

LINCOLN'S BIRTHPLACE TO BE NATIONAL PARK

Prominent Americans Form Association With Purpose in View of Making Memorial Garden Spot of Old Farm Where President Was Born.

A Birdseye View of the Lincoln Birthplace Farm as it Will Look When Developed by the Lincoln Farm Association.

By Richard Lloyd Jones. The Lincoln farm association was organized and incorporated under the laws of the state of New York early in the month of February, 1906, by a group of patriotic citizens, who believed that the people of our country should, through affiliating with this organization, develop the farm in Larus county, Kentucky, on which Abraham Lincoln was born, into a national park.

poration, acquired the title to this historic farm, consisting of 110 acres. The association hopes to develop this property into an attractive park, embellished by historical museums and properly monumented so that it may be complete for dedication on the 18th day of February, 1908, which will be the centennial of the birth of the great president. The association has already recovered the cabin in which Lincoln was born, which was taken from the property some years ago by a speculative showman, who put it on exhibition at several of the prominent fairs throughout the country.

The Lincoln Farm association believe that the work of building this farm into a national memorial should be accomplished by the American people, and not through any appropriation from congress, or through the subsidy of large private fortunes. It should express the democratic sympathy and loyalty of the American people for and to this great president, who has so fittingly been called the "first American."

Subscriptions Limited.
The Lincoln Farm association is an organization of American citizens to which every one shall be entitled to membership who contributes through the general fund for the preservation of this historic spot, any sum not less than 25 cents, nor to exceed \$25. Every such subscriber shall be recorded in the membership and catalogues which will ultimately rest in a place of honor and of public access in one of the historic buildings to be erected on the farm. Each subscriber shall receive, immediately upon receipt of his donation to the work of the association, a handsome engraved certificate of membership in the Lincoln Farm association, bearing on its face a portrait of Lincoln, a picture of the cabin in which he was born, and of the White House at Washington. It will also bear the member's name and the autographs of the officers and trustees of the association.

The board of trustees of the Lincoln Farm association were organized through this movement because they believed that the most valuable assets of any nation are the traditions, the sacred associations and the shrines made holy by the accumulated wisdom which successive generations bequeath them. George Elliot said: "No nation has ever become great without holidays and processions dedicated to the noble." The United States as yet is not rich in this direction. This is not wholly on account of its youth, but on account also of the indifference to spiritual welfare which has characterized a youth unenriched of material plenty and drunk with the prosperity that comes from the easy conquest of fertile acres and exhaustless mines. American youths have turned long eyes toward the holy places of Europe, and visited the birthplaces of Robber, Burns and Schiller, the tombs of Walter Scott and Victor Hugo, and the millennial monument of King Alfred at Winchester; while the birthplaces of our matchless American—the strong-handed, clear-headed and great-hearted Lincoln—has been left, after its acres have been impoverished by careless tillage, to become a humiliation to the poet and historian, and the best of risks to the irreverent. Pigs and cattle have reduced the basin of the beautiful spring to a mud-puddle; vandal hands have carried off the humble cabin wherein a giant soul was born; and utter neglect surrounds the first home of the great American "Man of Sorrows."

The Story of a Medicine.
Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.
Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.
A glance at the full list of its ingredients, printed on the bottle wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the highest endorsement from the leading medical authorities, and are written on *Nature's Medicine* which recommends them as the very best remedies for the diseases for which "Golden Medical Discovery" is a specific.
A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, angina, or laryngitis, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the ailments that lead up to consumption, if taken in time.

The Benjamin Standard Sack Suit

While designed for men who are conservative in their dress, The Benjamin Standard Sack Suit clearly defines all the style features that the best dressed men in New York demand in their clothes.

This model particularly lends itself to the staple blue or black serge suit that every man considers an essential in his wardrobe.

But we have not confined the lines we display to solid colors alone.

This suit is also made in Cheviots, Worsteds, Cassimeres and the very popular shades of Havana Brown as well as in a diversified assortment of fashionable gray colorings in both stripes and plaids.

But the prices are altogether modest. These suits range in price from

BROWNSVILLE MOURNS MRS. STEWART'S DEATH

(Special Dispatch to the Journal.)
Brownsville, Or., May 23.—Mrs. Caroline M. Stewart, wife of Mr. C. V. Stewart of this city, whose death occurred May 15 at the Kelley hospital after a long and agonizing illness, was born at Alton, New York, August 2, 1847. Her maiden name was Davis. She was married to Mr. Stewart at Linton, Michigan, in October, 1865. They moved to Arboville, Nebraska, and in 1880 came to Oregon, locating in Eugene. Soon after they moved to this city. Two children were born to them—Mrs. A. L. Piper of Bradshaw, Nebraska, and Earl Stewart of Lents, Oregon. Mrs. Stewart was a member of the Cumberland Presbyterian congregation of Eugene. The funeral took place from the home with services conducted by Rev. W. H. Myers. Interment was in the Masonic cemetery.

FRANK L. SMITH MEAT CO.

"FIGHTING THE BEEF TRUST"
QUALITY IMPROVED—The warm, moist weather of the past few weeks had put the grass a-growing, and the cattle are coming in as fat as butter. WE GUARANTEE that every pound of meat that leaves SMITH'S market will be as tender and as sweet and juicy as meat can be—WE GUARANTEE IT.

There isn't a nabob on Nob Hill, nor Portland Heights, nor King's Heights nor Irvington, nor in any other part of the city where nabobs do congregate, who can find anything better than SMITH'S Prime Rib Roast Beef at 10¢ a pound. The Beef Trust market charge about 18¢ a pound for it. Sit the table, follow the crowd to SMITH'S and buy SMITH'S meat, WITH A GUARANTEE THAT THEY ARE PERFECT AND WEIGHED ON CORRECT SCALES.

Loins and Rib Veal Cutlets..... 12½¢

EVERYTHING ELSE IN THE MARKET AT SMITH'S USUAL LOW PRICES.

There will be plenty for everybody. Two carloads. They are milk-fed; they are the cream of Springtime veal.

Patriotic Citizens.
The historic ground will be owned and cared for by the Lincoln Farm association's self-supporting committee of citizens. To them will be entrusted the expenditure of the subsidy which the members of the Lincoln Farm association should raise. Lying as this farm does, almost at the center of our population, it will ever be the most accessible and in many ways will be the most attractive of our historic parks. It will be the most significant and the most useful as a common ground, preserving the large industrial development growing out of the political harmony of 80,000,000 of people—a great national school of peace, civic righteousness and unity, a museum of national loyalty, where all animosity will forever be buried and where north and south will find a common ground of pride.

Officers and Trustees.
The officers and board of trustees of the Lincoln Farm association are as follows:
Joseph W. Folk, governor of Missouri, president; Joseph H. Choate, ex-ambassador to England; Henry Watterson, editor Louisville Courier-Journal; Cardinal Gibbons, archbishop of Baltimore; Edward M. Shepard, lawyer and author; August Belmont, director of the Louisville & Nashville railroad; Horace Porter, ex-ambassador to France; William Travers Jerome, district attorney of New York county; Jenks Lloyd Jones, director Lincoln Center, Chicago; Charles A. Towne, congressman from New York; William H. Taft, secretary of war; Lyman J. Gage, ex-secretary of the treasury; Norman Hapgood of Collier; Ida M. Tarbell, biographer of Lincoln; Samuel L. Clemens (Mark Twain); Augustus Saint-Gaudens, sculptor; Albert Shaw, editor Review of Reviews; Thomas Hastings, architect; Robert J. Collier of Collier's; Clarence E. Mackay, president Postal Telegraph & Cable company, treasurer; Richard Lloyd Jones, secretary.

The office of the association is at 74 Broadway, New York.
