EDWARD POND IS DEEP IN DEBT

(Journal Special Service.) San Francisco, June 4.—Liabilities estimated at \$75,000 are given as the reason for the disappearance of Edward Pond, a prominent young clubman and son of former Mayor Edward B. Pond, who has been missing two weeks.

Among the heavier creditors are G. M. Josselyn & Co., 106 Main street, and the Leslie Salt Refining company.

Pond's failure, his friends claim, was caused by a general decline in values of fish products, coupled with heavy losses resulting from the fire last year.

Big European Banquets. The 1906 club banquet to the colonial ministers at the Albert hall, with its 1,800 guests, is certainly of imposing scale, but it is scarcely, as stated by a contemporary, the "second largest on record."

Some years ago the late Lady Burdett-Coutts feasted 2,000 people at her house at Highgate, King Edward being among her guests.

But even such gargantuan feasts cannot compare with the banquet in 1889 at the Palais de l'Industrie, Paris, which was enjoyed by 13,000 mayors of French towns.

Deer in the Foothills. From the Anaconda Standard. Just now the deer are all down in the foothills, following their usual custom, and reports from the outlying districts show them to be in greater numbers than usual.

Almost invariably the deer get out of the snow early in the spring and possible and come to the lower lands to fawn, following the green grass and the snow line back into the mountains as the summer progresses.

This was also the habit of the Rocky mountain sheep when that animal was found in abundance in some of the Montana valleys, but of late years few have been seen in the lowlands, although it is an undisputed fact that the number in southern Montana has greatly increased during recent years.

Furnish King Alfonso His Wine. From the London Chronicle. The Gordons are said to have the right to all eternity to supply wine to the royal house of Spain.

Expensive Peace Gnauds. Warsaw Cor. Pall Mall Gazette. Some idea of what it costs to have military protection in Russia can be gathered by the following figures: Prince Naryshkin, whose estates are in Lithuania, near the Courland frontier, is afraid of strikes and riots.

They have already cost him \$2,250 in cash, to say nothing of huge quantities of meat, wood, straw, hay, oats and clover, which he is obliged to give them free of charge.

LITTLE POCKET PHYSICIAN

Hyomel Is Guaranteed to Cure Catarrh. Thousands who have been cured by Hyomel call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hyomel is so readily obtainable.

Do not delay longer the use of Hyomel if you suffer with catarrh. This is a purely local disease, and Hyomel goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent and lasting cure.

The complete Hyomel outfit consists of the "Little Pocket Physician" and a bottle of Hyomel and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh.

We do not want anyone's money unless Hyomel gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

FRED OLSEN'S DAY TO HAVE BAD LUCK

(Special Dispatch to The Journal.) Astoria, Or., June 4.—In two collisions on the Olney road yesterday four men were injured and a horse had two legs broken and had to be killed.

Sparrow and Dog Associates. A curious sight in one of the principal squares in the lower part of town is a stray dog whose constant associate is a sparrow, which seems to have acquired the absurd habit of perching on the dog's head.

The amusing feature of the thing is the solemn quiet with which the dog receives the attentions of its feathered friend, turning its head only when the bird gets upon the end of its nose—a spot which is apparently rather sensitive.

The meeting of the day generally takes place at noon, when the dog has finished foraging for its morning feed and when the bird too is satiated, if sparrows really ever are.

The Irvington Park Investor Receives the Most for His Money.

The short 20-minute ride to Irvington Park is over one of the smoothest suburban lines in the city; the cars are elegant, the service perfect, cars every 10 or 15 minutes.

The Air, the surroundings, the grandeur of the scene, the refreshing sea breezes, the fertility of the soil, the welcome shade of a few choice trees preserved on each lot are enough to cause any one to want to live in Irvington Park.

We Want you to get away from the "cheap lot addition" idea and see this beautiful tract, a strictly homeseekers' paradise, a swell home location where Portland's best people are making preparation to build pleasant homes, after careful comparisons with other tracts, prices and all considered, the wide streets, 100-foot boulevard, handsome shade trees, the reasonable building restrictions (\$1,500), the splendid investment, a certainty of doubling in value in one year, in fact there is no other addition north of Going street on the Columbia river slope that is as accessible or none other in the city half as good that can be bought for \$200 or \$300, 10 per cent down and the balance in payments of \$10.00 per month.
