DAVIS MONUMENT UNVEILED TODAY

Closing Day of Confederate Reunion at Richmond Is Made Great Event.

THOUSANDS OF PEOPLE WITNESS BIG PARADE

Vast Concourse of Admirers Assemble to Pay Tribute to Memory of President of Confederate States—Veterans Cheered by Crowd.

(Journal Special Service.)
Richmond, Va., June 3.—This was the closing and crowning day of the most successful reunion ever held by the Confederate veterans—the day of the big parade, followed by the unveiling of the Jefferson Davis monument. The day was a holiday in Richmond, public buildings and stores closing at noon for the remainder of the day. Thousands of visitors, coming for the sole purpose of seeing the old soldiers, were added to the multitude already on the streets.

The start of the parade was made shortly before noon. General Slight Bolling, marshal of the day, and staff, preceded by mounted police to clear the way, led the procession. The route led through Ninth, Grace, Fifth and Franklin streets, passing in review at the Davis monument. The line of march was a packed mass of humanity. The crowd was far and away the largest that the ancient capital of the Confederacy has ever entertained. Windows were bright with the faces of women and girls, with waving handkerchiefs and flags; the sidewalks were almost impassable by reason of the congestion.

With their blood stirring to the same old air which bade them do and die for their cause in the '60s, the veterans marched through the streets, the object of a wildly cheering throng's enthusiasm. At the head of the procession rode General Stephen D. Lee and his staff. The erect figure, the alert eyes and the short white beard of the commander-in-chief were well known to most of the spectators and he was greeted with cheers all along the line. The distinguished guests rode in carriages and then came the veterans, arranged according to departments, including Texas, Tennessee, Trans-Mississippi, Missouri, Arkansas, Indian Territory, Oklahoma, Pacific Division, northwest division and Virginia.

TO INVESTIGATE PANAMA MORALS

Miss Gertrude Beeks Will Probe Rumors of Vice From Canal Zone.

(Journal Special Service.)
New York, June 3.—Washington will be the scene of a great gathering of the National Civic Federation the coming fall, to advocate for better conditions for government employees, according to an announcement made today, and the secretary of the federation, Miss Gertrude Beeks, will leave soon for the canal zone to investigate the immoral conditions said to exist there. Miss Beeks' trip and the coming meeting at Washington have the endorsement of Secretary Taft.

The chief object of the Washington meeting is to better the condition of government employees and agitate the pension question. A committee appointed to carry on this work met in Washington last week to perfect arrangements. The chairman of the committee is Secretary of War Taft, and vice chairman are Governor Beckham of Kentucky, Mayor Guthrie of Pittsburgh and Postmaster Wilcox of New York. There is also a sub-committee composed of states and municipal officials, who have to do with working conditions of public employees. A statement given out by Secretary Beeks today charges that government buildings at Washington and elsewhere and many state and municipal offices here and in other parts of the country are maintained in an unsanitary condition and improvement is to be urged for the sake of the health of the employees.

CHICAGO MARRIAGE MARKET IS ACTIVE

(Journal Special Service.)
Chicago, June 3.—Yesterday was an extremely busy day for preachers, cab drivers and florists. The first crop of June weddings was enormous. Saturday license clerks were swamped, 110 licenses being issued in the first two hours. The average for the day was a license every minute. New records would have been established but for the fact that it was only a half day at the city hall, and the license bureau closed promptly, inasmuch as there was a ball game in town and lots doing otherwise.

All of yesterday cabs and automobiles hustled up and down and around the streets, all bearing pretty girls, great quantities of roses, new suit cases, and all the impediments of the newly wedded. Outgoing trains also carried their quota, while ministers and judges found their salaries considerably augmented at the close of the day.

KEEP COMMISSION TO APPROVE NEW SCHEME

Opposition Is Expected From People Who Do Not Realize That the Employees Do Hard Work for Very Small Pay.

(Washington Bureau of The Journal.)
Washington, June 3.—Secretary Garfield of the department of the interior made the positive announcement to The Journal correspondent today that the Keep commission, of which he is a member, will recommend to the congress at the coming session the adoption of some system of pensioning government employees who have grown old in the service and who to the last have maintained records of good conduct and efficiency.

"The commission is not prepared at this time to indicate exactly the character of the measure it will recommend. Perhaps it will be in the nature of an annuity, but the details must be worked out later to enable the members of the commission to determine what they believe would be wise. Whatever be the result of the future deliberations of the commission, the recommendation will be vigorous and will be made to meet the obvious demand for some solution of the problem of what to do with the worn-out clerks."

It is realized that any proposal to pension government clerks will meet with opposition by many members of the congress. It is the intention, however, to strive to enlighten the people as to the facts and justify the adoption of some plan to relieve the situation.

"I am on record," Commissioner Ballinger of the general land office said, "as being in favor of pensioning government clerks, and believe that in the increased efficiency such a plan would bring to the service, the people would really save money."

Many other officials endorse this view. There is talk of an annuity for worn-out clerks, the money to be taken from their current salaries while they are in the service, as some corporations now do. That most of the larger corporations, railroad and industrial, now are working under the pensioning plan, inclines many to believe that the government might be as liberal and just towards its employees.

DRUGGISTS HELD BY PURE FOOD STATUTE

(Special Dispatch to The Journal.)
Olympia, Wash., June 3.—The attorney-general's office has given an opinion to the effect that under the new pure food law every package containing a quantity or proportion of alcohol, morphine, etc., is required to bear a statement on the label indicative of the proportion contained and that there can be no exception made in the cases of compounds made up on a physician's prescription.

The attorney-general also holds that druggists will be liable for the payment of the new state license fee of \$25 under the new law, notwithstanding they pay a government license which authorizes them to sell liquors.

ASTORIA CONSIDERS CARNIVAL TONIGHT

(Special Dispatch to The Journal.)
Astoria, Or., June 3.—At the regular meeting of the chamber of commerce tonight the question of representation at the Portland rose carnival will be decided, also the appointment of delegates to the annual convention of the Oregon Development league. Manager Whyte of the chamber will deliver an address before the Admen's league at Portland Wednesday evening.

How to Exercise the Bowels

YOUR intestines are lined inside with millions of suckers, that draw the Nutrition from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles and weakens them for their next task.

Another remedy is to take a strong "Physic," like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

This merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

Cascarets are the only safe medicine for the bowels.

They do not waste any precious fluid of the Bowels, as "Physics" do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel-Muscles to do their work naturally, comfortably, and nutritiously.

They are put up in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time.

The time to take a Cascaret is not only when you are Sick, but when you first suspect you need one. Price, 10c a box.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." All druggists.

DEAF MUTE'S BREACH OF PROMISE.

From the London-Express.
What is believed to be the first breach of promise case in which both parties are deaf and dumb is down for hearing before the Johannesburg high court.

The plaintiff is a pretty Boer girl and the defendant is a son of the proprietor of the Grand Station hotel, Johannesburg.
