

WATER RUNS IN KLAMATH DITCH

Not Officially, Perhaps, but It Will Make Wet Spots Just the Same.

SCHEDULE THREE TUNNEL TO BE READY THIS WEEK

Contractors on Schedules One, Two and Three Checking Up for Classification—Water Users' Association May Bid on Work.

(Special Dispatch to The Journal.) Klamath Falls, Or., May 28.—Water is now flowing in the big irrigation canal in Klamath county. Without ceremony or celebration the water was turned on. The work on the first unit is not completed and the water is not flowing through the tunnel. Mason and Davis, contractors, have notified the government of the completion of schedules 1 and 2. Schedule 1, which includes the tunnel, will be ready this week. The old Ankeny canal is being utilized and empties the water into the big ditch below the tunnel. There is a dispute between the contractors and the government as to compensation for some of the work done, they not agreeing to classification. The contractors are prepared to defend their cause and have two expert engineers going over the work marshaling data on the classification. **Water Users May Dig Ditches.** It has been proposed by members of the Klamath Water Users' association that they undertake the construction of the ditches, dams, etc., in connection with the federal reclamation project. At an informal meeting of the members in and around Merrill they voted unanimously to undertake the work. It is

stated that the work can be done as cheaply and the association would be saving the contractor's profit by entering the field themselves as contractors. J. Frank Adams of Merrill, a man of wide experience and knowledge of conditions in this county, proposes the scheme. It will be necessary to gain the consent of the majority of the stockholders also to remove any legal difficulties that may arise. Project Engineer Murphy, of the reclamation service, states that the matter rests entirely with the Water Users' association; that their bids would be received as though they were from private contractors. The association has the matter now under consideration.

NEBRASKA GOVERNOR IS COMING TO PORTLAND

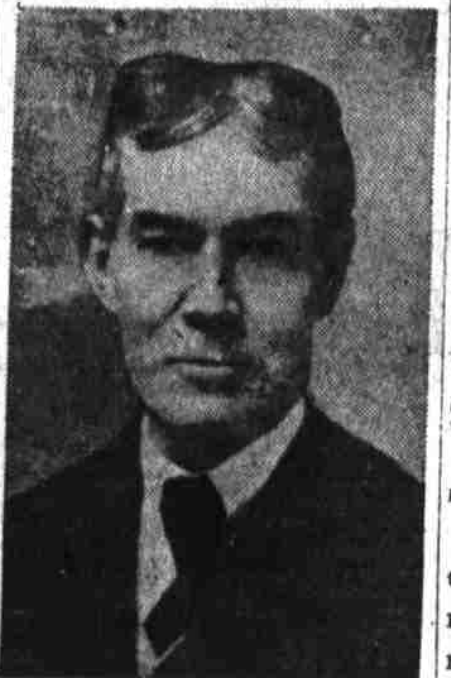

Omaha Business Men Plan a Junket to Ross City for Promotion of Fellowship.

Eighty-four Nebraskans, headed by Governor George L. Sheldon, will leave Omaha the first of the month to visit Portland, shake hands with the business men here and make shorter the 2,000 miles which separates the two cities. Word has been received by Secretary Giltner of the chamber of commerce from Commissioner J. M. Gould of the Omaha board of trade concerning the members of the party and their trip. All of the largest business firms in Omaha will be represented by the business men who arrive in Portland June 9. The guests will be entertained here and will be taken to various points of interest about the city. The Commercial club will tender them a reception and dinner at 1 o'clock Monday, June 10. They will resume their journey southward that afternoon. Sunday morning breakfast had been offered by the chamber of commerce, but it is not likely that the invitation will be accepted. Mr. Gould advises that the members of the excursion will be too tired after a strenuous week of travel to rise early Sunday morning even to partake of a carefully prepared meal.

MARSHALL NOW BANK EXAMINER

Well Known Former Portland Baseball Fan Given State Position in Nevada.

J. P. ("Jack") Marshall, ex-baseball magnate and one of the best-known and most popular residents of Portland, has been appointed state bank examiner for the state of Nevada. The appointment

Jack Marshall.

came to him as a complete surprise, as he had not made application for the place, and had not been actively engaged in Nevada politics. Mr. Marshall left Portland three years ago for the Nevada mining country, and located at Goldfield. He immediately engaged in mining and now owns some valuable prospects, one of which he has bonded for a large sum and expects to close the deal in a short time. He has recently purchased a home at Goldfield, and Mrs. Marshall and daughter are preparing to join him there, and will make Nevada their home.

RUSSELLVILLE GRANGE WILL BUILD NEW HALL

Members Decide to Purchase a Lot and Erect Their Own Building.

Saturday evening Russellville Grange, No. 353, Patrons of Husbandry, held an interesting session. Four applications were balloted upon and one new application received. The fourth degree was conferred upon five candidates. It was decided to purchase a lot across from the Russellville school and erect a hall. A series of ice cream parties has been arranged to be held on the third Saturday of each month. This is called the "Kid" grange, because the membership is made up principally of young people. It has 125 members. John Weibull, member and Miss Martha Jensen, secretary. The attendance averages about 70. Meetings are held on the second and fourth Saturday evenings of each month. The members have arranged for a trolley ride to Eagle Creek, June 2.

JOHN YOUNGER, MINER, DROWNED IN POWDER

(Special Dispatch to The Journal.) Baker City, Or., May 28.—The body of a man was found in the Powder river just north of the business section yesterday afternoon. Coroner Ison investigated and the body was identified by Patrolman Tod Merwin as that of John Younger, aged 70, a miner of Sparta, who came here about two weeks ago and had not been seen nor heard of since Monday morning. Word was received from Sparta Wednesday to search for Younger. Younger was a heavy drinker and it is supposed that while intoxicated he attempted to cross the bridge and fell into the river. His body was found about a quarter of a mile below the bridge. It bore no marks of violence. A few slight bruises were on the head, easily accounted for by the fall and the drifting of the body. Foul play is not suspected. Younger had no family or any known relatives in this part of the country. He claimed to be a cousin of the famous Younger brothers, the Missouri outlaws. He had worked in eastern Oregon for the past 30 years and bore a good reputation.

Building Permits.

G. Balliet, one-story dwelling, East Twelfth street between Shaver and Mason, \$1,800; Dohm, two-story dwelling, East Salmon between East Fourteenth and East Fifteenth, \$2,500; H. H. Childers, repairs, one-story dwelling, Grand avenue between Shaver and Mason, \$75; J. W. Aldrich, two-story dwelling, East Thirtieth between Belmont and East Morrison, \$250; A. W. THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of **The Well Informed of the World.**

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of **Known Quality, Known Excellence and Known Component Parts** and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

MAKES ANY FLOOR LOOK LIKE HARDWOOD

Rogers Stainfloor Finish will transform any old floor into an exact imitation of any hard wood and produce a surface that is hard, elastic, tough and beautiful. It possesses a high luster, but is not slippery. Needs no wax, oil, shellac or preparation of any kind to keep it in first-class condition. Oil catches dust and germs, soils the clothing; wax is greasy and slippery—makes walking uncomfortable. Floors stained with Rogers Stainfloor Finish do not scratch, mar or show heelmarks—not affected by water—damp cloth will clean it—wears like rubber. No mixing or muss with Stainfloor; comes ready for use; easily applied; dries overnight. One gallon will cover 300 square feet of floor and costs \$2.75. Eight choice colors. Drop us a postal card or telephone Main 2023 and we will send booklet called "Care of Floors" FREE.

We Sell Everything you Need to Paint with.

"The Eilers Way"

The Way of Highest Merit

A PIANO is the most costly single piece of furniture in the home, almost without exception. The importance of a satisfactory selection needs no emphasizing. The great majority of purchasers must rely upon the reputation of the maker and seller as to quality and value. Here, then, the advantage of choosing from the incomparable line of highest merit, and dealing with the House of Eilers—the House of Highest Quality—is readily apparent.

The World's Greatest Three
Weber Chickering Kimball
The Weltemignon Piano
The Pianola Piano
Church and Home Organs

COLUMBIA AND VICTOR PHONOGRAPHS LARGEST STOCK OF RECORDS ON COAST

We do not confine you to the production of a few factories, but offer over thirty of the best makes in the world, headed by the greatest three of all—Weber, Chickering and Kimball—from which you may choose the one appealing most strongly to your individual preference—as you might between Wagner, Beethoven or Chopin. We enable you to make your selection entirely unhampered, from the best instruments known to the piano trade—from those makes which have achieved greatest perfection and distinction, the products of the recognized master builder, demonstrating them all, showing the merits of each and leaving the final decision to you.

That is the way of Highest Merit—giving you the greatest possible latitude in your choice, assuring satisfaction, regardless of the particular make you may select—and more than that, giving you the best value for the amount you pay. It is the ability of the House of Eilers to sell not only the best quality at each price, but to sell at the lowest price, and upon the most convenient terms. The Eilers Way is not only the Way of Highest Merit, but the money-saving, easy-buying way—the popular way.

(Special Dispatch to The Journal.) Klamath Falls, Or., May 28.—Construction Engineer H. P. Hoey and Contractor Ericson of the firm of Ericson & Peterson have been in Klamath Falls from Grass Lake, the present terminus of the California Northeastern railway. They stated that the railroad is building very rapidly now, and that Dorris, the new town in the north end of Eute valley, will be reached before Christmas.

The people of Picard, two miles from Dorris, will move to Dorris and as a Christmas present will receive the railroad and be a full-fledged railroad town. Stores and houses will be moved and Dorris will be an important point between Klamath Falls and Weed.

The ninth annual convention of the Illinois State association of the National Association of Letter Carriers will be held at Quincy May 27. The fifth annual convention of the New Jersey association will be held at Montclair May 30.
