NOTES OF THE GAME

The visitors made three great grandstand catches yesterday. "Brick" Devereaux started it in the fourth by
sprinting 40 yards for a foul and freezing onto it at top speed. In the sixth
a long line bolt by Donahue should
have hit the green, but it didn't. Leftfielder Smith loped forward and shot
out a gloved hand in time to stop its
cannon-ball flight. He couldn't reach
it with two, but one was enough, as
it proved. The third thriller was done
by "Heinie" Heitmuller, the former
Berkeley football hero, out in right field
in the seventh. Kinsella biffed out as
pretty a one as ever was seen. The
fans howled, for it looked good for a
double. "Heinie" ran hard and tackled
it with the tips of his left fingers. it with the tips of his left fingers Another one-hand catch.

and Califf are programmed to organization of the first and second games, respectively, of today's double-header. For Oakland, Cates and Beidy will be on the firing line. Moore will catch both games for Portland and Bliss will receive in both for the visitors.

Has hopes of this event, a Oregon team is threatening.

WHITMAN ATHLE CAPTAINS REEI

The Commuters average the heaviest layers in the league, and this year hey might well be named the Giants. Bigbee, their first baseman, a husky lad, is, nevertheless, about the lightest in the bunch. The Beavers are the Pigmies—with Shinn, Schimpff, Bassey, Casey and Lovett.

The attendance at yesterday's ball game was the lightest yet—even lighter than during the rainy days of the first week. A losing team is the poorest investment there is in baseball. It would be so, even if the players paid their

WASHINGTON HOPES TO WIN SEVERAL FIRSTS

Holdman, Pole Vaulter, and Vernon and Parker, Distance Runners, Are Expected to Score.

(Special Dispatch to The Journal.) Scattle, May 30.—It looks very much as if Oregon will take at least a good half of the points in the big intercollegiate meet at the State university campus this afternoon. Washington

should take second place over Idaho. Holdman, in the pole vault, and Vernon and Parker in the long runs, look to have the best chance of winning their events of any of the Washington men. Holdman has a mark of 11 feet inches in the vault and Parker can go pretty close to two minutes in the half mile. Oregon has a good vaulter, how-ever, and Matthews and Edmundson of the Idaho team will make Parker and Vernon travel to win. Had Oregon strength in the distances that she has in all other events there would be noth-ing at all to the meet.

Kelly, of course, will be the feature of the meet. Aside from the appearance of the sensational Oregonian, interest centers in the relay race. Washington has hopes of this event, although the

C. A. building, Fourth and Yamhill boys to make a suitable and commodious ball park. Work has already been

commenced on the site to get it ready for the coming games the club has scheduled. A grandstand and bleachers will be built, and an admission fee charged. The club will also have a refreshment stand on the ground for the accommodation of the fans. The location of the new grounds is much nearer the city and easier of access than the old park at the schoolhouse, and in the future attendance at games will be larger, as the club will be in a position to cater to the wants and comfort of its pairons.

HARVARD-CORNELL BOAT RACE TODAY

(Journal Special Service.)
Ithaca, N. Y., May 30.—Many athletic enthusiasts and college men have arrived here to witness the annual boat race between the crews of Harvard and race between the crews of Harvard and Cornell to take place late this afternoon on Lake Cayuga. The start will be at 5:30 o'clock and the race will be rowed over the regular two-mile straightaway course. In view of the fact that the red and white has been victorious in both of the previous races and the further fact that the crimson met defeat a short time ago by Columbia, it is but natural that Cornell should be the favorite in today's contest. Harvard is vorite in today's contest. Harvard is not without her supporters, however, and the general opinion is that the
