

The preliminary games between the Australian and American teams will be played at Mineola, N. Y., on July 15, 16 and 17, and the challenge match between the winners and the English team will be played July 20, 22 and 23.

It is the opinion of experts that the Americans have a better chance of winning than they ever have had since the cup came to England.

Sportmen and anglers who have known of the fishing and hunting, as well as the pleasant surroundings of Pelican Bay lodge, on Klamath lake, will hear with regret that the resort is not to be thrown open to the public this year, as it is now owned by J. H. Holabird of California, who has turned it into a private hunting lodge. Mr. Rice, the former lessee under Mr. Kendall, will spend a considerable sum of money on the premises, and proposes to make it the finest private hunting and fishing preserve in the state.

A notable polo team is to make its appearance in England this season. It is from Spain and with reason is called the Duke's team. It is composed of the Duke of Santo, the Duke of Penderanda, the Duke of Alba and the Marquis of Villeveja.

The Spanish grandees will bring with them their own polo ponies which have a strong strain of Arab blood and are said to be ideal polo ponies. They are confident they will be able to hold their own with the best of the English teams.

The Park Blocks want a game for next Sunday with any one of players under 18 years of age. Call up Wood-lawn 970.

The Villas will play Gresham on the Montavilla grounds next Sunday afternoon. Another game will probably be played on the Montavilla grounds in the morning. The game scheduled for last Sunday between the Villas and the Bunker Hills was called off on account of rain.

After an extended trip through the far east, Robert J. Cook, the famous Yale oarsman and coach, inventor of the "Bob Cook stroke," has returned to this country. It is believed Mr. Cook while abroad talked over the plans for an international boat race between the winner of the Yale Harvard and Oxford-Cambridge boat races.

It is practically settled that an international track and field athletic meet between Yale and Harvard, representing America, and Oxford and Cambridge, representing England, will be held some time in July. The principal point which remains to be settled is the status of the Rhodes scholars at Oxford.

The English universities are not disposed to permit them to be barred from the contest. They declare that these men, even if they are Americans, are bona fide undergraduates and therefore should by rights be included in the athletic assets of their alma mater. The exact date of the meet also remains to be settled. As academic duties are not finished at Oxford and Cambridge before the end of June, it will not be likely fixed before late in July or early in August.

Itching, bleeding, protruding or blind piles yield to Don's Ointment. Chronic cases soon relieved, finally cured. Druggists sell it.

\$1.00 for men's \$2.50 white and fancy vests, the Chicago Clothing Co., 69-71 Third street.

PORTLAND AUTOS TO RACE UPHILL

Dealers' Association Arranges a Climbing Contest for the Eighth of June.

GRADE WILL AVERAGE ABOUT EIGHT PER CENT

Finish to Be at Mount Zion School-house, Convenient Spot for Spectators—Decoration Day Race Meet Is Off—Notes of Auto World.

The Portland Auto Dealers' association will have a hill-climbing contest on June 8. A committee of the dealers took a run over the hills yesterday and selected the route. The climb will be over a road with a grade averaging about 8 per cent. The start will be at Scholl's Ferry, in Washington county, and the finish will be at the Mount Zion schoolhouse, two and a half miles away. The schoolhouse is only about a quarter of a mile from the end of the Portland Heights carline and those who wish to see the finish can easily do so by walking a short distance from the end of the line. The contest promises to be an exciting one, as many of the dealers will enter cars. It will probably be held in the afternoon.

The route has several extra dips and a difficult horseshoe curve, which will insure the most thorough test of the hill-climbing ability of local machines.

Dealers' Race Meet Off.

The dealers' race meet, which was scheduled for May 30 at the Irvington track, has been postponed on account of the probable sale of the track property. The Barney Oldfield racing meet, which was planned for June 16, will not take place for the same reason. It is believed, however, that the business deal will be straightened out within a few days and that the track can be secured for the later date. The dealers now contemplate holding their races jointly with the Ford Motor Club.

The run to Latourelle Falls, which was postponed last Sunday on account of bad weather, will be taken next Sunday. During the week arrows will be placed along the route by George Kleiser so that none of the motorists may miss the road. The distance to Latourelle Falls is 25 miles.

Enough entries already are in prospect to insure the success of the "sealed hood" contest, scheduled for June 19-22 by the Automobile Club of America; but no great number of assorted cars is in prospect. The conditions for the contest promise to make it rather exclusive. James Joyce, father of the "sealed hood" idea, showed his sincerity by being the first entrant with a 40-horsepower Berliet. He says that a truly good car should have no trouble in running three days without having to lift the hood, and that this is the sort of a test that should be provided for high-grade cars.

Under an amendment to the by-laws joints the American Automobile association a club of 100 or more members which can organize as a state association. This the Colorado Automobile club has done, it being the only club in the state.

How lacking in observation of detail is the average person is shown by the fact that all air-cooled cars bear an obvious sign of their character which is unknown to many. In illustration: A man who has been a motorist for years sat in a clubhouse window and asked of a companion: "What car is that?" The machine in question was standing nearly 100 yards away. The one interrogated replied: "I can't tell what make it is. I think it's a Corbin, but I know it is an air-cooled car." The veteran came back at him quickly, asking how he could tell it was an air-cooled car at that distance. The observing one answered: "Because it has no water cap on top at the front end of the hood."

\$8.75 for Men's \$15 Suits.

At the Chicago Clothing Co., 69-71 Third street. You should go there before thinking of buying elsewhere.

If energy and ambition are lacking

If the mind is dull, inactive or depressed and trifling annoyances irritate and exasperate, then the LIVER is in trouble. The system is clogged with undigested and decaying food.

DeCastro's Sacred Bark Tea

Is the best remedy for LIVER troubles. It increases both energy and ambition and induces healthy sleep. It is THE BEST SPRING MEDICINE.

"THE survival of the fittest" is perhaps truer of cigars than of anything else. Only cigars of genuine value and fine quality can survive competition year after year. New brands may be good but old brands you are sure are the best you can get.

Chancellor CIGAR

"Oldest and Best"

For over thirty years this has been the best product of an old established factory,—always one of the best known and most popular high-grade cigars offered the public. Made in various sizes, sold at 2 for 25 cents, 3 for 25 cents and 10 cents straight.

We regard the Chancellor as being such splendid quality as to deserve the distinction of the merit mark—which we have placed on it to identify it with the brands that benefit by our modern manufacturing methods.

111-113 BROADWAY, PORTLAND, OREGON

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Barham Testifies After Four Years.

G. B. Barham of Corville, Ore., N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay, cured, and I am recommending Foley's Kidney Cure to all suffering from kidney or bladder trouble."

Two Sizes, 50c and 100c. SOLD AND RECOMMENDED BY ALL DRUGGISTS.
