650 PLURALITY FOR HARRY LANE

TRIUMPH OF MAYOR COMPLETE

Glorious Victory Won by the People Against Tremendous Odds in Smashing the Most Elaborate Machine Ever Constructed Here.

Count Complete in All But One Precinct and Partially Complete in This—Result Cannot Be Changed Materially.

Mayor Lane is reelected by approximately 650 votes. It was a gallant victory, won against tremendous odds. His opponent was backed by the most perfectly organized machine the city has known, with unlimited money...

Results are complete with the exception of one precinct on the east side—precinct 39, where there are 91 votes to count. Taking the partial count of this precinct and the completed count in every other precinct in the city, Lane has a majority of 473. The uncounted votes in precinct 39 cannot change the result.

Lane owes his election to the east side, as was the case two years ago. Devlin carried the west side by 1218, nearly four times the majority which it gave Williams in the last election. With returns incomplete from two precincts, the east side gave Lane in the present election a majority of 1890, or about 250 more than two years ago.

The total vote cast for Lane and Devlin was 16,503, approximately two thirds of the total registration. The party who were unwilling to vote for Devlin yet averse to scratching the party who were unwilling to vote for Lane in the residence districts on both sides of the river, Devlin's greatest strength, as The Journal repeatedly predicted would be the case, was in the north end and in the lodging house districts of the business section of the city...

(Journal Special Service.) Tokio, June 4.—Opposition newspapers quote Count Okuma as urging the concentration of Japanese national efforts toward the settlement of what is known as the San Francisco question. He asserts that Japan should demand public apology from the mayor of San Francisco, and also that the Japanese should receive treatment similar to that given Anglo-Saxons in the United States.

(Special Commissioner for Denver Post and Oregon Journal.) Boise, Idaho, June 4.—Three by the clock on Monday afternoon in the courtroom at Boise, Idaho, but for the spinning whisper of the electric fan on the gray ceiling. The canvas sun hoods veil the open windows and the light filters through them from behind the green, screening branches of the flanking trees.

PEOPLE CLEARLY OPPOSED TO CORPORATIONS

Mayor Lane Considers His Election a Great Victory for the Masses.

Mayor Lane is thankful to the people of Portland for their indorsement of him by his reelection, and states that he desires through the press publicly to thank his friends and supporters for their assistance and suffrage. "If it is true, as the present reports indicate, that I am elected," the mayor said, "I consider it to be a great victory, not for myself personally, but for the people. It is a victory in which I think the people clearly express themselves as being opposed to the rule of the interests, partisan dominion or the grasp of the predatory corporations. It is an expression of the people to the effect that they desire an administration which will carefully guard their property interests and public rights against the attacks of the franchise grabbers and other corporate influences which in the past have robbed them."

Always in the Lead!

The result of the election was first given to the public by a Journal extra at 10:30 o'clock last night. The only authentic bulletins of the election were posted by The Journal and a huge crowd surrounded the office until early this morning. The Journal is the only newspaper in Portland that participated in the campaign or printed campaign news, or had enterprise enough to flash returns. The Journal won its fight for good government and good citizenship and helped elect Harry Lane. The Journal is THE newspaper of Oregon.
